# Facial cleansing brushes

## Takes care of your skin from within

Deep cleanse and tighten your skin with our facial cleansing brushes. Designed with sonic vibration, automatic soap dispenser and up to 5 modes to suit every skin type and need.

### AUTOMATIC SOAP GENERATOR<sup>1</sup>

## Uninterrupted cleaning

Thanks to the automatic soap dispenser, just add water and your favourite soap or cleansing gel, and you're ready to go! The device automatically transforms it into foam as you use it. Plus, with the FaceCare TotalClean 2in1 model, you can adjust the amount of product by pressing a button to suit your needs.

### SONIC VIBRATION<sup>2</sup>

## Goodbye impurities in one click

Removes impurities, make-up residue and excess oil with a single click. With sonic vibration technology, you can deep cleanse while stimulating circulation and preparing your skin to absorb the products in your skincare routine. Sonic vibration facilitates skin tightening by making it firm from within.

### HOT MODE AND COOLING MODE

## Calm and renewed skin

Achieve deep cleansing with Hot Mode<sup>3</sup>, which opens your pores thanks to its temperature of up to 42°C and red LED light, improving circulation and providing a relaxing and rejuvenating sensation for your face. With Cooling Mode<sup>4</sup>, which reaches 16°C and features blue LED light, you can soothe your skin, reduce inflammation and leave it feeling fresh and balanced.

### EMS MODE<sup>5</sup>

## Reduces expression lines

EMS Mode provides up to 5 levels of microcurrents and red light to stimulate facial muscles, helping to reduce the appearance of fine lines and improve skin firmness.

## 2 INTERCHANGEABLE HEADS

### Customise your cleaning

Two types of cleansing in one product. Choose between two interchangeable heads<sup>6</sup> according to your needs. For gentle and delicate cleansing use the silicone bristle head. If you prefer a deep clean that removes impurities and leaves your skin feeling fresh and renewed, opt for the bristle brush head.

## 3 STEPS<sup>7</sup>

### Cleanses, decongests and regenerates

The ideal set for perfect skin: facial cleanser, eye cream and massager. Removes dirt and make-up residue, combats dark circles with heat and vibration, tones, tightens and moisturises.

# FaceCare TotalClean Soft

FaceCare TotalClean Soft – Ultrasonic facial cleanser with automatic foam generator | Sonic vibration + Firming massage | Food-grade silicone | 60-min runtime | IPX6 waterproof | Speed control

## FEATURES:

Forget about applying gel separately. With TotalClean Soft, simply insert your favourite facial cleanser and the device automatically transforms it into foam while in use. Total convenience and uninterrupted cleansing! Automatic foam generator.

Thanks to its sonic vibration technology, this device deep cleanses, removing impurities, makeup residue and excess oil. Additionally, its soft filaments stimulate circulation and prepare the skin to better absorb your facial care products. Sonic vibration and facial massage. Every skin is unique. That's why you can adjust the vibration intensity to personalise cleansing according to your skin's needs: from gentle to more intense cleansing, you decide. Adaptable speed control.

With a rechargeable battery offering up to 60 minutes of continuous use, you'll have sufficient battery life for several weeks without recharging. Perfect for daily use or travel. 60-minute runtime.

Made with food-grade Skin-Friendly silicone, gentle on skin and completely hygienic. Non-irritating, antibacterial and easy to clean. Perfect for safe and prolonged use. Food-grade silicone, soft and hygienic.

Besides cleaning, FaceCare TotalClean Soft offers a gentle firming massage that stimulates the skin, helping improve elasticity and prevent sagging with continued use. Firming massage.

Includes smart timer that automatically stops the device after 2 minutes, to prevent excessive use that could irritate skin and help you follow a safe and effective routine. Automatic shut-off after 2 minutes.

Water-resistant with IPX6 certification, use it worry-free in the shower or sink, and easily clean it under the tap after each use. Waterproof IPX6.

# FaceCare TotalClean 2in1 HotN'Cold

Silicone facial cleansing brush with 4 modes: Vibration, EMS, Heat and Cool function, IPX7

## FEATURES:

Provides gentle but effective cleansing, removing impurities and make-up residues while caring for the skin and preventing irritation. High-quality silicone bristles.

This device combines advanced technologies to customise your facial care routine, delivering visible and long-lasting results. With 4 different modes.

The cleaning mode uses silicone bristles with 3 vibration intensities to suit your specific needs, ensuring a deep and revitalising cleansing. Clean Mode.

The heat mode, with a temperature of 42°C and red LED light, improves circulation and offers deeper cleansing, providing a relaxing and rejuvenating sensation. Hot Mode.

The cold mode, at 16°C with blue LED light, soothes the skin, reducing inflammation and leaving the skin refreshed and toned. Cooling Mode.

It offers 3 levels of microcurrents and red light to stimulate facial muscles, helping to reduce the appearance of fine wrinkles and improve skin firmness. EMS Mode.

This facial cleanser is water-resistant, allowing you to use it safely in the shower and integrating it easily into your daily routine. IPX7 rating.

Magnetic battery charging ensures your device is always ready to use, offering convenience and efficiency without tangled cables. 120 min. charging time.

It's easy to take anywhere, allowing you to maintain your skincare routine even when you're on the go. Designed to be intuitive and easy to use, the device allows you to switch between modes and adjust levels with ease, offering a simple user experience. Compact and portable design.

# FaceCare LightSonic

Phototherapy facial massager with blue light and red light, heat, vibration and EMS microcurrent function. It also has a display and is battery powered.

## FEATURES:

3 facial care modes: FaceCare LightSonic has 3 functions for all-round facial care: deep cleansing, absorption and moisturising.  
Heat function: promotes the opening of facial pores with heat and provides deep cleansing of your skin.  
Massage function with red and blue light: increases the cellular vitality of your skin, regenerates collagen and improves its elasticity, achieving an antioxidant and anti-ageing effect.  
Deep cleanses the skin: thanks to ionic technology, you will enjoy deep cleansing and consequently a better absorption of your facial products.  
Tone your facial muscles: the 5 levels of EMS microcurrents of your massager help to improve wrinkles and achieve smooth skin.  
Firms your face: the sonic vibration of the massager helps to tone the skin, firming it from the inside.  
60 minutes autonomy: enjoy great freedom of movement by taking your massager with you wherever you go.  
LCD display: see the selected settings comfortably and facilitate your facial care.  
Ring included: attach the cotton discs to the head and treat yourself with a total cleansing of your face.

# Phototherapy brushes

## Instantly radiant and splendid skin

Combat wrinkles, revitalise your skin and reduce inflammation with our FaceCare Face&Neck Pro and forget about invasive treatments to achieve luminous, radiant skin.

### TIGHTEN MODE

## Firmer skin

Tighten Mode is ideal for stimulating collagen production, reducing fine lines and wrinkles, leaving skin firmer and more youthful, thanks to the heat of its red light, its 5 EMS intensities and vibration.

### BRIGHTEN MODE

## Effortless natural shine

Brighten Mode uses green light, heat, 5 levels of EMS and vibration to revitalise the skin, restoring its natural glow and improving tone uniformity.

### SOOTHE MODE

## Ideal for sensitive skin

With Soothe Mode, which uses blue light, 5 levels of EMS and vibration to calm the skin, you can reduce inflammation and control the excess of sebum. Ideal for sensitive skin or skin prone to irritation.

### CURVED SHAPE AND ALUMINIUM HEAD

## Adapts to your face and neck

Thanks to its curved ergonomics and aluminium head, the FaceCare Face&Neck Pro allows for optimal contact with the skin, adapting perfectly to the contours of the face and neck for effective and uniform treatment. In addition, its silicone body has a very soft feel and is safe for your skin.

### TIMER

## Simple experience

The 6-minute timer and memory function alert you when it is time to change zones every 60 seconds. Perfect for an easy and safe experience.

COMING SOON

## Revitalise your skin at home

Forget about imperfections and combat acne and wrinkles with our FaceCare LED Mask, which will help you achieve smooth, rejuvenated skin.

### BLUE LED LIGHT

## Combats acne

Forget about imperfections thanks to its 415 nm blue LED light, which is specifically designed to treat common acne.

### RED LED LIGHT

## Eliminates wrinkles

Its 620 nm red LED and infrared light helps combat wrinkles and facial imperfections for smoother, rejuvenated skin.

### POLYAMIDE AND SPANDEX

## Soft touch

Its polyamide and spandex inner material offers a soft and pleasant feel. In addition, its ergonomic design and straps allow for a perfect fit.

# FaceCare Face&Neck Pro

Facial phototherapy brush | Face and neck | 3 modes | Red, blue and green LED light | 5 EMS levels | Vibration | Heat function

## FEATURES:

Its curved shape and aluminium head allow optimal skin contact, perfectly adapting to facial and neck contours for effective and uniform treatment.

3 distinct modes combining different types of LED and EMS lights, vibration and heat, each designed to address different skin concerns, ensuring comprehensive and personalised care.

**Lift Mode.** Uses red light, heat, 5 EMS intensities and vibration to stimulate collagen production, reducing fine lines and wrinkles, leaving skin firmer and more youthful.

**Brighten Mode.** Uses green light, heat, 5 EMS levels and vibration to revitalise skin, restoring its natural glow and improving tone uniformity.

**Smooth Mode.** Uses blue light, 5 EMS levels and vibration to soothe skin, reduce inflammation and control excess oil, ideal for sensitive or irritation-prone skin.

With just 5-10 minutes of daily use, you can see visible results in your skin quality, making the Face&Neck Pro an efficient addition to your personal care routine.

Zone change warning every 60 seconds. 6-minute timer and memory function.

The IPX6 rating allows for safe device washing, ensuring hygiene and durability, facilitating maintenance and extending its lifespan.

The Face&Neck Pro's silicone body is soft to touch and skin-safe, providing a comfortable and pleasant user experience.

# **Battery operated facial mirrors**

# The essential part of your daily routine

Discover our FaceCare Mirror range and find the perfect battery-powered facial mirror for your everyday life. Customise your experience with three light colours, different intensities and functions such as a speaker or magnifying mirror.

## BLUETOOTH SPEAKER<sup>1</sup>

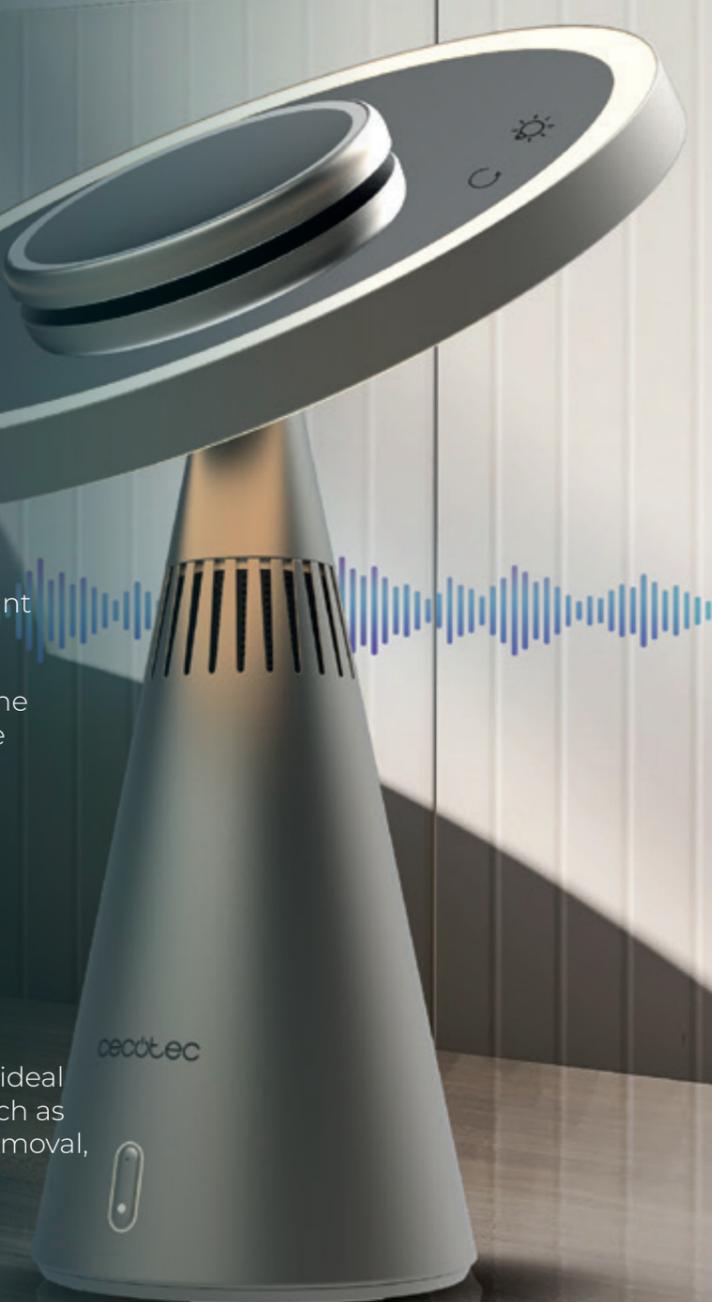

### More than just a mirror

Turn your skincare routine into a pleasant and entertaining experience thanks to its speaker function with Bluetooth connectivity. Connect your mobile phone and press play to listen to your favourite songs while you get ready.

## DUALTECH

### Assured precision

It includes a magnifying mirror<sup>2</sup> that is ideal for tasks requiring greater precision, such as detailed make-up application or hair removal, facilitating professional results.

## LAMP FUNCTION<sup>3</sup>

### From mirror to lamp

Transform the mirror into a functional lamp by simply placing it at a 90° angle. When you do so, the light turns on automatically, providing ambient lighting for your space. This dual function is perfect for saving space and adding practicality to your environment.

## 3 SHADES OF LIGHT

### Adjustable lighting

Choose between warm, neutral or cool light depending on the occasion or time of day and optimally perform your routine. Also, you can select the intensity that best suits your needs.

<sup>1</sup>Available only for the FaceCare Mirror&Sound model.

<sup>2</sup>Magnifying mirror available for the FaceCare Mirror Dual and FaceCare Mirror&Sound models.

<sup>3</sup>Feature available for the FaceCare Mirror Design and FaceCare Mirror&Sound models.

# FaceCare Mirror

Face mirror with different light intensities and shades, and lamp function

## FEATURES:

**Three Shades of Light:** This facial mirror is equipped with three different light tones. You can choose between warm, neutral or cool light, adapting the ambience according to the occasion or the time of day. This versatility allows you to apply makeup or perform personal care tasks in optimal lighting.

**Different Light Intensities:** In addition to the shades, the FaceCare Mirror offers different light intensities. Adjust the brightness to your needs and always get the best visibility without glare. This feature gives you full control over the lighting, allowing you to customise every detail.

**Manual Position Adjustment:** The design of the mirror allows full manual adjustment of its position. This gives you the flexibility to position it according to your needs, always ensuring the perfect angle for any self-care activity.

**Battery-operated:** Forget about cables and enjoy the convenience of a battery-powered device. The FaceCare Mirror charges easily and provides prolonged use, ensuring it is always ready when you need it.

S5102

# FaceCare Mirror Dual

Stainless-steel face mirror with different light intensities and shades, and lamp function

## FEATURES:

**Three Shades of Light:** This facial mirror is equipped with three different light tones. You can choose between warm, neutral or cool light, adapting the ambience according to the occasion or the time of day. This versatility allows you to apply makeup or perform personal care tasks in optimal lighting.

**Different Light Intensities:** In addition to the shades, the FaceCare Mirror offers different light intensities. Adjust the brightness to your needs and always get the best visibility without glare. This feature gives you full control over the lighting, allowing you to customise every detail.

**DualTech:** the FaceCare Mirror includes a magnifying mirror that is ideal for tasks that require greater precision, such as detailed make-up or hair removal, allowing for professional effects.

**Manual Position Adjustment:** The design of the mirror allows full manual adjustment of its position. This gives you the flexibility to position it according to your needs, always ensuring the perfect angle for any self-care activity.

**Battery-operated:** Forget about cables and enjoy the convenience of a battery-powered device. The FaceCare Mirror charges easily and provides prolonged use, ensuring it is always ready when you need it.

S5103

# FaceCare Mirror Design

Face mirror with different light intensities and shades, and lamp function
