1 TO 5 BURNERS

Cook your favourite meals all at the same time

Choose between 1, 2, 3, 4 or 5 burners¹ of different diameters and power ranges to prepare all your recipes to your liking.

UP TO 31.1 KW

Recipes for high heat cooking

With a total power of up to 13.1 kW² and its super-powerful Eternal³ burner, high temperatures are no longer a limitation. Control the flame for every recipe and take every meal to the next level.

3 TYPES OF FINISH

Easy cleaning and elegance for your kitchen

Add a sophisticated touch to your kitchen with any of our finishes: Stainless Steel, Nano Glass and Glass Black. Choose the one that best suits your style, and don't worry about maintenance, as it is very easy to clean.

WOK BURNER

Ideal for stir-fry dishes

Its triple-crown WOK burner allows for even heat distribution. Perfect for cooking Asian dishes and other recipes that require intense, even heat.

ELECTRIC IGNITION

Forget about matches and lighters

Cook quickly, conveniently and safely with its electronic ignition. Simply turn the external knobs to activate the burners, and you're ready to start preparing each recipe.

INDIVIDUAL OR COMPLETE PAN SUPPORTS

Maximum stability and resistance

Complete or individual cast iron pan supports that provide a solid base for your pots and frying pans, withstanding daily use without wear and tear thanks to their height and durability.

INDUCTION AND GAS

Your favourite duo in the kitchen

The best of both worlds: induction and gas in our Bolero Squad GI 3500 Hybrid FullFlex. This combination hob allows you to enjoy the speed and efficiency of induction, together with the versatility and precise control of gas for cooking to your liking.

FULLFLEX

Maximum cooking space

The FullFlex Zone allows you to cook with cookware of any size, as it automatically adapts to the surface of the cooking utensil. This flexibility maximises cooking space and gives you complete freedom to prepare even bigger meals.

9 SPEEDS + BOOSTER FUNCTION

Customised cooking

3500 W of power so you can choose the right setting for your recipe and achieve the perfect result. What's more, you can speed up cooking with the Booster function so you don't waste a single minute.

KEEP WARM AND STOP&GO

Convenient cooking

With the Keep Warm function, you can keep food at the ideal temperature until it is time to serve it, and the Stop&Go function allows you to pause and resume cooking without losing the programmed settings.

BOLERO SQUAD G 5850F NANO GLASS STELLAR

Cook everything to perfection

Power, precision and convenience with every recipe. Its 5 cooking zones, featuring the Stellar burner, allow you to cook several dishes at once with the right heat. Also, its Nano Glass surface and continuous cast-iron grate combine style and stability for a more efficient and practical cooking experience.

STELLAR BURNER

Intense and even cooking

The Stellar burner, featuring triple-crown TRI technology and delivering 3.3 kW, distributes heat evenly. Ideal for woks and large pans, it offers intense, fast and efficient cooking.

5 ZONES

Cook all your recipes at once

It features 5 independent zones and a total power output of 9.5 kW. It combines one Stellar burner (3.3 kW), two semi-rapid burners (2.1 kW) and two auxiliary burners (1.0 kW) for cooking several dishes at once.

NANO GLASS TECHNOLOGY

Easy to clean

Designed with Nano Glass technology on 6 mm tempered glass that repels grease and liquids, making it easy to clean with a cloth and maintain the matt black finish impeccable.

HEAVY FULL GRILL

Maximum stability for every pan

Its Heavy Full Grill cast-iron griddle covers the entire surface, with no gaps between the burners, providing a stable base for cookware of any size and allowing you to slide it from one burner to another without having to lift it.

FFD SAFETY SYSTEM

Safety in your everyday life

The FFD safety system is active independently on all 5 burners. If the flame goes out accidentally, the thermocouple automatically cuts off the gas supply.

5 POWER LEVELS

Cook at just the right temperature

Thanks to its five cooking zones, with power outputs of 3.3, 2.1 and 1.0 kW, you can boil water, sauté at maximum power using the Stellar burner, or keep sauces, chocolate and infusions simmering.

BOLERO SQUAD G 4900S INVISIBLE GLASS

Design that adapts to your kitchen

This invisible hob combines minimalist design, maximum power and installation flexibility, adapting to any kitchen. Its Italian Sabaf burners offer efficient and even cooking, while the two powerful wok burners allow you to prepare complex dishes quickly and precisely.

ITALIAN SABAF ALUMINIUM BURNERS

Maximum efficiency and durability

Designed with four burners, from the Italian brand Sabaf, made from high-quality aluminium to guarantee maximum efficiency, durability and even heat distribution.

INVISIBLE GLASS

Cook directly on your worktop

This hob is installed directly on the worktop. To do this, the worktop must have the specific cut-outs for the burners and the control knobs.

POWER OUTPUT: 10.4 kW

High-heat cooking

With a total power output of 10.4 kW, this hob features two 1.8 kW semi-rapid burners and two 3.4 kW wok burners, ideal for stir-fries, searing meat and any dish requiring an intense, rapid and constant heat.

CAST-IRON PAN SUPPORTS

Stability and durability for everyday use

The support grates are made of cast iron, a material offering maximum mechanical and thermal resistance. They provide a robust, stable and non-slip base for all types of cookware.

IDEAL FOR YOUR KITCHEN

Suitable for any worktop

As it does not include its own worktop panel, the hob is compatible with any worktop material: marble, granite, quartzite, engineered stone, treated wood, stainless steel and similar materials. Users are completely free to choose the material and finish of their worktop.

Bolero Squad GN 1200S Glass Black

Gas hob designed for NATURAL GAS installation, stainless steel finish, full cast iron pan support, 3.5 kW output, triple-ring WOK burner, electric ignition, valve safety system, suitable for natural gas, with gas conversion kit included.

FEATURES:

1 burner, black glass finish with individual circular cast iron pan support. The high quality finishes make the performance and durability of these pan supports stand up to any type of cooking.

Maximum power of 3.5 kW. 1 Wok burner: 3.5 kW.

Triple-ring WOK burner. Get maximum flavour, with a high intensity flame, offering extra power.

Electric ignition. Built-in for quick and easy operation.

Valve safety system. The burners are equipped with a system that automatically cuts off the gas supply if the burner flame goes out.

Accessory for conversion to LPG. Adapts your mains gas hob to suit your needs.

COMPOSITION:

Product, 1 individual circular pan support, converter nozzle, user manual

Bolero Squad GI 3500 Hybrid FullFlex

Cecotec Bolero Squad GI 3500 Hybrid FullFlex gas hob. Induction power of 3500 W, 9 speeds with Booster function, FullFlex Zone, Keep Warm and Stop&Go function; 3.4 kW wok burner, electronic ignition, safety valve system, cast iron brackets. The perfect combination for your kitchen!

FEATURES:

Induction hob and gas hob in a single appliance: Cecotec Bolero Squad GI 3500 Hybrid FullFlex combines the advantages of gas and induction in one hob. This duality allows you to enjoy the speed and efficiency of induction, together with the versatility and precise control of gas, providing the best of both worlds in a single appliance.

The induction zone offers an impressive 3400 W of power, ensuring fast and efficient cooking. This means you will be able to reach high temperatures in less time, optimising your cooking times and obtaining perfect results in every dish.

9 adjustable speeds and Booster function that provides an instant increase in power. With these options, you can customise the heat intensity for each recipe, ensuring precise cooking tailored to your needs.

The FullFlex Zone allows you to cook with cookware of any size, as it automatically adapts to the surface of the cooking utensil. This flexibility maximises cooking space and gives you total freedom in the kitchen.

Keep Warm and Stop&Go functions add convenience to your cooking experience. The Keep Warm function keeps food at the ideal temperature until serving time, while the Stop&Go function allows you to pause and resume cooking without losing programmed settings, ideal for handling interruptions.

Modern elegance with its black glass finish, Glass Black, which, as well as being easy to clean, adds a sophisticated touch to your kitchen, keeping it spotless and always sparkling.

1 WOK burner of 3.4 kW: The 3.4 kW WOK burner is designed for high power, perfect for stir-fries and dishes that require high temperatures. This feature allows you to experiment with Asian recipes and get professional results at home.

Electronic ignition simplifies the daily use of gas burners. With just a twist or push, you can light the burners quickly and safely, eliminating the need for matches or lighters.
