# The revolution continues

Cecotec's air fryers, which changed the way we cook and have become an essential in every kitchen, continue to evolve with new technologies and functionalities that multiply their possibilities and elevate the level and sophistication of recipes. Models that reach up to 12 litres capacity, vertical designs that save worktop space, and functionalities that go far beyond air cooking. Now with Cecofry you can cook with steam like a true chef, or turn your kitchen into an authentic barbecue with smoker. Discover these and other innovations to take healthy cooking to the next level.

CECOFRY&CHEF

## Star-worthy cooking

CecoFry&Chef combines fine dining techniques, food science and healthy cooking to achieve a level and refinement characteristic of the most avant-garde cuisine. If you're passionate about gastronomy and ready to take your cooking to the next level, CecoFry&Chef has everything necessary to make it possible.

### WATER MISTING

Crunchier and juicier texture. Add a light water spray during cooking to generate steam, which helps achieve crispier finishes on the outside and juicier on the inside, preventing food from drying out.

### LARGE CAPACITY

Thanks to its large 8 L capacity and 1800 W of power, you can cook all kinds of recipes for the whole family.

### DUOHEAT

Dual heating element. Reach the right temperature sooner, improve the convection effect and forget about flipping food over.

### SMART PROBE

Cook with precision. With the smart probe, you'll have absolute temperature control.

### ADJUSTABLE TEMPERATURE

It features an adjustable temperature range from 80 to 200°C and a 60-minute timer for precise cooking.

CECOFRY&CHEF

## Bring fine dining to your home

To achieve the best results, the key is finding the perfect cooking doneness for each ingredient at the right moment. With Cecofry&Chef, you'll have absolute temperature control and the intelligence of preset programmes that guarantee optimal results in every recipe.

Achieve textures that are crispy on the outside and juicy on the inside, meat that falls off the bone effortlessly, tender fish with maximum flavour, fluffy baking and everything you can imagine.

CECOFRY&GRILL

## No more turning it over!

With Cecofry&Grill, no more turning it over! Thanks to its dual heating elements, no recipe is too challenging. Pizzas with crispy crusts and golden cheese, perfectly gratinéed lasagnas, crispy and succulent fried dishes. Everything cooked to perfection - no need to turn it over!

CECOFRY&GRILL SMOKIN' PRIME

## Air fryers with BBQ soul

Get the authentic grill flavour at home. Thanks to its smoker and wood chips, you can now achieve that unmistakable smoky touch in everything you imagine. Grilled octopus, ribs, large cuts of meat, fish, all with the convenience of an air fryer.

CECOFRY&GRILL SMOKIN' PRIME

# The authentic grill flavour at home

## TRIPLE GRILL\*

Achieve perfect cooking without needing to flip food over, thanks to its three large-surface grills and 2900 W, delivering powerful and surround cooking.

## SMOKER

Thanks to its wood chips, add flavour to even the healthiest dishes.

## UP TO 10 FULL COLOUR MENUS

Cook all your dishes with just one touch on its full-colour touch screen. Choose the ideal menu or adjust the settings to your liking to prepare irresistible recipes effortlessly.

## GRILLING STYLE CAST IRON GRATE

Get authentic BBQ grill marks on your meats and food.

CECOFRY&GRILL DUOLEVEL

## Cooks more, use less space

Up to 12 litres in 39% less space\*

On the worktop, every centimetre counts. The design of the Cecofry&Grill DuoLevel series with two stacked baskets achieves great combined capacity in less space. Moreover, its vertical design and dimensions are designed to fit under kitchen units.

### CECOFRY&GRILL DUOLEVEL

## Prepare up to 4 recipes at once

Its two racks allow uniform cooking of up to 4 layers of food. Elevate your possibilities, cook a main dish and side or two different recipes on each rack.

### SYNC MODE

## Cooking in perfect synchrony

Its Sync function allows cooking two different recipes in each basket and programming them to be ready at the same time. Forget about waiting and food going cold.

### COLOUR TOUCH PANEL

## Perfect results with one touch

With its colour multifunctional touch panel and 10 menus, cook easily and without complications. Choose the programme and it will automatically adjust the time and temperature to achieve the ideal cooking doneness. Modes: meat, chips, pizza, chicken, fish, vegetables, baking, dehydrate, ferment and custom.

### VIEWING WINDOW\*

## Monitor cooking without heat loss

Viewing window to monitor the entire cooking process without opening the basket\*, thus avoiding heat loss and ensuring more efficient cooking.

CECOFRY&CRUNCH

## Much More Crunch

BLDC MOTOR

### A revolutionary motor

Cecofry&Crunch with its powerful BLDC digital motor changes everything. More powerful, faster, longer lifespan, quieter operation and greater capacity in the same space. Thanks to its great power, speed and stability to reach high temperatures, Cecofry&Crunch achieves much crispier results in all recipes. Never has a motor change delivered so much.

CECOFRY&CRUNCH

## Grows in capacity, not in size

Thanks to the BLDC motor, which takes up significantly less space than a traditional one, and the conception of its design, air fryers in the Cecofry&Crunch range gain up to 20% useful capacity without growing in size. It's the ideal solution for those who need to cook large quantities without sacrificing worktop space.

## CECOFRY&GO FOODCARE

# Your food as if freshly cooked, wherever you want

Cook, store, and take it with you.

Cecofry&Go FoodCare is designed to fit your lifestyle. Cook directly in its special glass container, and once ready, take your recipes wherever you go, preserving all their flavour, texture, and properties.

## TWO GLASS BASKETS

# Store and transport your meals

Includes 2 glass baskets (4.5 L and 1.8 L), ideal for cooking and storing or transporting food directly, with no need to change containers.

## 6 MENUS

# More convenient, more precise

Features 6 automatic programmes that adjust time and temperature according to the type of recipe for a more convenient and precise cooking experience.

## 1300 W

# Even and faster cooking

Fast and even results thanks to its 1300 W motor, which generates a powerful hot air flow that reduces cooking time and provides perfect browning.

## HOT AIR TECHNOLOGY

# Crispy results with less oil

Achieve crispier and healthier food with its high-speed hot air technology, which fries, bakes, and browns with minimal oil, preserving texture and flavour.

## DETACHABLE BASKETS AND ACCESSORIES

# Easy to clean

Its removable baskets and accessories make cleaning and maintenance easy after each use.

**CECOFRY™ FOODCOURT 18000  
4PIZZA**

## Stone baking and air frying in one CecoFry

Bring versatility to your kitchen. Cecofry™ FoodCourt 18000 4Pizza combines the features of a conventional air fryer with those of a traditional oven. Cook everything you can imagine in a healthy and tasty way with a single appliance with its 19-litre total capacity.

**30 CM**

## Make pizza like an authentic pizza chef

Prepare crispy pizzas up to 30 cm, the standard supermarket size, in the easiest way. With its special pizza stone, you'll achieve a crispy and perfectly cooked base, just like from a pizzeria.

CECOFRY™ ADVANCE 10000 FULL VISION

## Peer into healthy cooking

Double viewing window, double control

For those recipes that are a feast for the eyes, Cecofry™ Advance 10000 Full Vision with its dual viewing window, top and front, offers complete cooking control. Monitor the cooking process at all times and easily adjust times and temperatures to achieve perfect results. Enjoy the convenience of monitoring your dishes without having to open the basket, ensuring heat retention and energy efficiency.

## Divide the basket, multiply your possibilities

Divide the 10-litre basket into two independent baskets and prepare two recipes at the same time.

## Fast and efficient cooking

Its great power of 2200 W ensures fast and efficient cooking for all types of recipes.

## Crispy pizzas

Prepare the most authentic pizzas on its griddle and achieve crispy and golden bases.

## Touchscreen with 12 menus

Simply select the menu that best suits your recipe on its colour display and let it do the work. Cecofry™ automatically selects the time and temperature to achieve the perfect cooking doneness.

# Capacity and formats for every need

Vertical configuration designs with up to 12 litres capacity, and horizontal designs with up to 11 litres in a single basket. Large basket options for cooking large pieces, with the flexibility to split them into two independent smaller baskets, amongst other possible configurations. Cecofry™ offers multiple options to suit every user's and family's needs.

## Split basket

Enjoy great versatility thanks to its up to 11-litre basket that splits in two. Choose the option that perfectly suits every occasion and enjoy a tailored design.

## Single basket

Adapts to you and your recipes with varying capacities, allowing you to cook large cuts or greater quantities in a single batch.

## Double basket

Double your cooking possibilities with its design featuring two fully independent baskets.

Recipe icons: Meat, Fries, Pizza, Chicken, Fish, Vegetables, Donut, Citrus, Milk, Chef hat

SYNC FUNCTION

# All your dishes ready at once

No more waiting and dishes going cold on the table. With the Sync function, cook two different recipes in each basket and set them to finish simultaneously. Cook your main and side dish at the same time, or prepare two different dishes for each diner—all ready to enjoy at the perfect moment.

# Technologies that improve everything

## DUAL HEATING ELEMENT

Perfect recipes in less time and without flipping food over

Enjoy perfect results and forget about flipping them over thanks to its dual heating elements<sup>1</sup>, positioned top and bottom for even cooking throughout.

## VIEWING WINDOW

Complete control without opening the basket

The unique viewing design lets you monitor every dish as it cooks without opening the basket, preventing heat loss for more efficient cooking.

## FULL COLOUR DISPLAY

More intuitive; More convenient

Designed to take the thinking out of cooking. The colour touchscreen visually displays each mode with an image showing your expected results. Cook with just one touch and savour the most delicious recipes with ultimate convenience.

## SMOKER

Elevate the flavour of your recipes with a smoky touch

With its wood chips and built-in smoker, achieve that unmistakable smoky BBQ flavour in your recipes with ultimate convenience.

# TurboCecofry™ 4D Healthy

Oil-free air fryer with new cooking system that surrounds food 360°, spreading heat evenly. It includes accessories to cook and an endless list of recipes.

## FEATURES:

Innovative air fryer with cooking system that allows cooking foodstuffs from the top, from below or on both sides simultaneously, surrounding foods 360° and spreading heat evenly.

Automatic fryer that cooks with barely no oil and has 8 preset programmes for an easier and better use: Stir-fry, toast, french fries, oven, manual, pan, rice and yoghurt.

Features a mixing blade which automatically mixes and stirs ingredients for effortless cooking processes, and a handle. Both removable.

Temperature can be adjusted degree by degree from 100 °C to 240 °C, and the cooking time can be programmed from 5 to 90 minutes. Cook any recipe you can think of.

Includes a specific menu for making yoghurt at a preset temperature of 60 °C, which can be programmed from 0 minutes to 16 hours and a half.

It offer the possibility of cooking 2 dishes at once with the rack and the 2 different cooking levels. Combine different preparations and make the most out of your cooking sessions.

Its inner pot has a 3-rock-layer ceramic coating and has capacity for 3 litres, where you can cook up to 3.5 kg of potatoes. Its coating prevents foods from sticking.

It includes instruction manual and a cookbook in order for you to easily cook different dishes. 40 different recipes to learn how to use this revolutionary kitchen appliance and 8 extra video-recipes which will convince you of how simple it is to cook with this air fryer.

It counts on 1350 W to efficiently cook any type of dish.

The fryer's sizes are: 31 x 39 x (47 cm including the handle) x 23 cm

# CecoFry™ Rain

5.5 l digital air fryer with built-in oil spray and automatic/manual 7-level spraying. Advanced hot-air technology, 1550 W, multifunctional touch control panel, adjustable thermostat, self-cleaning function, 8 default menus, and safety grille.

## FEATURES:

**Autodose Rain Oil:** built-in oil autodoser. Add oil to the built-in oil pot and forget about it for weeks, the CecoFry™ will directly add the oil needed for each recipe with its 7 levels to get perfect recipes.

Cook any recipe without worry or fear of making a mistake thanks to its automatic dispenser, programmed to spray more or less oil depending on the recipe selected with its pre-set menus.

**Custom Crispy:** customise the crunchiness of your recipes by choosing the dosage level.

**MultiCook:** cook the same recipe in several ways: fry, bake, grill. Choose the right temperature, time and oil level, and achieve the desired result in the most convenient way.

**5.5 L:** capacity for cooking large quantities without having to cook in batches.

**1550 W:** great power for cooking perfect dishes in less time.

**8 menus:** automatically selects the level and amount of spray, time and temperature to ensure your recipes come out perfectly.

**Healthy Crispy:** cook with water and get crispy and healthier results.

**PreHeat:** preheating function for the perfect doneness of each food.

**Rain Cleaning:** add water with a little soap to the dispenser and choose the self-cleaning mode to leave the ducts as good as new.

**Multifunction touch panel:** control all your preparations through its touch display that will allow you to cook in the most comfortable way.

**Perfect Protect:** the grid separating the heating element from the bowl can be easily removed for easy cleaning.

# Cecofry™ Advance 9000 Inox

Digital air fryer, 9 litre capacity and 2800 W power, stainless steel finish and two baskets with dual temperature.

## FEATURES:

**9 l capacity:** 9-litre basket that allows you to cook large quantities of food.  
**2 x 4.5 L baskets:** air fryer with double basket and dual temperature, so you can cook two dishes at the same time and in different ways.  
**2800 W power:** ensures fast and efficient cooking for delicious dishes in less time.  
**Inter-basket synchronisation:** ensures that multiple portions of food finish cooking simultaneously.  
**30 to 200 °C:** temperature control from 30 °C to 200 °C, giving users precise control over the cooking process.  
**8 programmes:** simplifies the cooking process with pre-set menus that set the time and temperature required to cook different types of food.  
 Stylish design with stainless steel finishes, as the fryer not only provides durability and strength, but also adds a touch of elegance and style to the kitchen.  
**Multifunctional touch panel:** control operation easily and intuitively.  
**Almost no oil:** air fryer that allows cooking healthier dishes with just one oil tablespoon.  
**PerfectCook technology:** get exceptional results in all recipes thanks to the PerfectCook technology of hot air circulating inside and exiting through the rear vents.

# Cecofry&Grill Duoheat 10000

Air fryer with double heating element for perfect browning and grill flavour in meats, 10 litres capacity and 2200 W power for healthy dishes.

## FEATURES:

3 in 1: cook everything with your Cecofry™ thanks to its design that incorporates an air fryer, a meat grill and a griddle to prepare pizzas with perfect dough.

Double heating element: get perfect results in less time thanks to its design with double top and bottom heating element.

3D cooking: its double heating element distributes heat evenly, ensuring consistent and delicious results in every preparation, without you having to turn your food all the time.

Grilling: grill your meats with the Grillin Style plate and get your favourite cuts of meat at the perfect doneness.

Pizza Maker: prepare the most authentic pizzas on your griddle and get unique crispy and golden doughs.

10 l capacity: Prepare delicious meals to share with your partner or enjoy individual dishes with enough space for your culinary needs.

Great power: with a power of 2900 W, you can cook recipes with one tablespoon of oil, significantly reducing the amount of fat in your preparations. Enjoy healthy and delicious dishes without sacrificing taste and texture.

Viewing window: the air fryer allows you to monitor the progress of your preparations, without having to open the basket, through its viewing window.

8 menus: select the menu that best suits your recipe on the display. Cecofry™ automatically sets the time and temperature to achieve the right point.

Adjustable thermostat: adjust the temperature from 40-200 °C and have total control over your recipes. Adjust the temperature to your specific needs, from slow cooking at high temperatures to browning and grilling to perfection.

Sync and Match functions for maximum flexibility: The Sync function allows both baskets to finish cooking at the same time with different settings, while the Match function matches temperature and time in both baskets, ensuring even cooking and making it convenient to prepare large quantities or complete meals simultaneously.

# Cecofry™ FoodCourt 11000 Connected C

11 L air fryer with Air Fryer, Oven and Grill modes allowing to cook 2 dishes at the same time.

## FEATURES:

Cook 2 foods at the same time with its 11 litres of total capacity: oven and air fryer. This innovative appliance gives you the versatility to prepare two dishes at the same time, thanks to its large 11-litre capacity, which combines an oven and an air fryer in one device.

5 litre capacity oven for baking 9 inch pizzas or other foods. Don't limit yourself to baking just pizzas, with the spacious 5-litre oven, you can prepare a wide variety of delicious foods.

6L air fryer that provides more cooking space. Forget about space restrictions in your conventional air fryer. With its large 6-litre capacity, this air fryer gives you more space to cook your food evenly.

By activating the synchronised finish, both the upper basket and the lower oven can finish cooking at exactly the same time. Thanks to the synchronised finishing function, this air fryer ensures that all your dishes are ready at the same time. Imagine serving a complete and perfectly cooked meal without having to worry about the cooking time of each area.

With its 8 pre-set cooking modes, it makes preparing your favourite dishes easier than ever.

Thanks to control via the Wi-Fi app, you can manage and adjust the cooking settings remotely, from anywhere in your home. Prepare your food in a more convenient and flexible way, controlling times and temperatures with just a few taps on your phone.

Temperature range from 40 to 230 °C for all types of preparation. With this wide temperature range, you have the power to adapt the heat to the specific needs of each recipe. From slow and gentle cooking at low temperatures, to browning and grilling at high temperatures, this mini oven gives you the flexibility you need for versatile cooking and perfectly cooked dishes at all times.

This clever design gives you a larger cooking surface without taking up too much space on your worktop. Enjoy the advantage of cooking large quantities of food in its large capacity, while optimising the space in your kitchen for other utensils and preparations.

# Cecofry™ FoodCourt 11000 Connected

11 L air fryer with dual Air Fryer and Oven function, allowing simultaneous cooking of 2 different foods.

## FEATURES:

Air fryer, oven and grill: cook two recipes simultaneously in its basket and oven and enjoy perfectly cooked recipes thanks to its 8 cooking modes.

8 cooking modes: enjoy great versatility thanks to its MultiCook technology that allows you to air fry, grill, bake, roast, ferment, dehydrate, reheat and keep your food warm.

Grillin Style: grill your meats like a grill and get the perfect doneness in the easiest way and without smoke.

6 L air fryer: cooks large quantities of food evenly in a single batch.

5 L oven: its interior space allows you to comfortably cook a large amount of food, such as 9-inch pizzas, fish or grilled vegetables.

Synchronization: activate this function and the cooking time of the oven and fryer will be adjusted to finish both recipes at the same time. This way you will always enjoy your freshly made recipes.

Cook from your smartphone: manage and adjust cooking settings from anywhere through your smartphone.

Dual heating elements: the oven features top and bottom heating elements, ensuring faster surrounding cooking.

PreHeat and TurnReminder: the air fryer features a preheating function that enables cooking at the ideal temperature from the first second, plus a TurnReminder function that alerts you at the exact moment to flip your ingredients.

Cook to your taste: adjust the temperature from 40 to 230 °C and enjoy customised cooking for every recipe.

# Cecofry&Grill Duoheat 10000

Air fryer with four heating elements for perfect browning and grilled meat flavour, 10 l capacity and 2800 W power for healthy dishes. It includes a movable separator to choose between two baskets with dual temperature or turn it into one large basket.

## FEATURES:

3 in 1: cooks all kinds of dishes. Cook everything you want with your Cecofry™ thanks to its design that incorporates an air fryer, a grill and a griddle to prepare pizzas with perfect dough. Delicious and evenly-cooked results. Its 3D cooking with four heating elements distributes heat evenly, ensuring consistent and delicious results in every preparation, without you having to turn your food all the time.

Movable separator: allows you to choose between cooking a large quantity of food with a basket of up to 10 l or smaller quantities in 2 baskets with independent times and temperatures (5 l / 5 l or 4 l / 6 l).

Get your recipes finished at the same time. The Sync function allows both baskets to finish cooking at the same time with different settings, while the Match function matches temperature and time in both baskets, ensuring even cooking and making it convenient to prepare large quantities of food.

Grill-like cooking. Grill your meats with the Grillin Style and get your favourite cuts of meat at the perfect doneness.

Bake crispy, golden brown pizzas. Prepare the most authentic pizzas on the griddle and get unique crispy and golden doughs.

Cook big. Cook delicious and great meals to share or enjoy individual preparations thanks to its 10 l capacity, ideal for your cooking needs.

Healthy dishes with just a tablespoon of oil. Its power of 2800 W allows you to cook recipes with one tablespoon of oil, significantly reducing the amount of fat in your preparations without sacrificing flavour or texture.

Control the whole process without losing heat. The air fryer allows you to monitor the progress of your preparations, without having to open the basket, through its viewing window.

Designed to facilitate cooking. 10 menus: select the menu that best suits your recipe on the display. Cecofry™ automatically sets the time and temperature to achieve the right point.

Tailor-made cooking. Adjust the temperature between 40 and 200 °C and have total control over your cooking, as you can adjust the temperature according to your specific needs.

# Cecofry&Go FoodCare

Air fryer with 2 glass baskets, lids and 6 menus. 1300 W

## FEATURES:

Safer and more visible glass basket. Without non-stick coatings that deteriorate with heat, it offers greater durability and allows you to check the cooking process without opening the basket or losing temperature.  
Two glass baskets with lids included. Includes 2 glass baskets of 4.5 L and 1.8 L with lids for storing or transporting food directly in the same container, with no need to change vessels.  
6 preset menus. Features 6 automatic programmes that adjust time and temperature according to the type of recipe for a more convenient and precise cooking experience.  
1300 W power for fast, even cooking. 1300 W motor that generates a powerful, consistent flow of hot air, reducing cooking times and improving food browning.  
Crispy results with less oil. High-speed hot air technology that fries, bakes and browns with a minimal amount of oil, preserving texture and flavour.  
Easier cleaning. Removable basket and accessories for easy cleaning and maintenance after every use.

## COMPOSITION:

Air fryer control module with stand, 2 compatible glass baskets, 2 individual lids and instruction manual

# Cecofry™ FireDome 6000

Air grill fryer with 2400 W, 6 cooking modes and 4 grill levels.

## FEATURES:

Extraordinary power: cook your favourite dishes quickly and efficiently thanks to the powerful 2400 W output.  
Large capacity: ideal for preparing meals in large quantities thanks to its 6 L cooking surface.  
4 adjustable grill levels: add a delicious touch to your recipes with the grill level that suits them best.  
6 cooking modes: experience the versatility of your fryer with its different cooking modes and prepare a wide variety of dishes.  
Multiple accessories included: expand your cooking options by trying out the pot-like basket, frying basket or grill.  
Temperature probe: precisely control the degree of cooking of your food thanks to the fryer's temperature probe.  
Adjustable thermostat: adjust your cooking temperature up to 260 °C for perfect results in every recipe.  
Smoke control system: enjoy a cleaner, smoke-free cooking environment thanks to the control system that reduces the smoke generated during cooking.

# Cecofry™ FireDome 8000 Pro

Air grill fryer with 1700 W, double heating element, 12 cooking modes and 4 grill levels.

## FEATURES:

**Air fryer and grill:** cook all your recipes with a single appliance thanks to its unique design with 9 cooking modes.

**9 cooking modes:** fry, grill, roast, bake, steam, stew, dehydrate, defrost, and reheat. Choose the one that best suits your dishes and enjoy healthy and tasty recipes.

**1700 W double heating element:** cook any recipe and achieve perfect results in less time.

**Grill with 4 levels:** adjust the power of the grill with its different levels, get the perfect point or simply mark the ingredients a little. Choose the perfect spot and enjoy every bite.

**12 menus:** cooking at a touch. Select the menu that best suits your recipe and relax. The air fryer automatically chooses the cooking mode, time and temperature so that your recipes come out perfect.

**8 L:** cook recipes for the whole family in one batch thanks to the large capacity basket. This saves time and energy.

**Accessory pack:** the fryer includes a glass lid, a frying basket and a pot-like basket so that you can cook an endless number of recipes in the cooking mode you like best.

**Adjustable temperature:** adjust the temperature of the fryer from 50 °C to 230 °C and cook all your recipes to your liking.

**Adjustable time:** set the cooking time (from 1 minute to 24 hours) for each recipe and that's it! The air fryer will stop automatically so that your recipes are not overdone.

**Cleaning brush:** keep your air fryer clean and in perfect condition with the included cleaning brush, which makes it easy to clean everything inside.

# Cecofry™ Paper Pack Accessories S

150 air fryer paper liners, practical and compatible with various air fryer capacities from 2 to 5 litres. They will help keep your air fryer clean and free from stuck-on food, making cleaning easier and extending its lifespan.

## FEATURES:

**Practical and versatile cooking:** this air fryer paper is the perfect solution for practical and versatile cooking. Compatible with 2 to 5 litre air fryers and other cooking appliances, such as microwaves and frying pans.

**150 pieces of paper:** the pack includes 150 pieces of square cooking paper, specially designed to fit air fryer moulds with a diameter of 20 to 24 cm and a height of 4.5 cm. With this generous supply, you will always have enough paper at hand for your preparations, without the need for constant shopping.

**Environmentally friendly:** made from 100% natural pulp, this air fryer paper has a food grade silicone coating, making it an environmentally friendly choice. With a heating element of up to 230 °C, it gives you the confidence to use it in a variety of preparations without compromising food safety.

**Resistant up to 230 °C:** with a resistance of up to 230 °C, it gives you the confidence to use it in a variety of preparations without compromising food safety.

**Easy cleaning:** when placed in your air fryer, it acts as a protective barrier that keeps your appliance clean and free from food sticking to it. This way, you can enjoy your favourite dishes without worrying about cleaning up afterwards.

**Instant use:** no cutting or folding required, as it comes ready to use directly in your moulds. This feature saves you time and effort in preparation, allowing you to enjoy hassle-free cooking.

# Cecofry™ Bucket Pack Accesories S

Pack of 3 circular silicone air fryer moulds, 19 x 6 cm and 130 grams each.

## FEATURES:

Pack of 3 moulds: made of silicone, they are circular in shape and are ideal for air fryers, offering versatile sizing options.

Top quality materials: the high quality, BPA-free silicone material ensures proper use in hot air fryers, ovens, microwaves, freezers and dishwashers.

Strong and durable: weighing approximately 130 grams each, these silicone fryer accessories are considerably more robust than alternatives on the market, offering strength and durability.

Prevent burns: equipped with reusable material, these accessories withstand temperatures from -40 °C to 250 °C, effectively preventing burns after cooking.

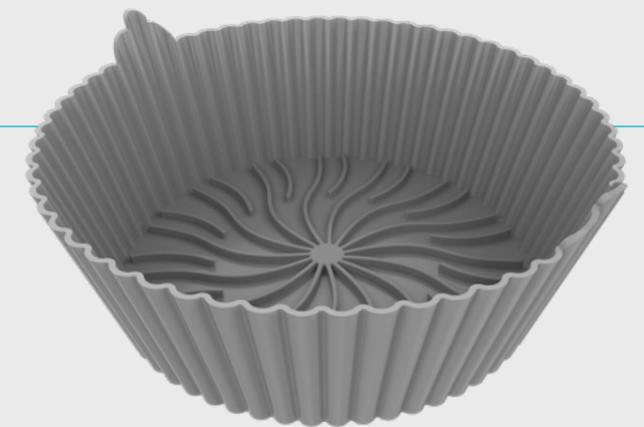

Even heat distribution: the unique raised texture facilitates the drainage of oil and fat, distributing heat evenly around the food and achieving crispy dishes in less time.

For 2 to 4.5 l fryers: with a suitable size of 19 x 6 cm they are ideal for air fryers from 2 to 4.5 l capacity. These silicone trays are not only ideal for air fryers, but are also suitable for ovens or microwaves.

Non-stick surface: easy to clean, either by hand or in the dishwasher.

## COMPOSITION:
