POWER ESPRESSO BARISTA

Espresso with the soul of a barista

More features, same essence

Power Espresso Barista coffee machines elevate the possibilities of typical espresso machines, with features typical of a barista coffee machine without losing its essence. If you can't imagine your coffee ritual without locking in the portafilter, but you want to grind the beans directly or even prepare drinks with milk, these are the coffee machines for you.

POWER ESPRESSO 20 BARISTA GRIND & LATTE

The espresso machine that does it all

GRINDER

Up to 20 grinding levels

Achieve the perfect grind size and texture for each variety of coffee beans.

TOUCH DISPLAY

All the coffee with one click

Select your ideal drink with one click and enjoy freshly ground coffee in the most convenient way.

20 BARS

Unique aroma and creaminess

Its pump, with up to 20 bar pressure, extracts all the nuances from each bean, ensuring that every cup has exceptional flavour, crema and aroma.

1350 W

Perfect coffee with no waiting time

Prepares quickly freshly ground coffee, and its power allows you to prepare up to two coffees at a time without waiting.

ACCESSORY KIT

Enjoy your ritual

Prepare your coffee like a true barista with this accessory kit, which includes: measuring spoon, portafilter, filter for one cup, filter for two cups, and a dosing ring.

MILK CONTAINER

Creamy cappuccinos

Enjoy fine, smooth and creamy foam prepared at the perfect temperature, thanks to its 500 ml milk container.

POWER ESPRESSO RANGE

Compact coffee machines to fall in love with

Discover a range of coffee machines that combine elegant and compact design with great power, allowing you to extract all the nuances from each coffee so that you can experience the pleasure of the most authentic coffee.

20 BARS

Unique cream and aroma

With its powerful pressure pump, it provides the best crema and maximum aroma in every coffee. Enjoy your perfect coffee thanks to the 20 bar ForceAroma technology, which extracts the maximum flavour from your coffee.

TOUCH DISPLAY¹

Coffee at the touch of a button

Prepare your espressos and cappuccinos quickly thanks to the convenience of its touch screen.

STEAM WAND

Steam milk like a professional

Its professional steam wand allows you to create lattes and cappuccinos with the perfect foam texture, on a par with the best speciality coffee shops. Elevate your coffee-drinking experience at home and feel like a real barista.

COLD BREW²

Delicious cold coffees

Its cold brew function allows you to prepare cold-brewed coffees while preserving the qualities of each bean. Dare to explore beyond the classic Frappé.

Semi-automatic coffee machines

The value of simplicity

All types of coffee, including with milk as well as hot drinks, at the touch of a button.

19 BARS

Unique cream and aroma

The coffee machines have a pump with up to 19 bars of pressure that extracts all the nuances from each bean, providing unique aroma and crema.

THERMOBLOCK

Coffee ready in seconds

Thanks to its Thermoblock rapid heating technology, you can quickly prepare coffee at the ideal temperature.

MILK CONTAINER

Delicious cappuccinos at the click of a button

With its built-in milk container and pre-set recipes, making cappuccinos and lattes is as easy as pressing a button. Enjoy a fine, smooth and creamy foam prepared at the perfect temperature. Suitable for both animal and plant milk.

A large, abstract teal graphic on the left side of the page, consisting of several overlapping curved shapes that create a sense of depth and movement. The colors range from a light teal to a dark, almost black teal.
