Forget about grease and unpleasant odours

UP TO 360 W

High performance

Instantly improve air quality while cooking thanks to its powerful 360 W motor, which ensures maximum performance.

SUCTION POWER OF 1000 M³/H¹

Purifies the air in seconds

Fresh and clean environment at all times. Eliminates grease and unpleasant odours from your kitchen with its 1000 m³/h suction power.

A+++ CLASS²

Maximum efficiency, minimum consumption

Save money with every use and keep your kitchen spotless thanks to its A+++ energy rating, which guarantees high performance with optimised energy consumption.

Conventional hoods

Suitable for any type of kitchen

There is a hood for every kitchen in every home. Prepare the tastiest meals without leaving any trace of smoke, grease or unpleasant odours. Keep your kitchen clean and in the best condition.

 70 W¹ WITH 3 SPEEDS

Tailored operation

Bolero Flux CM 602100 White A

Cecotec Bolero Flux CM 602100 White A conventional cooker hood, 60 cm width, white painted finish, DC motor, Class A, 210 m³/h extraction rate, LED lighting and aluminium filter.

FEATURES:

The perfect standard for your kitchen. Its 60 cm design integrates perfectly with most hobs and kitchen cabinets, ensuring simple installation and harmonious aesthetics without complex modifications.

Say goodbye to smoke and odours. With its 210 m³/h extraction rate, this hood effectively removes steam, grease and cooking odours, keeping your kitchen air clean and fresh even when preparing the most demanding recipes.

Maximum efficiency, minimum consumption. Equipped with a latest-generation DC motor, this hood offers superior performance with incredibly low power consumption. Save on your electricity bill and protect the environment without sacrificing power.

Simplicity and durability within your reach. Its mechanical controls allow you to select power quickly, intuitively and reliably. Forget about complicated digital menus and enjoy direct and effective operation that withstands the test of time.

The right power for every moment. Adapt the extraction rate to your needs. Use low speed for gentle cooking, medium for everyday use and maximum power for frying or cooking for large groups. Total control over your kitchen environment.

Perfect visibility with minimal expense. The built-in LED lighting illuminates your cooking area clearly and brightly, allowing precise control over your dishes.

Effortless maintenance. Its multi-layer aluminium filters effectively trap grease and are conveniently dishwasher-safe.

Bolero Flux TLT 604000 Inox A+++

Bolero Flux TLT 604000 Inox A+++ telescopic kitchen hood, 60 cm wide, 415 m³/h extraction, 3 speeds, SS Touch Control, A+++ energy rating, DC motor, LED lighting, aluminium and carbon filters included.

FEATURES:

Telescopic kitchen hood. Elegant design that combines energy efficiency with seamless kitchen integration.

Elegant design, perfect integration. 60 cm width: integrates into kitchen furniture and optimises space without compromising functionality.

Eliminates smoke and odours. 400 m³/h suction power that effectively traps smoke and odours, quickly achieving a clean environment.

Energy class A+++ . It ensures reduced energy consumption alongside its DC motor, achieving air renewal with minimal energy use.

Comfortable and intuitive control. The SS Touch control panel: offers intuitive interaction with a modern design in stainless steel finish, providing a sophisticated look and ensuring durability.

Tailored suction. Three speeds to adapt to every moment, offering a perfect balance between power and consumption.

LED lighting. It provides optimal visibility in the cooking zone while being energy efficient.

Captures grease. 5-layer aluminium filter, removable and dishwasher-safe.

Eliminates odours. Carbon filters: effectively eliminate odours without need for external extraction.

Bolero Flux IM 523500 Inox A

Bolero Flux IM 523500 Inox A built-in kitchen hood, 52 cm wide, stainless-steel finish, suction power 350m³/h, Motor 70 W, Class A, mechanical control, 3 power levels, light and carbon filter.

FEATURES:

Large kitchen hood: enjoy the 52 cm width of the kitchen hood.
Innovative design: the kitchen hood has a stainless-steel finish that will bring strength and design to your kitchen.
Strong suction power: the kitchen hood is equipped with a suction power of 350m³/h that will remove unpleasant odours from your kitchen.
Very powerful: the 70 W motor of the kitchen hood will allow you to improve the air quality and keep your kitchen clean at all times.
Energy class A: high performance with low consumption.
Mechanical control: easy and convenient to use.
3 power levels.
Carbon filter, ideal for eliminating smoke and odours.
3-layer aluminium grease filter.
LED lighting.

⁴Only available for the Bolero Flux PT 504400 Inox A+++, Bolero Flux PT 504400 Black A++, Bolero Flux PT 604400 Inox A++, Bolero Flux PT 604400 Black A++, Bolero Flux PT 605500 Inox A++, Bolero Flux PT 704400 Inox A++, Bolero Flux PT 704400 Black A++, Bolero Flux PT 904400 Inox A++, and Bolero Flux PT 904400 Black A++ models.

Bolero Flux PT 504400 Inox A+++

Cecotec Bolero Flux PT 504400 Inox A+++ pyramid cooker hood, 50 cm width, 449.5 m³/h extraction rate, Class A+++, Invisible Touch Control, stainless steel finish with white glass front, DC motor, Hand Movement Control, Booster function, washable filters, carbon filters included for recirculation option.

FEATURES:

Cecotec Bolero Flux PT 504400 Inox A+++ . Its small 50 cm design in elegant stainless steel and white glass front adds a modern and professional touch to any kitchen, even with limited space, combining durability with easy cleaning.

Enjoy an always fresh environment thanks to its powerful 449.5 m³/h extraction rate, efficiently removing smoke, odours and grease even in intensive-use kitchens.

Save on your electricity bill with its latest-generation DC motor and A+++ energy rating, ensuring superior performance with optimised consumption.

Control all functions with just one touch thanks to its invisible touch panel, which remains hidden when the hood is off, maintaining clean and minimalist aesthetics.

Adapt extraction to every situation with 3 speed settings and a fourth Booster function for maximum extraction needs, always ensuring the best kitchen environment.

Hand Movement Control (gesture control). Forget about buttons and adjust the extraction speed simply by waving your hand in front of the hood, perfect for uninterrupted cooking and maintaining hygiene.

Illuminate your cooking zone with low-consumption LED lighting, providing optimal visibility and creating a pleasant atmosphere while cooking.

The 5-layer aluminium filters effectively retain grease and are dishwasher-safe, ensuring maximum performance and cleanliness at all times.

Includes carbon filters (not installed) for easy air recirculation option, improving kitchen environment quality without requiring external ventilation.

COMPOSITION:

Pyramidal cooker hood, 2 carbon filters (not installed), instruction manual.

Bolero Flux PM 604000 Inox A

Cecotec Bolero Flux PM 604000 Inox A pyramid cooker hood, 60 cm width, stainless steel finish, DC motor, Class A, 400 m³/h extraction rate, LED lighting and carbon filters included.

FEATURES:

The perfect standard for your kitchen. Its 60 cm pyramidal design integrates perfectly with most hobs and kitchen cabinets, ensuring simple installation and harmonious aesthetics without complex modifications.

Say goodbye to smoke and odours. With its 400 m³/h extraction rate, this hood effectively removes steam, grease and cooking odours, keeping your kitchen air clean and fresh even when preparing the most demanding recipes.

Maximum efficiency, minimum consumption. Equipped with a latest-generation DC motor, this hood offers superior performance with incredibly low power consumption. Save on your electricity bill and protect the environment without sacrificing power.

Simplicity and durability within your reach. Its mechanical controls allow you to select power quickly, intuitively and reliably. Forget about complicated digital menus and enjoy direct and effective operation that withstands the test of time.

The right power for every moment. Adapt the extraction rate to your needs. Use low speed for gentle cooking, medium for everyday use and maximum power for frying or cooking for large groups. Total control over your kitchen environment.

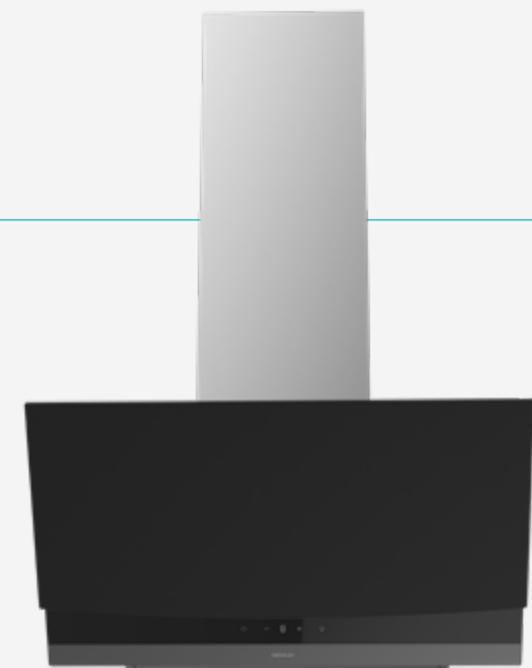

Perfect visibility with minimal expense. The built-in LED lighting illuminates your cooking area clearly and brightly, allowing precise control over your dishes.

Effortless maintenance. Its multi-layer aluminium filters effectively trap grease and are conveniently dishwasher-safe.

Ready to work in any kitchen. Carbon filters are included so you can install it in recirculation mode straight away, without requiring external ventilation. A versatile solution that neutralises odours and purifies air.

Bolero Flux PM 604300 Black C

Bolero Flux PM 604300 Black C pyramidal kitchen hood, 60 cm wide, black finish, suction power 403m³/h, Motor 105 W, Class C, mechanical control, 3 power levels, light and aluminium filter.

FEATURES:

Kitchen hood, 60 cm wide.
Black finish.
Suction power 430m³/h.
105 W motor power.
Energy class C.
Low noise level: 69 dB.
Mechanical control.
3 power levels.
2-layer aluminium grease filter.
LED lighting.

COMPOSITION:

Kitchen hood, assembly kit, instruction manual

Bolero Flux PM 606500 Inox A

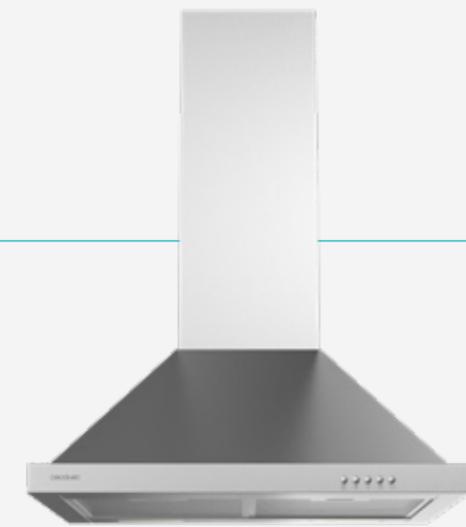

Bolero Flux PM 606500 Inox A pyramidal kitchen hood, 60 cm wide, stainless-steel finish, suction power 650m³/h, Motor 165 W, Class A, mechanical control, 3 power levels, light and carbon filter.

FEATURES:

Large kitchen hood: enjoy the 60 cm width of the kitchen hood.
Innovative design: the kitchen hood has a stainless-steel finish that will bring strength and design to your kitchen.
650 m³/h suction power: forget about smoke thanks to its high suction power of 650 m³/h.
Power to suck up everything: its 165 W motor power is ideal for sucking up all the smoke and vapours in the kitchen.
Energy class A: high performance with low consumption.
Mechanical control: manually select between the different functions offered by the kitchen hood, easily and intuitively.
You choose the power: control and regulate the suction power between its 3 levels, depending on your needs and tastes.
No bad smells: it has a carbon filter, ideal for eliminating both bad smells and smoke.
Protect yourself from grease: the kitchen hood contains a 5-layer aluminium grease filter.
LED lighting.

Bolero Flux PT 604000 Inox A+++

Cecotec Bolero Flux PT 604000 Inox A+++ 60 cm Pyramidal cooker hood with 427.6 m³/h extraction rate, 3 speeds, SS Touch Control, stainless steel finish, energy Class A++, DC motor, LED lighting, aluminium and carbon filters included.

FEATURES:

The Cecotec Bolero Flux PT 604000 Inox A+++ 60 cm Pyramidal cooker hood combines advanced technology and sophisticated design for any modern kitchen.

This pyramid-shaped cooker hood offers an elegant and functional design that becomes the focal point of any kitchen, optimising smoke and odour extraction.

With an extraction rate of 427.6 m³/h, this hood ensures effective removal of smoke and odours, providing a clean and fresh environment.

The energy efficiency Class A+++ combined with a DC motor ensures reduced energy consumption and quiet operation, translating into savings and convenience.

The SS Touch control panel offers intuitive and modern interaction, while the stainless steel finish ensures durability and a sophisticated appearance.

With 3 speed levels, you can adjust the extraction power according to your needs, offering flexibility during cooking.

LED lighting provides optimal visibility in the cooking zone while being energy efficient.

The 5-layer aluminium filters effectively capture grease and are dishwasher-safe, keeping the hood in perfect condition.

The hood includes carbon filters to enable recirculation, effectively eliminating odours when external extraction isn't possible.

COMPOSITION:

Pyramidal cooker hood, 2 carbon filters (not installed), instruction manual.

Bolero Flux PT 604400 Inox

A+++

Cecotec Bolero Flux PT 604400 Inox A+++ pyramid cooker hood, 60 cm width, 449.5 m³/h extraction rate, Class A+++, Invisible Touch Control, stainless steel finish with white glass front, DC motor, Hand Movement Control, Booster function, washable filters, carbon filters included for recirculation option.

FEATURES:

Cecotec Bolero Flux PT 604400 Inox A+++ . Its 60 cm design in elegant stainless steel and white glass front adds a modern and professional touch to any kitchen, combining durability with easy cleaning.

Enjoy an always fresh environment thanks to its powerful 449.5 m³/h extraction rate, efficiently removing smoke, odours and grease even in intensive-use kitchens.

Save on your electricity bill with its latest-generation DC motor and A+++ energy rating, ensuring superior performance with optimised consumption.

Control all functions with just one touch thanks to its invisible touch panel, which remains hidden when the hood is off, maintaining clean and minimalist aesthetics.

Adapt extraction to every situation with 3 speed settings and a fourth Booster function for maximum extraction needs, always ensuring the best kitchen environment.

Hand Movement Control (gesture control). Forget about buttons and adjust the extraction speed simply by waving your hand in front of the hood, perfect for uninterrupted cooking and maintaining hygiene.

Illuminate your cooking zone with low-consumption LED lighting, providing optimal visibility and creating a pleasant atmosphere while cooking.

The 5-layer aluminium filters effectively retain grease and are dishwasher-safe, ensuring maximum performance and cleanliness at all times.

Includes carbon filters (not installed) for easy air recirculation option, improving kitchen environment quality without requiring external ventilation.

COMPOSITION:

Pyramidal cooker hood, 2 carbon filters (not installed), instruction manual.

Bolero Flux PM 904000 Inox A

Cecotec Bolero Flux PM 904000 Inox A pyramid cooker hood, 90 cm width, stainless steel finish, DC motor, Class A, 400 m³/h extraction rate, LED lighting and carbon filters included.

FEATURES:

The perfect standard for your kitchen. Its 90 cm pyramidal design integrates perfectly with most hobs and kitchen cabinets, ensuring simple installation and harmonious aesthetics without complex modifications.

Say goodbye to smoke and odours. With its 400 m³/h extraction rate, this hood effectively removes steam, grease and cooking odours, keeping your kitchen air clean and fresh even when preparing the most demanding recipes.

Maximum efficiency, minimum consumption. Equipped with a latest-generation DC motor, this hood offers superior performance with incredibly low power consumption. Save on your electricity bill and protect the environment without sacrificing power.

Simplicity and durability within your reach. Its mechanical controls allow you to select power quickly, intuitively and reliably. Forget about complicated digital menus and enjoy direct and effective operation that withstands the test of time.

The right power for every moment. Adapt the extraction rate to your needs. Use low speed for gentle cooking, medium for everyday use and maximum power for frying or cooking for large groups. Total control over your kitchen environment.

Perfect visibility with minimal expense. The built-in LED lighting illuminates your cooking area clearly and brightly, allowing precise control over your dishes.

Effortless maintenance. Its multi-layer aluminium filters effectively trap grease and are conveniently dishwasher-safe.

Ready to work in any kitchen. Carbon filters are included so you can install it in recirculation mode straight away, without requiring external ventilation. A versatile solution that neutralises odours and purifies air.

⁵The number of speeds and the Booster function vary depending on the model.

Bolero Flux TM 603500 Inox B

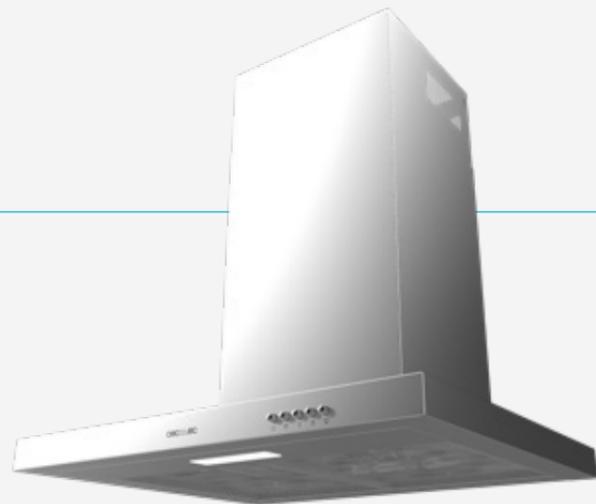

T Bolero Flux TM 603500 Inox A kitchen hood, 60 cm wide, stainless-steel finish, suction power 350m³/h, Motor 70 W, Class A, mechanical control, 3 power levels, light and carbon filter.

FEATURES:

Large kitchen hood: enjoy the 60 cm width of the kitchen hood.
Innovative design: the kitchen hood has a stainless-steel finish that will bring strength and design to your kitchen.
Strong suction power: the kitchen hood is equipped with a suction power of 350m³/h that will remove unpleasant odours from your kitchen.
Very powerful: the 70 W motor of the kitchen hood will allow you to improve the air quality and keep your kitchen clean at all times.
Energy class A: high performance with low consumption.
Mechanical control: manually select between the different functions offered by the kitchen hood, easily and intuitively.
3 power levels.
No bad smells: it has a carbon filter, ideal for eliminating both bad smells and smoke.
3-layer aluminium grease filter for efficient removal of grease and smoke.
LED lighting.

COMPOSITION:

Kitchen hood, assembly kit, 2 carbon filters Ø132, instruction manual

Bolero Flux TT 604000 Inox A++

Bolero Flux TT 604000 Inox A++ T-shaped kitchen hood, 60 cm wide, 393 m³/h extraction, 3 speeds, SS Touch Control, A++ energy rating, DC motor, LED lighting, aluminium and carbon filters included.

FEATURES:

Cecotec Bolero Flux TT 604000 Inox A++ T-shaped kitchen hood, 60 cm wide, combines advanced technology and sophisticated design for any modern kitchen.
This T-shaped kitchen hood offers an elegant and functional design that becomes the focal point of any kitchen, optimising smoke and odour extraction.
With 393 m³/h suction power, this hood ensures effective removal of smoke and odours, providing a clean and fresh environment.
The A++ energy efficiency combined with a DC motor ensures reduced energy consumption and quiet operation, translating into savings and comfort.
The SS Touch control panel offers intuitive and modern interaction, while the stainless steel finish ensures durability and a sophisticated appearance.
Three-speed settings. Adjust suction power according to your needs, offering flexibility during cooking.
LED lighting provides optimal visibility in the cooking zone while being energy efficient.
The 5-layer aluminium filters effectively capture grease and are dishwasher-safe, keeping the hood in perfect condition.
The hood includes carbon filters to enable recirculation, effectively eliminating odours when external extraction isn't possible.

Bolero Flux TT 604400 Inox A++

Cecotec Bolero Flux TT 604400 Inox A++ T-shaped cooker hood, 60 cm width, with 413.3 m³/h extraction rate, Class A++, Invisible Touch Control, stainless steel finish with white glass front, DC motor, Hand Movement Control, Booster function, washable filters, carbon filters included for recirculation option.

FEATURES:

Elegant and resistant design. 60 cm hood with stainless steel and white glass front that adds a modern and professional touch to any kitchen, combining durability with easy cleaning. Smoke-free kitchen. Enjoy an always fresh environment thanks to its powerful 413.3 m³/h extraction rate, efficiently removing smoke, odours and grease even in intensive-use kitchens. Maximum performance, minimum consumption. The DC motor and A++ energy rating ensure superior performance with energy savings. Single-touch control. Invisible touch panel to manage all functions that remains hidden when the hood is off, maintaining clean and minimalist aesthetics. Tailor-made power. Adapt extraction to every situation with 3 speed settings and a fourth Booster function for maximum extraction needs, always ensuring the best kitchen environment. Cook without interruptions. Forget about buttons and change the extraction speed simply by waving your hand in front of the hood, thanks to the Hand Movement Control technology. Perfect for uninterrupted cooking and maintaining hygiene. Illuminate your cooking area. Its low-consumption LED lighting provides optimal visibility and creates a pleasant atmosphere while cooking. Efficiently removes grease. 5-layer aluminium filters that effectively retain grease, ensuring maximum performance and cleanliness. Dishwasher-safe. Goodbye bad odours. Includes carbon filters (not installed) for easy air recirculation option, improving kitchen environment quality without requiring external ventilation.

Bolero Flux TT 609500 Slim Inox A+++

Cecotec Bolero Flux TT 609500 Slim Inox A+++ T-shaped cooker hood, 60 cm width, with 829.5 m³/h extraction rate, Class A+++, Hand Movement Control, stainless steel finish, DC motor, Double Booster, Heat Sensor, Air Cleaning function, washable filters, carbon filters included for recirculation option.

FEATURES:

Design that inspires your kitchen. Its elegant T-shape and high-quality stainless steel finish make it the centre of attention. It adds a professional and modern design touch while ensuring exceptional durability and easy cleaning.

Perfect integration, total coverage. With a standard 60 cm width, it aligns perfectly with your hob, ensuring optimal smoke extraction across the entire surface and balanced aesthetics with the rest of your kitchen cabinets.

Extreme power for the most demanding chefs. Say goodbye to smoke, odours and steam forever. Its incredible 829.5 m³/h extraction rate purifies your kitchen air in seconds, even during the most intense cooking such as frying or grilling.

Superior performance, minimal consumption. Enjoy maximum market power with the best energy efficiency. Thanks to its DC motor and Class A+++ , you'll get professional performance with dramatic savings on your electricity bill. Power and sustainability go hand in hand.

The future of cooking, in your hand. Control the hood speed levels with Hand Movement Control, without touching it. A hygienic, convenient and surprisingly intuitive experience.

Absolute precision for every recipe. Adapt the extraction to your needs with its 3 speeds and provide extra power with its 2 Booster levels, designed to eliminate dense fumes in record time. You'll have exact control for every moment.

Your smart hood that anticipates your needs. The heat sensor detects when you start cooking and automatically adjusts the suction power according to heat intensity. Cook without interruptions while the hood works for you to maintain the perfect environment.

Pure and fresh air, even when you're not cooking. With the Air Cleaning function, the hood automatically renews your kitchen air on a programmed schedule, silently and efficiently eliminating residual odours to maintain a consistently healthy environment.

Bolero Flux TT 909500 Slim Inox A+++

Cecotec Bolero Flux TT 909500 Slim Inox A+++ T-shaped cooker hood, 90 cm width, with 829.5 m³/h extraction rate, Class A+++, Hand Movement Control, stainless steel finish, DC motor, Double Booster, Heat Sensor, Air Cleaning function, washable filters, carbon filters included for recirculation option.

FEATURES:

Design that inspires your kitchen. Its elegant T-shape and high-quality Dark stainless steel finish make it the centre of attention. It adds a professional and modern design touch while ensuring exceptional durability and easy cleaning.

Perfect integration, total coverage. With a standard 60 cm width, it aligns perfectly with your hob, ensuring optimal smoke extraction across the entire surface and balanced aesthetics with the rest of your kitchen cabinets.

Extreme power for the most demanding chefs. Say goodbye to smoke, odours and steam forever. Its incredible 829.5 m³/h extraction rate purifies your kitchen air in seconds, even during the most intense cooking such as frying or grilling.

Superior performance, minimal consumption. Enjoy maximum market power with the best energy efficiency. Thanks to its DC motor and Class A+++ , you'll get professional performance with dramatic savings on your electricity bill. Power and sustainability go hand in hand.

The future of cooking, in your hand. Control the hood speed levels with Hand Movement Control, without touching it. A hygienic, convenient and surprisingly intuitive experience.

Absolute precision for every recipe. Adapt the extraction to your needs with its 3 speeds and provide extra power with its 2 Booster levels, designed to eliminate dense fumes in record time. You'll have exact control for every moment.

Your smart hood that anticipates your needs. The heat sensor detects when you start cooking and automatically adjusts the suction power according to heat intensity. Cook without interruptions while the hood works for you to maintain the perfect environment.

Pure and fresh air, even when you're not cooking. With the Air Cleaning function, the hood automatically renews your kitchen air on a programmed schedule, silently and efficiently eliminating residual odours to maintain a consistently healthy environment.

Bolero Flux DT 904400 Matt Black A+++

Cecotec Bolero Flux DT 904400 Matt Black A+++ decorative cooker hood, 90 cm width, featuring matte and glossy glass finish, stainless steel chimney, 416.5 m³/h extraction rate, Class A+++ , DC motor, Invisible Touch Control, Hand Movement Control, 3 speed settings, Booster function, LED lighting, aluminium filters, carbon filters included for recirculation option.

FEATURES:

Innovative and resistant design. 90 cm wide stainless steel hood, with easy-clean matte black front glass, adapting to every kitchen style.

Smoke-free kitchen. 416.5 m³/h extraction rate that effectively removes smoke, odours and grease, maintaining a clean and fresh environment at all times.

High performance, low consumption. Save with A+++ energy rating and latest-generation DC motor with greater resistance.

Discreet total control with one touch. Integrated Invisible Touch panel ideal for managing all functions simply. When the hood is switched off, the panel remains hidden.

Less dirt, greater agility. Forget about buttons with Hand Movement Control technology, change extraction speed simply by passing your hand in front of the hood.

Ideal extraction for every moment. 3 speeds and Booster function for every occasion, ensuring the best environment in your kitchen.

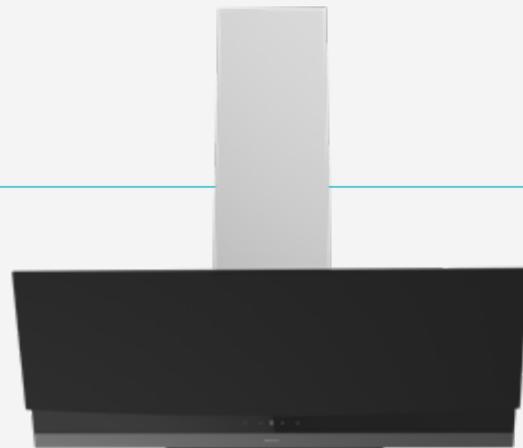

Cooking area always illuminated. Low-consumption LED light that provides optimal visibility while cooking.

Forget about grease. 5-layer aluminium filters that effectively retain grease, ensuring maximum performance and cleanliness.

Improves ambient quality. Includes carbon filters (not installed), for optional air recirculation without need for external output.

Bolero Flux DT 907500 Matt Black A+++

Cecotec Bolero Flux DT 907500 Matt Black A+++ decorative cooker hood, 90 cm width, featuring matte and glossy black glass with copper accents, black chimney, 717.2 m³/h extraction rate, Class A+++, DC motor, touch control, Hand Movement Control, Double Booster function, Air Cleaning function, Wi-Fi App connectivity, LED lighting, aluminium filters, carbon filters included for recirculation option.

FEATURES:

Modern and elegant design. Decorative hood: transform your kitchen into a modern and elegant space thanks to its design, which perfectly combines functionality and style.

Matte black glass finish. Its 90 cm structure that easily integrates into any kitchen, and its matte and glossy white glass finishes, along with copper-coloured details, add distinction and sophistication to the environment.

Clean, smoke-free air. 717.2 m³/h extraction rate: achieve an effectively clean environment, even during the most demanding preparations.

High performance, low consumption. DC motor and Class A+++: combination that allows energy and money savings. Additionally, offers quiet and lasting operation.

Comfortable and intuitive control. Touch panel: select all hood functions intuitively and conveniently with its modern touch panel, easy to clean and use.

Activate and control the hood without contact. Hand Movement Control: allows you to control the hood with a hand gesture, facilitating control and avoiding smudges when your hands are occupied.

Quick odour and fume absorption. Dual Booster function: provides extra power when you need it most to rapidly eliminate intense odours and fumes.

Automatic air cleaning. Air Cleaning: maintains kitchen air always fresh through constant air renewal, even after cooking.

Control the hood from your mobile phone. App Control: control the hood from anywhere and always enjoy a clean kitchen environment.

Clear cooking area illumination. LED light: improves visibility and creates a pleasant kitchen environment.

No external ventilation required. Carbon filters included: allow the hood to be installed in recirculation mode, without requiring external smoke outlet.

This decorative wall-mounted hood stands out for its 35 cm circular design, becoming an attractive visual element that brings modernity and sophistication to any kitchen.

The stainless steel finish offers an elegant and professional aesthetic, while facilitating cleaning and extending product lifespan.

The touch control system allows the hood to be operated comfortably, quickly and precisely, making daily use much more intuitive and practical.

Enjoy powerful extraction rate of up to 800 m³/h, effectively removing smoke and odours, maintaining a fresh and clean environment even during intensive cooking sessions.

Adapt the extraction power to every situation with two selectable speeds and activate the Booster function to quickly eliminate intense smoke and odours.

Enjoy maximum energy efficiency with A++ class rating and a DC motor that reduces power consumption, offers quiet operation and extends the hood's service life.

Perfectly illuminate your cooking zone with built-in LED lighting, providing clear and pleasant visibility with minimal energy consumption.

The aluminium filter ensures optimal grease retention, is easy to remove and can be cleaned in the dishwasher, maximising maintenance convenience.

COMPOSITION:

Round wall-mounted cooker hood, instruction manual, mounting kit

220-240 V 50 Hz
147 W

Bolero Flux ICT 388000 Inox A++

Bolero Flux ICT 388000 Inox A++ square island kitchen hood, 38cm diameter, stainless-steel finish, suction 800m³/h, 210 W motor, Class A++, electronic control, 3 power levels, light, carbon filter and Delay function.

FEATURES:

Square island kitchen hood 38 cm wide.
Stainless-steel finish.
Strong suction power: the kitchen hood is equipped with a suction power of 800m³/h that will remove unpleasant odours from your kitchen.
Very powerful: the 220 W motor of the kitchen hood will allow you to improve the air quality and keep your kitchen clean at all times.
Energy class A++: high performance with low consumption.
Electronic control, it has electronic buttons with blue light.
3 power levels.
No bad smells: it has a carbon filter, ideal for eliminating both bad smells and smoke.
Protect yourself from grease: the kitchen hood contains a 5-layer aluminium grease filter.
LED lighting.
Smoke sensor: automatically detects smoke to adjust the power to the required level.

COMPOSITION:

Extractor hood, assembly kit, 2 Ø176 carbon filters, instruction manual

Bolero Flux CCT 1806900 Black

A++

Cecotec Bolero Flux CCT 1806900 Black A++ premium island cooker hood, 1.8 m width, 689.5 m³/h extraction rate, Class A++, DC motor, Double Booster, Air Cleaning, Heat Sensor and Smart Kitchen Technology, aluminium filters and carbon filter included.

FEATURES:

The Cecotec Bolero Flux CCT 1806900 Black A++ is a state-of-the-art island cooker hood, designed for those seeking quality, design and technology in their kitchen.

With its 1.8-metre height, matte black finish and black glass front with decorative shelf, it offers an imposing and elegant presence, ideal for large kitchen islands and sophisticated environments.

Enjoy consistently clean, smoke-free air, even in large kitchens, thanks to its powerful 689.5 m³/h extraction rate. Cook comfortably and worry-free.

Save energy and protect the environment thanks to its low-consumption, highly efficient DC motor, certified with energy class A++. More power, less expenses.

Operation is simple and precise through its touch panel, with 3 speed levels and dual Booster function to adapt to any kitchen situation, from gentle to intensive cooking.

Create the perfect ambiance in your kitchen with its fine LED light lines, fully adjustable in brightness and colour temperature. Personalised lighting for every moment.

Heat Sensor, your smart hood that anticipates your needs: the heat sensor automatically detects when you start cooking and adjusts the suction power according to heat intensity.

Cook without interruptions and maintain perfect ambient conditions.

The Air Cleaning function keeps your kitchen air always fresh by automatically renewing and purifying the environment even after cooking, for total comfort.

Dishwasher-safe aluminium filters. Includes 3 black aluminium filters, each with 5 layers, fully dishwasher-safe, ensuring maximum durability and easy maintenance.

Carbon filters included: Enjoy purer, odour-free air with the included carbon filters that enhance filtration system efficiency, ideal for maintaining your kitchen impeccable.

The Cecotec Bolero Flux CRE 385500 Copper A+ is designed as a 38.5 cm diameter round hanging island hood, bringing a modern and elegant style that becomes the centrepiece of your kitchen.

Its copper finish not only adds sophistication and cutting-edge style to the environment but is also easy to clean and keeps the hood impeccable for longer.

Enjoy maximum energy efficiency thanks to its Class A+ and DC motor, which reduces power consumption and ensures powerful and quiet operation.

The electronic button control panel allows simple, quick and precise management of all hood functions, adapting to your kitchen rhythm.

Equipped with 6-layer aluminium filters, this hood ensures optimal grease and particle retention, protecting both the motor and your kitchen environment.

Included carbon filters ensure effective air purification, eliminating odours and keeping your kitchen fresh and pleasant.

COMPOSITION:

Island hanging hood, mounting kit, carbon filters, instruction manual

220-240 V 50/60 Hz
127 W

Bolero Flux ET 907500 Glass Inox A+

Cecotec Bolero Flux ET 907500 Glass Inox A+ downdraft cooker hood, 90 cm width, 696 m³/h extraction rate, Class A+, with DC motor, Touch Control, 3 speed levels and Booster function, backlit glass with colour selection, aluminium and carbon filters included.

FEATURES:

Cecotec Bolero Flux ET 907500 Glass Inox A+ is a next-generation downdraft hood, perfect for those seeking innovation and discretion in the kitchen.

This 90 cm hood integrates elegantly into the worktop, with automatic glass opening and elevation, adding a touch of modernity and functionality. Its stainless steel finish ensures durability and impeccable appearance.

Thanks to its impressive 696.0 m³/h extraction rate, it effectively removes smoke and odours, allowing you to enjoy a clean and fresh environment while cooking.

With energy class A+ and DC motor, this hood combines high performance with efficient consumption, helping you save on electricity bills and protect the environment.

The intuitive touch panel offers 3 speed levels and Booster function, adapting to any culinary need and providing total extraction control.

The backlit glass not only provides avant-garde design but allows you to personalise your kitchen ambiance by choosing the lighting colour to match your style or mood.

Includes 3 black 5-layer aluminium filters, dishwasher-safe, simplifying maintenance and ensuring maximum effectiveness for longer.

The included carbon filters enhance air purification, eliminating odours and providing a consistently pleasant kitchen environment.
