# Go big and choose the big screen

## 98 inches: a gateway to the universe

Immerse yourself in this versatile format and enjoy an audiovisual experience like no other. Let yourself become immersed in your favourite content with up to 98 inches<sup>1</sup> that will turn your living room into the ultimate movie theatre.

# More than a TV, a work of art

Extra-flat design

Art Mode

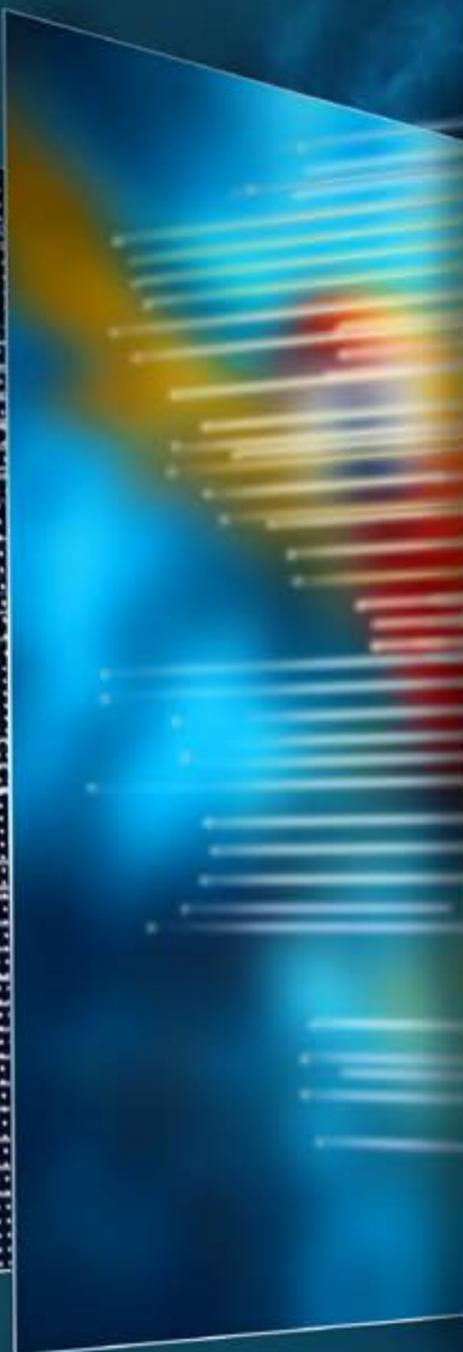

Anti-reflective technology

Our new models<sup>1</sup> go beyond audiovisual entertainment. The latest picture and sound technology is combined with an extra-slim design with customizable frames to transform the screen into a picture that fully integrates with the home decor. In addition, the TVs feature Art mode and anti-reflective technology, allowing large, matte-textured artwork to be displayed.

1. Models available in the market soon.

## Visual revolution with MiniLED technology

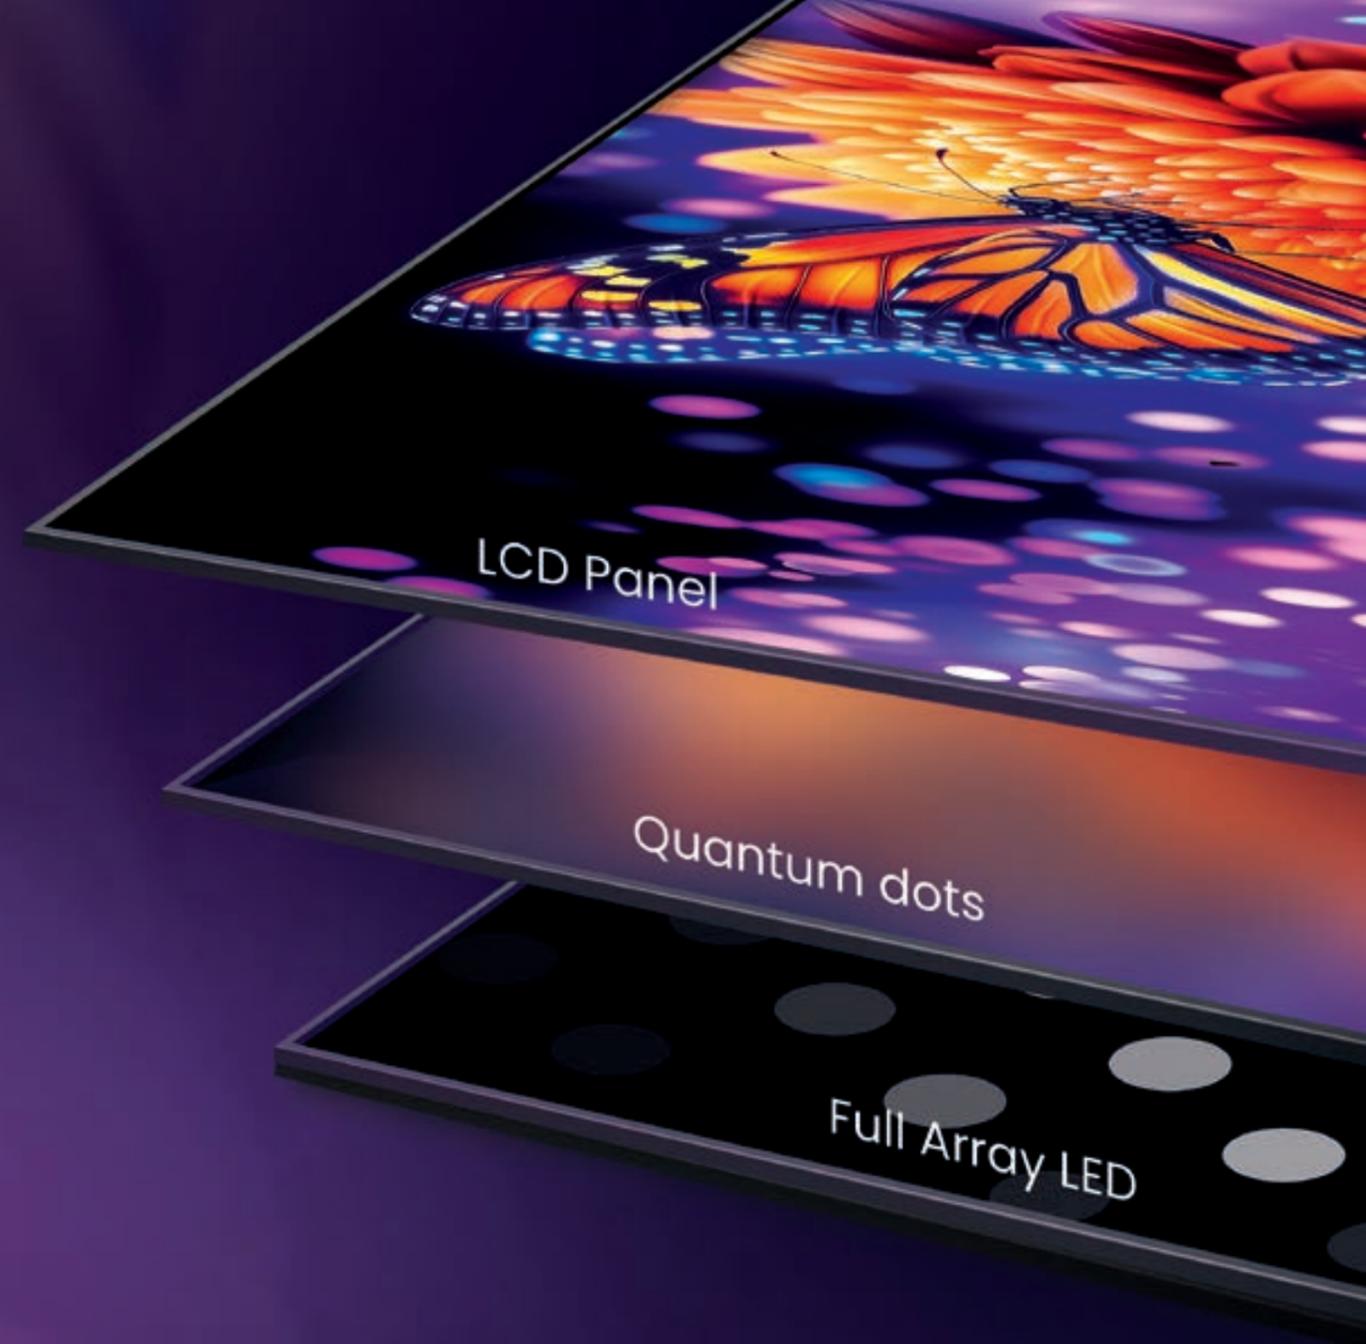

This new panel<sup>1</sup> takes the visual experience to another level, offering a much denser backlight with higher brightness and better contrasts. In addition, thanks to its precise control of different zones, each image is optimally adjusted, highlighting brightness and shadows according to the content.

4K UHD

## Say hello to Ultra-High Definition

Embrace Ultra HD with QLED TVs, and enjoy your favourite content like never before thanks to a screen that delivers images with purer colours and four times sharper images than a Full HD TV.

FULL ARRAY LOCAL DIMMING

## Intelligent lighting, perfect contrast

Take your imaging experience to the next level with zoned backlighting that adapts the brightness of each LED on the screen to the projected image. This creates a unique contrast with deeper blacks and brighter highlights, bringing out all the details so you can immerse yourself in a cinematic experience.

# Praise the image!

## DOLBY VISION

### More shine

Dolby Vision technology<sup>1</sup> optimises the quality of each frame to achieve perfect brightness, colour, contrast, detail and dimensionality to create unique images automatically.

## HDR10

### Greater realism

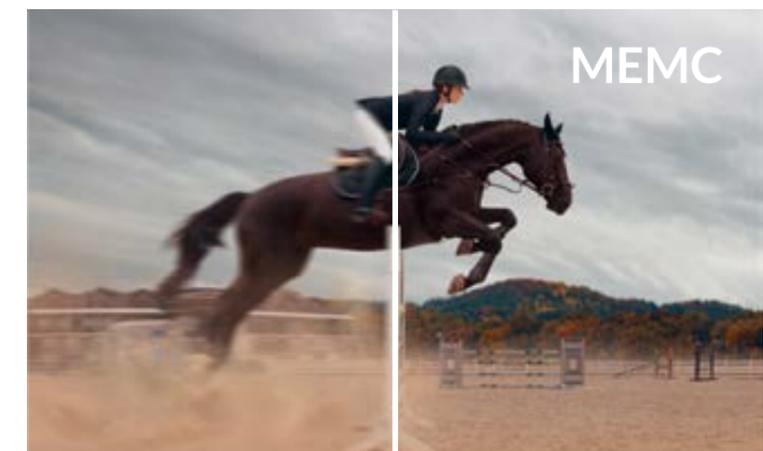

High dynamic range for greater depth and luminosity. This brings the images closer to what the human eye sees in the real world.

## MEMC

### Greater smoothness

Take action to the next level with MEMC<sup>2</sup> technology that automatically adds frames between images for smoother, sharper movements.

<sup>2</sup>Technology not available on ALH30032, ALH30032S and ALH40032 models.

## WIDE COLOR GAMUT

# Experience colours like never before

Discover a new way to experience colour with Wide Colour Gammut 96%<sup>1</sup> technology, the largest colour gamut that allows you to see the purest images with 1.07 million colours.

<sup>1</sup>Available on models VQU10050, VQU10050S, VQU10055, VQU10055S, VQU11055+, VQU11055+S, VQU11055Z+, VQU11055Z+S, VQU10065, VQU10065S, VQU11065+, VQU11065+S, VQU11065Z+, VQU11065Z+S, VQU11070+, VQU11070+, VQU11070Z+, VQU11070Z+S, VQU20075 and VQU20075S. Wide Colour Gamut 92 % technology is implemented in models VQU30075+, VQU30075+S, VQU30085+, VQU30085+S, VQU30098+ and VQU30098+S.

## FRAMELESS

# It's what's inside that counts

Enjoy its sleek, minimalist frameless<sup>2</sup> design, which almost entirely eliminates the TV's frame to give the picture all the limelight. It also incorporates a central rotating stand for total control over the position of your TV.

<sup>2</sup>Not available on ALU00055S model.

# Immersive experience

## PURE MOVE

### Eye-catching movement

Moving images and natural fluidity<sup>2</sup> enhance the experience of dynamic content such as sports or action movies.

## PURE DIMMING

### Bright image

Image brightness attenuation enhancement to suit the type of images<sup>1</sup>. Brightness adapts to lighting, whether outdoors, indoors, or at night.

# Surrounding sound

## Integrated sound bar

Enjoy superior sound thanks to the TV's built-in soundbar<sup>1</sup>. Its sleek styling keeps the design slim and adds four channels of audio for powerful, defined surround sound that puts you at the centre of every scene and lets you feel even the whispers.

**SUBWOOFERS & 60 W ON 6  
SPEAKERS 2.2 CHANNEL<sup>2</sup>**

## Deep and powerful bass sounds

The sound system has integrated Subwoofers and 60 W on 6 2.2 channel speakers that take the sound experience further by enhancing the bass and achieving a superior audio level.

## DOLBY ATMOS

### Surrounding sound

Enjoy the surrounding sound provided by Dolby Atmos technology<sup>1</sup>, which will put you in the centre of the action and allow you to listen to the different sounds in 360°.

## DTS-X

### May the audio be with you

Enjoy a new immersive and interactive sound experience<sup>2</sup> that delivers real sound that moves all around you.

<sup>2</sup>Available on models ALU20043, ALU20043S, ALU20043Z, ALU20043ZS, ALU10050, ALU10050S, ALU20050, ALU20050S, ALU20050Z, ALU20050ZS, ALU00055S, ALU20055, ALU20055S, ALU20055Z, ALU20055ZS, ALU20065, ALU20065S, ALU20065Z, ALU20065S, ALU20065ZS, ALU20070, ALU20070S, ALU20070Z, ALU20070ZS, ALU20070ZS, VQU10050, VQU10050S, VQU10055, VQU10055S, VQU11055+, VQU11055+S, VQU11055Z+, VQU11055Z+S, VQU10065, VQU10065S, VQU11065+, VQU11065+S, VQU11065Z+, VQU11065Z+S, VQU11070+, VQU11070+S, VQU11070Z+, VQU11070Z+S and ZOU10065.

<sup>1</sup>Technology not available on ALH30032, ALH30032S, ALH40032, ALU30043 and ALU30043S models.

# All the content at your fingertips

## ANDROID TV 11 AND GOOGLE TV

### Huge and varied content catalogue

Android TV<sup>1</sup> and Google TV<sup>2</sup> have the world's most comprehensive collection of apps. All the content, games and apps you can imagine: Netflix, Disney+, MOVISTAR, HBO Max, Spotify, MiTele, Loves TV, and much more. Enjoy an easy, intuitive interface and maximum compatibility with Chromecast and Google Voice assistant. Get entertained like you mean it.

## CORTEX A55V OR QUAD CORE A55 2GB

# The processor that makes it all better

The efficiency of the CORTEX A55 and QUAD CORE A55 2Gb processors<sup>1</sup> enhances the user experience on the TV, ensuring incredible smoothness and performance.

## GOOGLE VOICE ASSISTANT

# Control everything with your voice

The best assistant for your TV. Thanks to the voice commands, you will be able to control a large number of functions without the need for remote controls or getting up.

<sup>1</sup>Processors may change depending on the model.

# Every gamer's dream

Fluidity and responsiveness granted by technologies that process the image and reproduce it dynamically for greater immersiveness.

## FREQUENCY 120 HZ

### Smooth and sharp images

If you are a gamer, the 120 Hz frequency is key. Enjoy smooth, crisp visuals in every game and boast fast reflexes thanks to its high frame refresh rate.

## VRR

# The best gaming experience

Achieve a much smoother gaming experience by matching the screen refresh rate to the game's frames per second<sup>1</sup>.

## HDMI 2.1

# Standout connection

It increases the transfer speed from 18 Gbps (version 2.0) to as much as 48 Gbps. Faster refresh rate to offer you the best gaming and movie-watching experience.

VRR

HDMI™  
HIGH-DEFINITION MULTIMEDIA INTERFACE  
VERSION 2.1

## ALLM

### Lag? What's that?

ALLM<sup>2</sup> (Auto Low Latency Mode) gets the most out of next-generation consoles by automatically setting the ideal latency for a smoother experience.

## USB 3.0.

### Full speed ahead!

Enjoy faster file transfer speeds, capable of transmitting data at maximum speeds up to 10 times faster than USB 2.0.

**ALLM**  
Auto Low Latency Mode

<sup>2</sup>Not available on models ALH30032, ALH30032S, ALH40032, ALU30043, ALU30043S, ALU30075, ALU30075S, VQU20043, VQU20043S, VQU20075, VQU20075S, VQU30075+, VQU30075+S, VQU30085+, VQU30085+S, VQU30098+ and VQU30098+S.

# Home televisions expanding into businesses

## HOTEL MODE

The most useful service for your business

Configure and limit to your liking the actions allowed by your television in all the models you have in your business<sup>1</sup>.

## MEETING MODE

Need to hold a meeting?  
No problem!

Enter Meeting Mode<sup>2</sup> and become the king of meetings thanks to its ease of connection and extreme speed and stability.

# Discover the LED TV range.

The background features a central dark blue circle. From this circle, numerous thin, wavy lines radiate outwards, transitioning through a spectrum of colors including purple, magenta, pink, orange, and red. Interspersed among these lines are small, bright, multi-colored dots (cyan, magenta, yellow, blue) that create a bokeh effect. The overall composition is dynamic and colorful, set against a dark, almost black background.

43" QLED TV with 4K UHD resolution, Google TV operating system, Dolby Vision&Atmos, Wide Colour Gamut, VRR, HDMI 2.1, USB 3.0, HDR10, 16 Gb ROM, Google Voice Assistant and Chromecast.

### FEATURES:

QLED: enjoy your favourite content like never before thanks to its screen that delivers images four times sharper than a Full HD TV. 4K UHD resolution. Experience a unique user experience with optimal resolution. Purer, truer colours of utmost depth.

CORTEX A55 processor: enjoy an efficient processor that enhances the user experience on the TV.

Google TV: it features the latest and most efficient version of the Google TV operating system.

16 Gb of ROM: save all your applications and other files thanks to its large storage capacity.

HDR10: get more depth and luminosity in your images, thanks to its 10-bit display.

Dolby Vision: optimises every frame to show purer, more lifelike images.

Dolby Atmos: 360° multi-dimensional surround sound for a true-to-life listening experience.

VRR: adjusts latency automatically.

Wide Colour Gamut 92%. The largest colour scale for the customer to see the purest images with 1.07 million colours.

HDMI 2.1: allows for high frequencies and resolutions without damaging the source image.

USB 3.0: reduces data transmission times with its high speed.

Chromecast: quickly cast all the content you want from any other device.

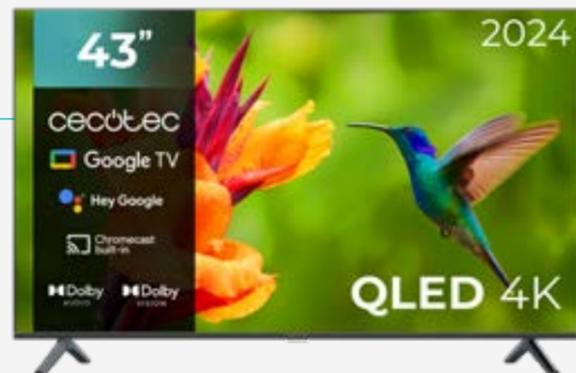

Google Voice Assistant: operate your TV using only your voice.

Meeting Mode: quickly connect to meetings thanks to the easy access provided by this mode.

Frameless: the latest groundbreaking and innovative frameless design.

### COMPOSITION:

2 x AAA batteries, remote control, instruction manual, QLED TV 43" UHD

 107 x 14 x 64 cm 9.2 kg  
107 x 14 x 64 cm 9.2 kg

# Discover the OLED TV range.

*Z Series.*

# TV Cecotec Z1 series ZOU10065

65" OLED TV with 4K UHD resolution and Android TV OS v. 11.

## FEATURES:

OLED, get pure blacks and perfect chromatic scaling.

Android TV.V.11.

Built-in Chromecast.

4K UHD: ultra-sharp, high-definition images.

Frameless design: minimises the margin between frames and image.

120-Hz screen: 120-Hz refresh rate for smoother images.

MEMC: adds compensation frames to offer smoother, sharper images.

Dolby Vision: optimises every frame to show purer, more lifelike images.

Dolby Atmos: 360° multi-dimensional surround sound.

Subwoofer: enhances bass and creates a superior audio experience.

HDR10: images processed for greater depth of colour.

HDMI 2.1: allows high frequencies and resolutions without image damage.

Pure Dimming/Pure Move/Pure Outline: enhances the brightness, sharpness, and movement of every image.

ALLM: automatically configures latency.

Eye Comfort: protects the eyes and reduces eye fatigue.
