Discover AirGlisse™

The new generation of stylers is here, it's called AirGlisse

HEATING PLATES

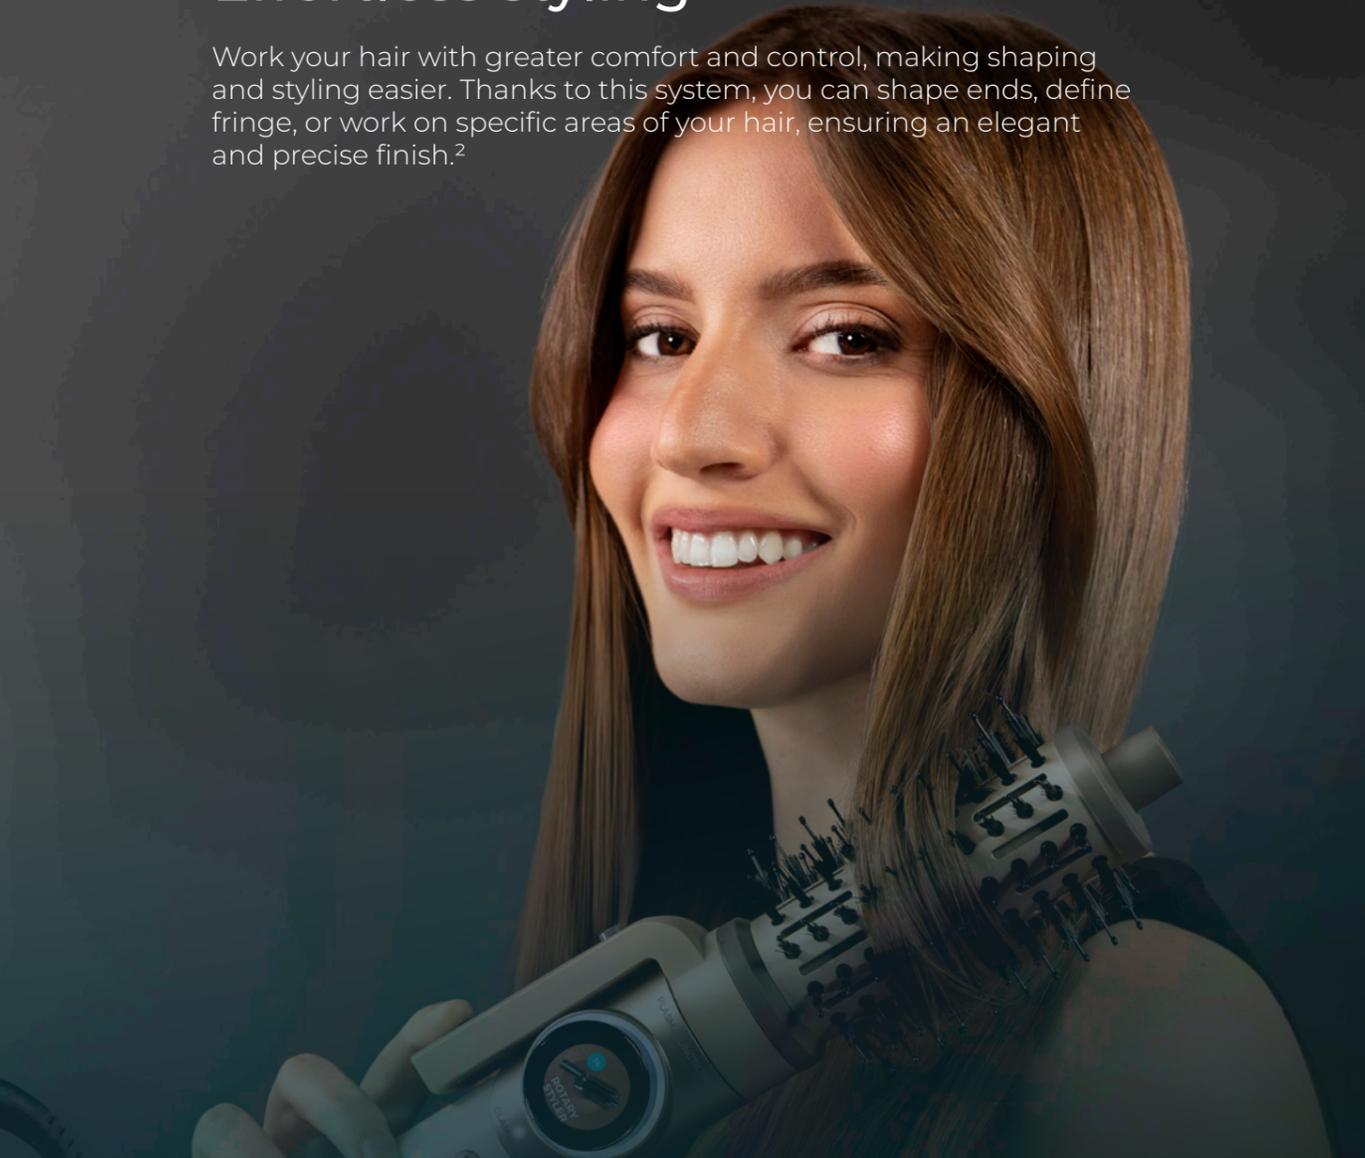

Flawless and long-lasting hairstyle

Advanced PTC technology allows it to quickly reach its ideal temperature and maintain it steady throughout the styling process. This not only improves styling efficiency but also helps to seal the hair cuticle, fixing your hairstyle and providing a more polished, shiny, and long-lasting finish after every use.¹

ROTATING FUNCTION

Effortless styling

Work your hair with greater comfort and control, making shaping and styling easier. Thanks to this system, you can shape ends, define fringe, or work on specific areas of your hair, ensuring an elegant and precise finish.²

DIGITAL DISPLAY

Complete control over every hairstyle

Visualise and select the attachment, regulate the temperature, and adjust the speed according to your needs. This system allows you to customise the experience to suit your hair type and the style you wish to achieve.

BRUSHLESS MOTOR

Faster results

Equipped with a powerful 110,000 rpm motor and 1400 W of power, it guarantees fast and efficient drying. Its advanced technology optimises airflow to reduce drying time and enhance performance with every use.³

PLASMA TECHNOLOGY

Shinier, more polished hair

Cares for your hair while styling, helping to combat frizz and maintain natural moisture. The result: softer, silkier hair after every use.

38 AND 45 MM ROTARYSTYLER

Effortless styling

Makes it easier to style the ends, define fringe, and work on specific areas of your hair.

14 HEADS

AIRLISSE

Smooth straightening

Achieve perfectly straight and shiny hair with every pass using its heating plates.

COANDATECH 34 AND 37 MM

Perfect waves

Create soft curls and waves with ease and achieve a voluminous, long-lasting finish.

14 HEADS

MAXICURLS

Defined curls

Defines each curl and adds extra volume to your hair.

LISSE&VOLUME

Naturally straight hair

Straightens and adds volume to the hair, ideal for an elegant, voluminous result.

14 HEADS

DRY&SLEEK

Reduces humidity and frizz

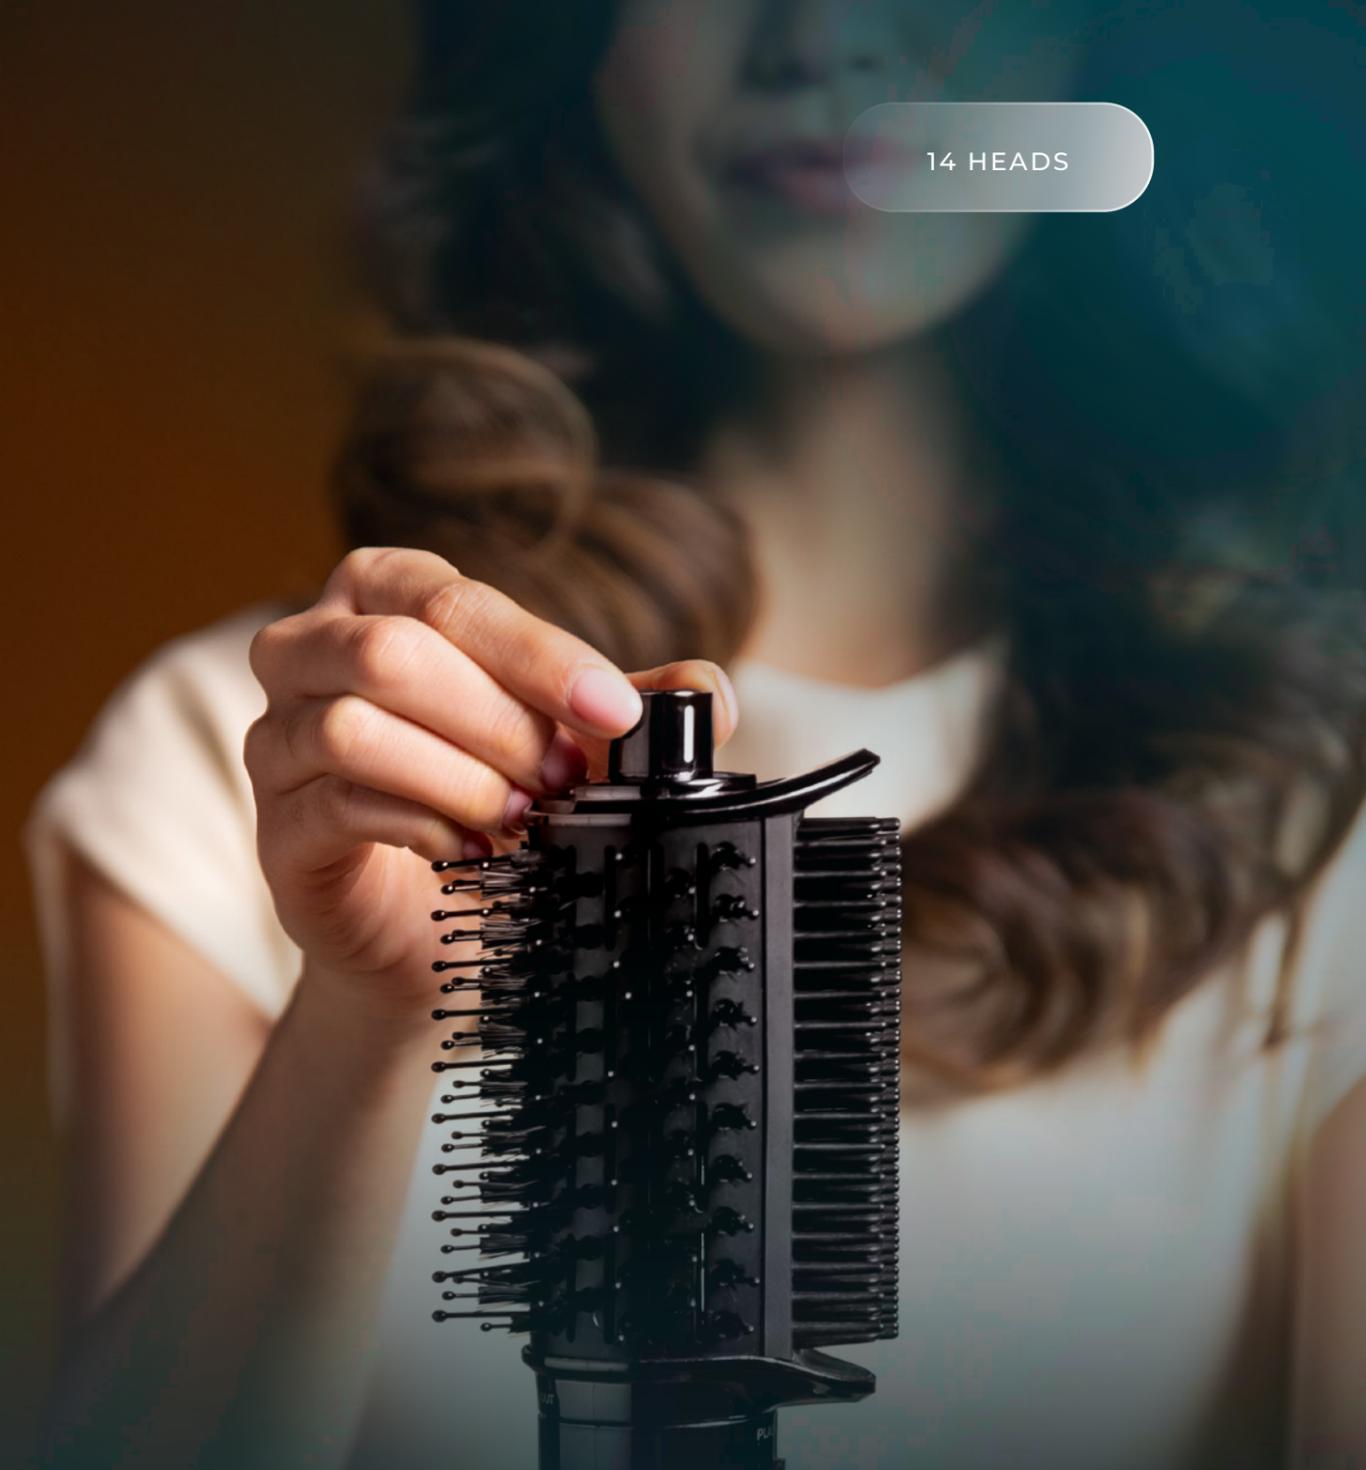

Provides a smooth and shiny finish, ideal for those seeking quick and effective styling.

AIRPRECISION

Powerful drying

Its powerful airflow delivers fast results after every use.⁴

PRECISE BLOWOUT

Styling with targeted airflow

Easily shape your hair with this attachment featuring redirected airflow for a customised experience and heated bristles for long-lasting results.

BLOWOUT

Voluminous styling

Adds volume and movement simply and effectively, providing a flawless finish.

FRIZZFREE

More polished hair

Combats static electricity at the roots, leaving hair softer and more manageable.

Discover AirGlisse™ Flex

DISPLAY

Customise each hairstyle

Visualise and select the attachment, regulate the temperature, and adjust the speed according to your needs.

FOLDABLE HANDLE

Designed to adapt to you

Fits comfortably in your hand, giving you precise and secure control for effortless styling anywhere.

DIGITAL MOTOR

Brush comfortably

Lighter, more durable and quieter. Provides a comfortable and uninterrupted styling experience.

HEATING PLATES

Your perfect style, all day long

Its PTCs, included in some heads, help seal the hairstyle so it lasts longer, giving you long-lasting results.

Discover the new heads of our AirGlisse™ 14in1 Flex

Transform your style with a single styling tool and dazzle with incredible hair every time you use it.

FRIZZ FREE

Say goodbye to frizz and enjoy silky, manageable hair.

STRAIGHTBRUSH

Achieve smoother hair with just one pass.

DRYSLEEK

Enjoy frizz-free drying with a smooth finish every time.

TANGLEFREE

Prepares hair for styling, leaving it soft and tangle-free.

SKYVOLUME

Adds volume from the roots for fuller, more movement-filled hair.

PROSTYLER

Style and shape your hair with its retractable pins, which prevent tangles when removing the brush.

MAXICURLS

Defines your curls, preserving their shape and volume.

COANDATECH

Create defined, voluminous waves quickly and easily with its 32 and 38 mm attachments.

STYLER

Ideal for a precise styling of the ends or fringe, achieving a smooth finish.

BLOWOUT

Style your hair easily, from gentle waves to voluminous hairstyles.

AIRPRECISION

It precisely removes moisture, leaving hair shiny and ready to style.

Versatility
tailored
to you

▲ AIRGLISSE™ FLEX 8IN1

▲ AIRGLISSE™ FLEX 14IN1

With AirGlisse™, you're the stylist

Take care of your hair

CERAMIC AND KERATIN COATING

Maximum heat protection

The styler heads have a ceramic coating that distributes the heat evenly throughout the plate, protecting your hair at all times. And thanks to its keratin coating⁵, your hair stays healthy, strong and shiny with every pass.

REAL ION TECHNOLOGY

More shine without frizz

The negative ions projected by the AirGlisse™ join with the positive ions naturally present in the hair, sealing in moisture from the root and eliminating frizz from your hair in the most effective way.

PLASMA TECHNOLOGY

Frizz-free hair

Eliminates static electricity and frizz to leave hair soft, silky and manageable at all times.

SMART HEAT CONTROL

Total protection in every use

Avoids overheating to protect your hair, gently caring for it at all times and maintaining its health and natural shine.

Styling adapted to you

ROTATING FUNCTION*

Get the look with a single touch

Designed for easy and comfortable handling, it turns in both directions for precise and quick styling, with total control and effortless operation.⁶

3 SPEEDS

The best results at your own pace

Its 3 speeds make it possible to adjust the airflow to always get the best finish depending on your hair type or how much time you have available.

3 TEMPERATURES

Keep the heat under control

Adjust the temperature to your needs with its 3 temperature settings. In addition, thanks to its intelligent heat control, AirGlisse™ adapts to the needs of your mane, protecting it from extreme heat at all times.

COOL AIR FUNCTION

Seal your looks for endless durability

Extend the life of your hairstyles with the cold air function. Apply some cold air flow to your hair after styling it with hot air and seal your hair cuticle with just a single gesture.

BRUSHLESS MOTOR

Powerful, lightweight and durable

Enjoy hairdressing results in the shortest possible time. Thanks to the powerful 1500 W Brushless motor and its 111.000 RPM, our styler guarantees optimal airflow for effortless styling.

360° SWIVEL CORD

No tangles

Comb your hair quickly and easily thanks to the 360° styler cord that allows you to rotate your AirGlisse™ without tangling the cable nor your hair. Its easy hook ring keeps the shaper in perfect condition after each use.

BARRELS

Defined curls

Styling your hair and achieving any type of wave is now easier than ever. With the cylindrical heads and Coanda technology, all you have to do is bring the hair close to the styler so that it wraps around the attachment and curls in seconds.

33, 38 AND 50 MM BRUSHES

Bring your waves to life

Style your hair with AirGlisse's™ different sized pin bristle brushes. Opt for a French style with flipped ends with the 50 mm brush or style your bangs with the 33 mm brush.

60 AND 70 MM BRUSHES

Dare to wear a flawless blowout

Bring 90's style to your hair with the 70 mm brush. Create voluminous waves and experience salon hair at home.

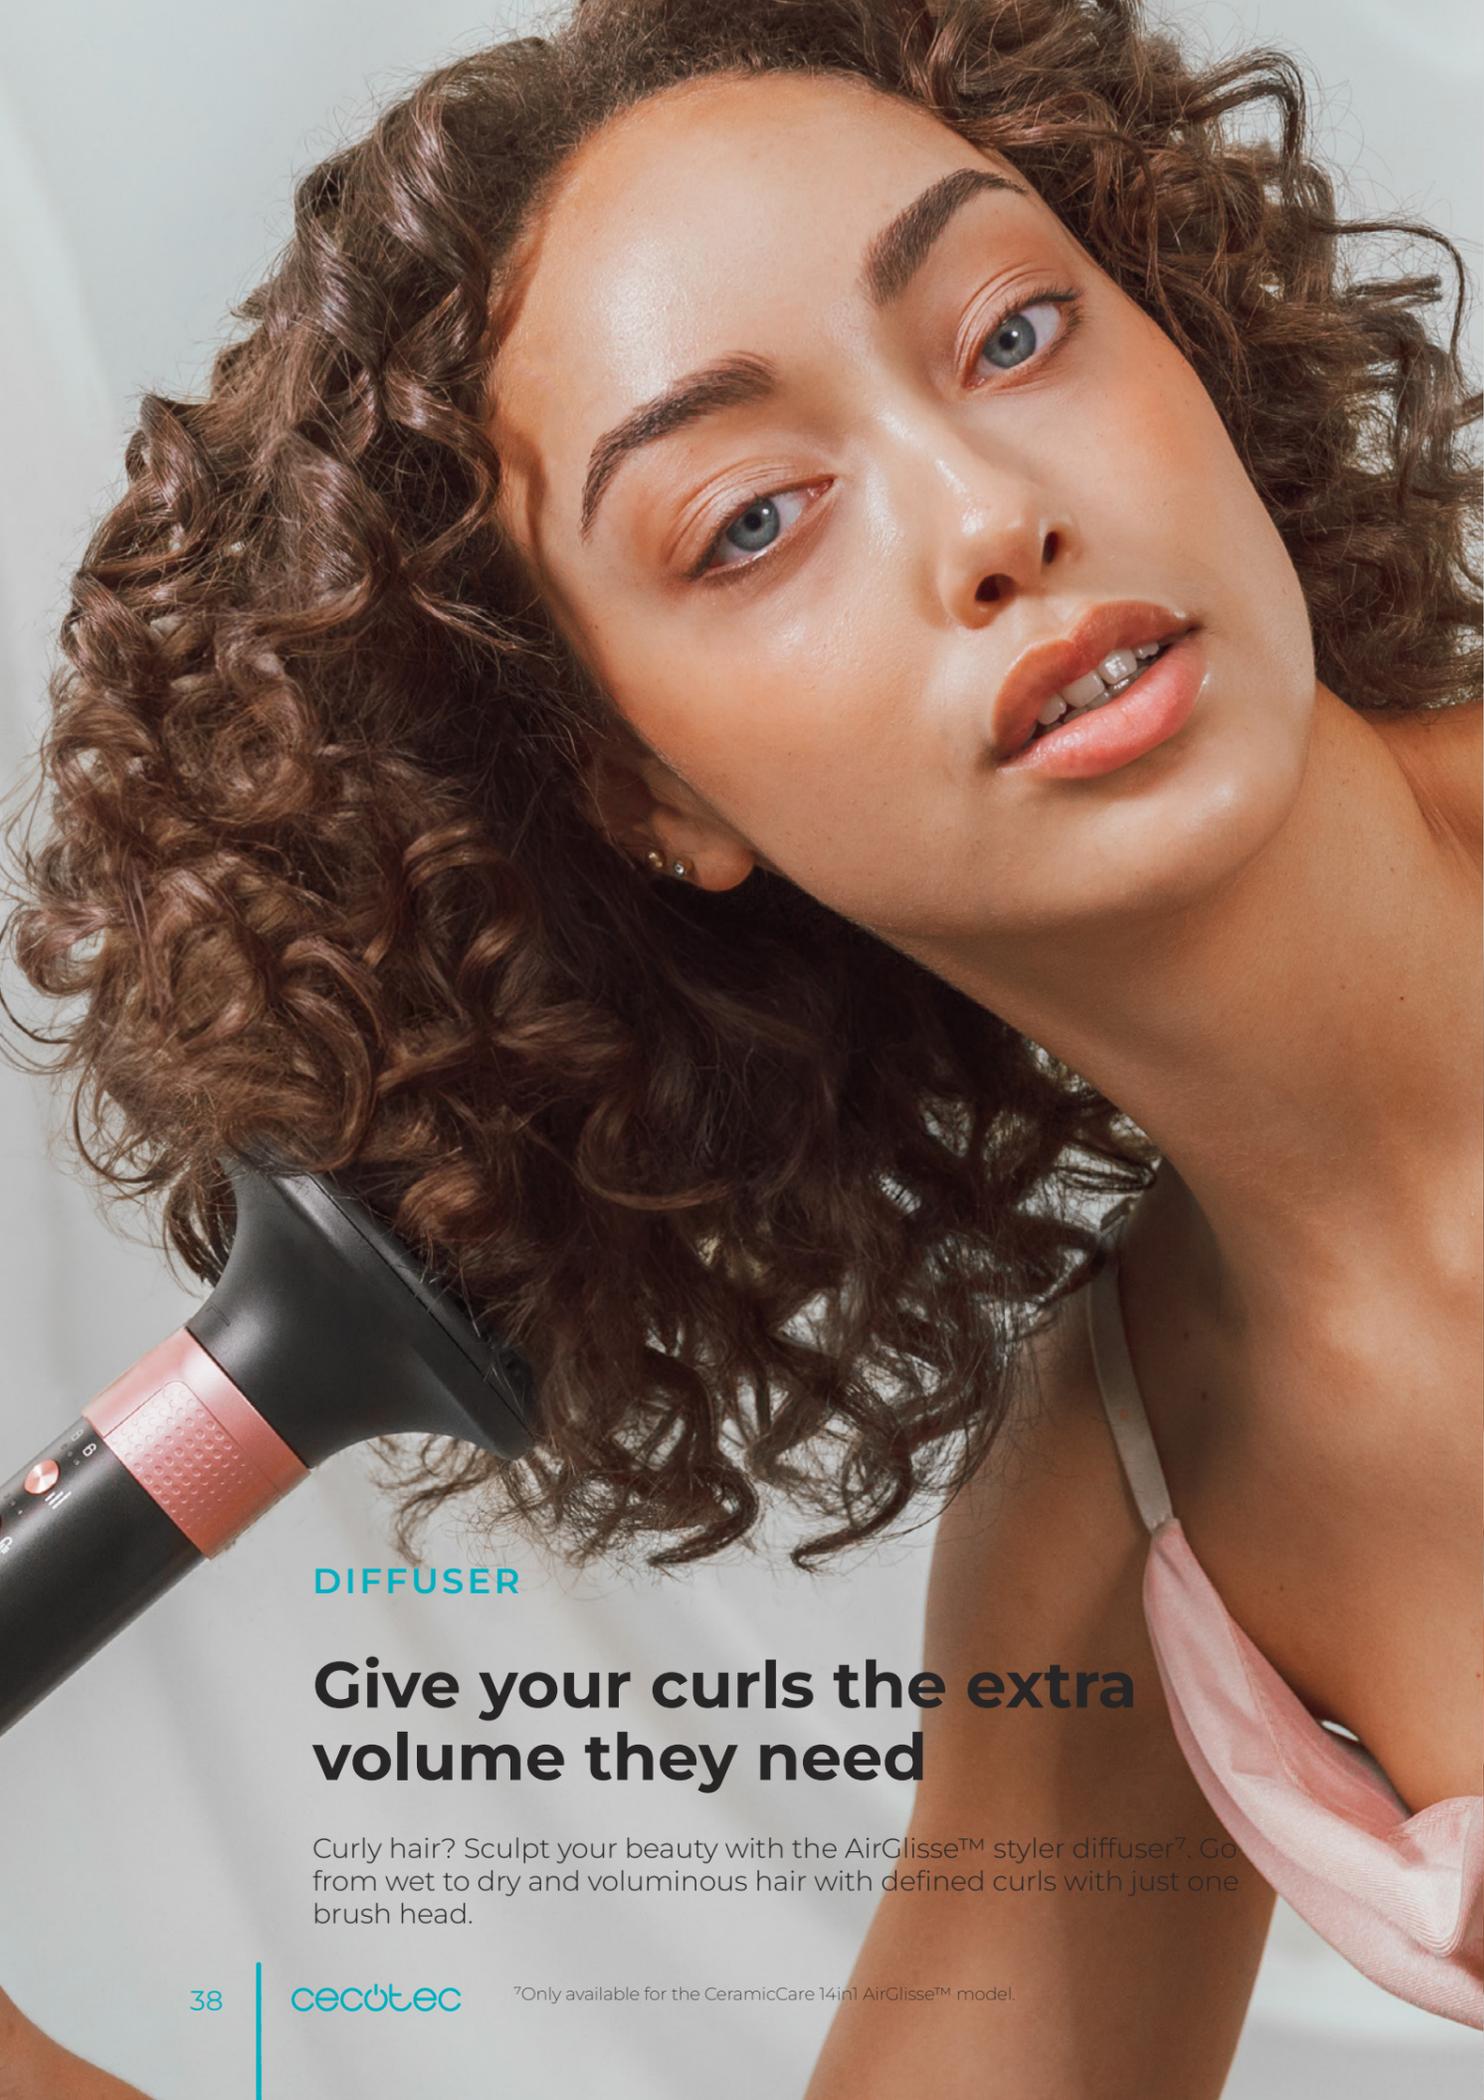

DRYING ATTACHMENTS

Dries and protects

Remove frizz and humidity from your hair and style it with the two AirGlisse™ drying heads. Show off a strong, healthy and protected mane every day.

DIFFUSER

Give your curls the extra volume they need

Curly hair? Sculpt your beauty with the AirGlisse™ styler diffuser⁷. Go from wet to dry and voluminous hair with defined curls with just one brush head.

SMOOTHING COMBS

Silk smoothing

Thanks to the two combs of the styler, you can achieve perfectly smooth hair. Straighten curly or wavy locks and gently get rid of any tangles as you shape them with hot air.

CURLING TONGS

Ringlet curls

Looking for tighter, more defined curls? Wrap the hair around the curling tong[®] of our AirGlisse™ and create smaller, flexible and perfect curls.

RETRACTABLE PIN BRISTLE BRUSH

Healthy waves without breakage

Wrap each strand around the retractable spiked cylinder⁹ and, once applied the heat, hide them to undo the curl to avoid any possible hair breakage.

CeramicCare AirGlisse™ Black

Multifunction 8-in-1 styler with Coanda technology that shapes, curls, styles, dries and eliminates frizz. With 3 speeds, 3 temperatures and smart heat control. Digital motor with 1400 of W power and 110000 rpm. Heads with ceramic, keratin and almond oil coating.

FEATURES:

Achieve a wider variety of hairstyles with its different attachments: dryer head, 33 mm, 40 mm and 70 mm brushes, 2 combs, 2 curling barrels (right and left rotation). Multi-function hair styler with 8 attachments.

The styler's airflow tends to follow the surface of both curling barrels, wrapping hair around the styler and creating perfect curls effortlessly. Coanda technology.

The styler features ceramic-coated attachments that maintain hair health. Coated heating plates.

With 1400 W and high speed, you'll enjoy optimal styler performance thanks to its 110,000 rpm high-speed digital Brushless motor that facilitates quick hair styling. Great power.

The negative ions released by AirGlam combine with the positive ions naturally present in your hair, working together to seal in moisture from the roots and reduce frizz. Reduces frizz.

It allows you not to overheat your hair, taking care of it at all times. Smart heat control.

Take care of your hair by selecting the most suitable temperature. 3 temperature settings.

Adjust your styler's airflow according to your styling needs. 3 airflow speed settings.

Set and seal your hairstyle. Cool air function.

Enjoy comfortable styling thanks to its 1.8 m 360° swivel cord and hanging loop. 360° swivel cord.

COMPOSITION:

8 heads: dryer, 33 mm, 40 mm and 70 mm brushes, 2 combs, 2 curling barrels (right and left), instruction manual, appliance.

CeramicCare AirGlisse™ Champagne

Multifunction 8-in-1 styler with Coanda technology that shapes, curls, styles, dries and eliminates frizz. With 3 speeds, 3 temperatures and smart heat control. Digital motor with 1400 of W power and 110000 rpm. Heads with ceramic, keratin and almond oil coating.

FEATURES:

Achieve a wider variety of hairstyles with its different attachments: dryer head, 33 mm, 40 mm and 70 mm brushes, 2 combs, 2 curling barrels (right and left rotation). Multi-function hair styler with 8 attachments.

The styler's airflow tends to follow the surface of both curling barrels, wrapping hair around the styler and creating perfect curls effortlessly. Coanda technology.

The styler features ceramic-coated attachments that maintain hair health. Coated heating plates.

With 1400 W and high speed, you'll enjoy optimal styler performance thanks to its 110,000 rpm high-speed digital Brushless motor that facilitates quick hair styling. Great power.

The negative ions released by AirGlam combine with the positive ions naturally present in your hair, working together to seal in moisture from the roots and reduce frizz. Reduces frizz.

It allows you not to overheat your hair, taking care of it at all times. Smart heat control.

Take care of your hair by selecting the most suitable temperature. 3 temperature settings.

Adjust your styler's airflow according to your styling needs. 3 airflow speed settings.

Set and seal your hairstyle. Cool air function.

Enjoy comfortable styling thanks to its 1.8 m 360° swivel cord and hanging loop. 360° swivel cord.

COMPOSITION:

8 heads: dryer, 33 mm, 40 mm and 70 mm brushes, 2 combs, 2 curling barrels (right and left), instruction manual, appliance.

CeramicCare 8in1 AirGlisse™ Gyro

Hair styler with 8 attachments for straightening, styling and curling your hair, Brushless motor, rotating function and ceramic and keratin coating.

FEATURES:

Enjoy total versatility with the CeramicCare 8in1 AirGlam Gyro Champagne, which allows you to straighten, curl and style your hair effortlessly, adapting to any style you desire. 8-in-1: SilkLisse straightening head, 2 Coanda curling barrels, 60 mm, 50 mm and 38 mm brush.

Easy handling of the styler focused on the two brushes, which can rotate in both directions to ensure a salon-like finish, allowing you to style your hair with comfort and precision. Rotating function.

This powerful motor is not only efficient but also durable, providing a quick and effortless styling experience. 1500 W Brushless motor with 110,000 rpm.

It dries and straightens simultaneously, thanks to its design with fine slots that redirect air at higher pressure, achieving a natural and smooth finish. SilkLisse attachment.

The air follows the surface of the two curling barrels, wrapping the hair around the styler and effortlessly creating perfect curls for both right and left sides. CoandAir technology.

The 60 mm, 50 mm and 38 mm brushes, with rotating function, offer comfort and ease for styling ends and fringe and adding volume to your hair, adapting to your styling needs. Styling brushes.

The ion generator reduces frizz, leaving hair soft, shiny and manageable. Ion generator.

The ceramic and keratin coating protects your hair from heat, ensuring a healthy and long-lasting hairstyle. Ceramic and keratin coating.

Lighter, more durable and quieter. Provides a comfortable and uninterrupted styling experience. Digital motor.

Prevents hair damage, ensuring your hair stays healthy and protected during styling. Temperature control.
