SMOKIN' TOUCH MODULE

The authentic smoky flavour now available on Mambo Touch

Connect the accessory to your Mambo Touch and add an authentic smoky touch directly inside the food processor. Traditional flavours, intense and full of nuances, without leaving home or needing professional equipment.

A design that stands out as much as the cooking.

Finished in an elegant Greige colour with a practical front handle for comfortable use.

Instant activation

Switch it on with a single gesture without a lighter.

Smoke that envelops every flavour

Its even airflow envelops the ingredients to achieve a deep and uniform infusion.

Smoked flavour in just a few steps

Add the wood chips, fit the module and lock it in place. The rest is pure flavour.

CHEFCROWN

Worldwide innovation for your kitchen.

Discover the real culinary revolution with the new Mambo, designed to adapt to the new rhythm of life with its patented self-dispenser¹. Choose the recipe, add the ingredients and enjoy your time. Mambo does it all for you to enjoy like never before.

Autodispenser: it cooks step by step for you.

Add the ingredients in its 6 compartments, the broth to its central container and that's it! Forget about everything, its ChefCrown¹ self-dispenser will take care of dosing each food at the exact moment to cook it with the ideal function and thus achieve the perfect recipe. Moreover, thanks to its timer¹ and remote control² you can enjoy delicious, freshly cooked dishes every day.

MULTI-SCREEN COOKING

Cook at home or anywhere else.

With Mambo, it's all advantages. Its multi-screen design allows you to cook with full control over each recipe both live and remotely¹. Take control from your mobile phone or from the touch screen of the food processor and prepare great recipes in total comfort.

HASTA
4'5
LITROS

New jugs, new possibilities.

VICTORY JUG¹

More capacity, more versatile.

Cook big and worry-free thanks to its ultra-resistant design with 4.5 l capacity. Cuts, grinds, kneads and prepares desserts. Discover endless possibilities! The Unique jug is compatible with the 19 speeds of the food processor so that you will not put any limits to your creativity in the kitchen.

UNIQUE JUG²

Cook in the traditional way.

Prepare stews and elaborate recipes without worries. Its design, 14 speeds and the new accessories included make it the ideal jug for the real foodie. It stirs, processes food, whips egg whites, kneads, cuts and even mashes so you can cook your favourite dishes like never before.

The secret lies within.

HABANA JUG

Cook with love.

The Habana Jug¹ has a non-stick ceramic coating that is ideal for those recipes that need to be made slowly and with care. Prepare your most delicate recipes such as risottos, chocolates or stews without worrying and enjoy unique flavours.

INOX JUG²

Always ready for action.

The everyday jug, the one that stands up to everything and always looks as good as new. Its high-quality stainless-steel design allows it to do everything from emulsifying, shredding, whipping, grinding, and even crushing ice without wear and tear. And you don't even have to worry about cleaning it: just put it in the dishwasher and that's it.

1. Available in the following Mambo models: 11090 Habana and Touch Habana.
2. Not available on Mambo Cooking series models.

JUG, 2-LEVEL STEAMER AND BASKET.

Cook 4 dishes at once.

Forget about cooking in batches and eating your food cold. Mambo elaborates up to 4 different preparations at the same time so that you can enjoy your free time first, and then your recipes.

FOOD PROCESSOR¹

Grate or slice? You choose.

Cut every ingredient in the most convenient, precise and quickest way. Choose the disc that best suits the cut you need and have your food sliced or shredded in a matter of seconds.

SAUTÉ SPATULA²

Delicate recipes, always perfect.

Cook without worries and without rushing thanks to this accessory. Designed to prepare the most delicate recipes to perfection as it prevents food from sticking to the jug, so that all your recipes turn out perfectly.

1. Available in the following Mambo models: Cooking Unique and Cooking Total Gourmet.

CAPACITY

Cook big.

Forget about cooking in batches even when you have guests at home. Mambo jugs have a capacity of up to 4.5 l so you can cook great recipes without having to spend twice as much time.

HINGED LID¹

Even more convenient.

Thanks to the hinged lid, you no longer have to worry about where to put the lid between each recipe step. In addition, with its locking system, the lid will always be closed while the motor is running so you can cook in complete safety.

¹Available on 11090, Mambo Touch and Mambo Cooking series.

DUAL-GEAR MOTOR

Power to move the masses.

No one can resist recipes made with Mambo, just as there are no preparations that can resist its super-powerful dual-gear motor. Your food processor can prepare any type of recipe effortlessly at both high and low speeds.

MAMBO MIX

Cooking without haste and with a lot of flavour.

The MamboMix spoon is designed to cook with great gentleness and care. Thanks to the SlowMambo motion, the spoon stirs slowly for perfect results in the most delicate recipes such as dough, stews, or risottos.

SPEED 0

Cook without haste.

Each recipe is different: some need high temperatures, others little movement, and as many variables as you can imagine. That's why Mambo is designed for lidless¹ and speed-0 cooking. It works in a similar way to a traditional pot or frying pan, giving you endless options in the kitchen.

HASTA
180°C

HEATING POWER

Technology that goes beyond the traditional.

Cook step by step as your Mambo tells you to or take control of the "cooker" by adjusting its heating power in 10 levels and its temperature degree by degree from 37 °C to 180 °C¹. Adjust your Mambo and don't worry anymore. Our food processor will prevent food from sticking or burning so you can enjoy perfect recipes to your liking.

¹Function only available on speed 0 and for certain types of cooking.

¹Maximum temperature compatible with Mambo Cooking series models.

BUILT-IN SCALES

Every gram counts.

It's not because of luck that all your recipes come out perfect every time. Mambo cooks with maximum precision from the very first step thanks to its integrated scale. Pour the ingredients into the jug without worrying and Mambo will weigh them for you, because every gram counts and Mambo leaves nothing to chance.

TOUCH DISPLAY

Well thought-out recipes? One touch and that's it.

Cooking is easy and intuitive thanks to the SoftScreen TFT screen up to 7"¹. You will have full control of each recipe at a glance and you will know the steps to follow at all times even if you have no idea how to cook.

¹Available on the Mambo 12090 model, on the Mambo Cooking series and on the Mambo Touch series with 5".

UNIVERSE OF RECIPES

Over 1000 recipes and more every day.

Find a host of irresistible recipes to get the most out of your Mambo. In addition to the complete recipe booklet included, Cecotec prepares new recipes every week that you can follow via our app and social networks. And don't miss out on the interactive social community, a great source where food lovers share and discover countless recipes.
