More than just ovens

Todos nuestros hornos comparten atributos que persiguen un único objetivo: llevar las mejores recetas a las mesas de todas las familias. Su capacidad familiar lo hace posible, su potencia dejará tus platos con el punto perfecto y su clasificación energética hará que cocines de forma eficiente. Ah, y con sus funciones Steam Assist y Steam Easy Clean, te enamorarás de la cocina y de la limpieza al vapor. All our ovens share features that pursue a single goal: to bring the best recipes to every family's table. Their family-sized capacity makes it possible, their power ensures your meals are cooked to perfection, and their energy rating means you can cook efficiently. Oh, and with its Steam Assist and Steam Easy Clean functions, you'll fall in love with cooking and steam cleaning.

CAPACITY

Cook for the whole family

Don't worry about space, Hexa ovens feature a capacity ranging from 53 L to 133 L across 5 levels, XXL trays and telescopic guides. Discover the one that fits your kitchen and prepare great recipes or several at once in the most efficient way.

POWER

Bake without limits

Enjoy endless possibilities thanks to its power of up to 3800 W, as your recipes will always reach the desired doneness.

ENERGY EFFICIENCY CLASS¹

Maximum efficiency, minimum consumption

Save energy on every use: reduce energy consumption without compromising efficiency when cooking your recipes thanks to its class A+ energy label¹.

Icon Collection

An icon in your kitchen

Discover a new way of cooking with the Bolero Hexa Icon series, our innovative ovens designed to offer a comfortable and intuitive culinary experience. Control the oven by voice or with a simple touch on its TFT Knob with icon display.

Elevate your dishes and give your kitchen a distinctive touch with an oven that makes the difference.

MEAT MASTER

Cook like a pro

Ovens for meat lovers

GRAPHENE HEATING ELEMENT

Forget preheating

Cocina tus cortes de carnes favoritos como un auténtico chef con sus resistencias de grafeno que llegan hasta 500°C. The oven is designed with an innovative graphene heating element that reaches 100°C in 0.16 seconds. So you can save energy, money and time.

STEAK GRILL

Achieve the perfect doneness

Cook your favourite cuts of meat like a real chef thanks to its 2900 W grill that allows it to reach up to 500 °C. Sear your meats on the outside at high temperature and leave them juicy in the inside to enjoy as never before.

ALUMINIUM TRAY

Your own grill at home

Grill the meat as if you were cooking on a barbecue thanks to its cast aluminium tray, which has two positions (grill and griddle) so you can cook to your liking.

STEAM MASTER

4-in-1 oven with 100% steam

4-in-1 oven with 100% steam

Concealed water tank with automatic opening of the top panel opening; microwave, oven, AirFryer and 100% steam, all in a single appliance.

TFT DISPLAY

One-touch cooking

Enjoy easy operation thanks to the TFT display. Forget the hassle and prepare any dish just by moving your finger. Convenient, intuitive and fast.

STEAM BASE

Steam XXL zone

The ovens have a double Steam zone of up to 1 L (500 ml and 500 ml) so all steam functions can be used without having to refill the cavity on a daily basis.

STEAM DOSE

Automatic dispenser

Fill the dispenser with water and forget about the rest. The oven will automatically generate steam for healthier and more tender recipes.

STEAM ASSIST

Combined steam

Enjoy even more possibilities with mixed cooking that combines steam with conventional baking for unique textures in all your recipes.

GUSTO STEAM

100% steam.
100% healthy.

AIRFRYER MASTER

Oven and air fryer, all in one.

AIRFRYER MASTER

Air cooking

Forget about using oil for perfect frying. Cook with air and get irresistible and perfectly cooked recipes, crispy on the outside and tender on the inside.

SS AIRFRY BASKET

Crunchy recipes

Get the most out of the Air Fryer Master function thanks to its steel basket, which allows for perfectly cooked recipes without excess fat.

PIZZA MASTER

Pizza master at home

PIZZA MASTER

Cook like in a stone oven

Prepare your pizzas in the authentic Neapolitan style thanks to the special Pizza Stone XXL accessory together with the convection fan.

SS AIRFRY BASKET

Crunchy recipes

Get the most out of the Air Fryer Master function thanks to its steel basket, which allows for perfectly cooked recipes without excess fat.

PIZZA STONE

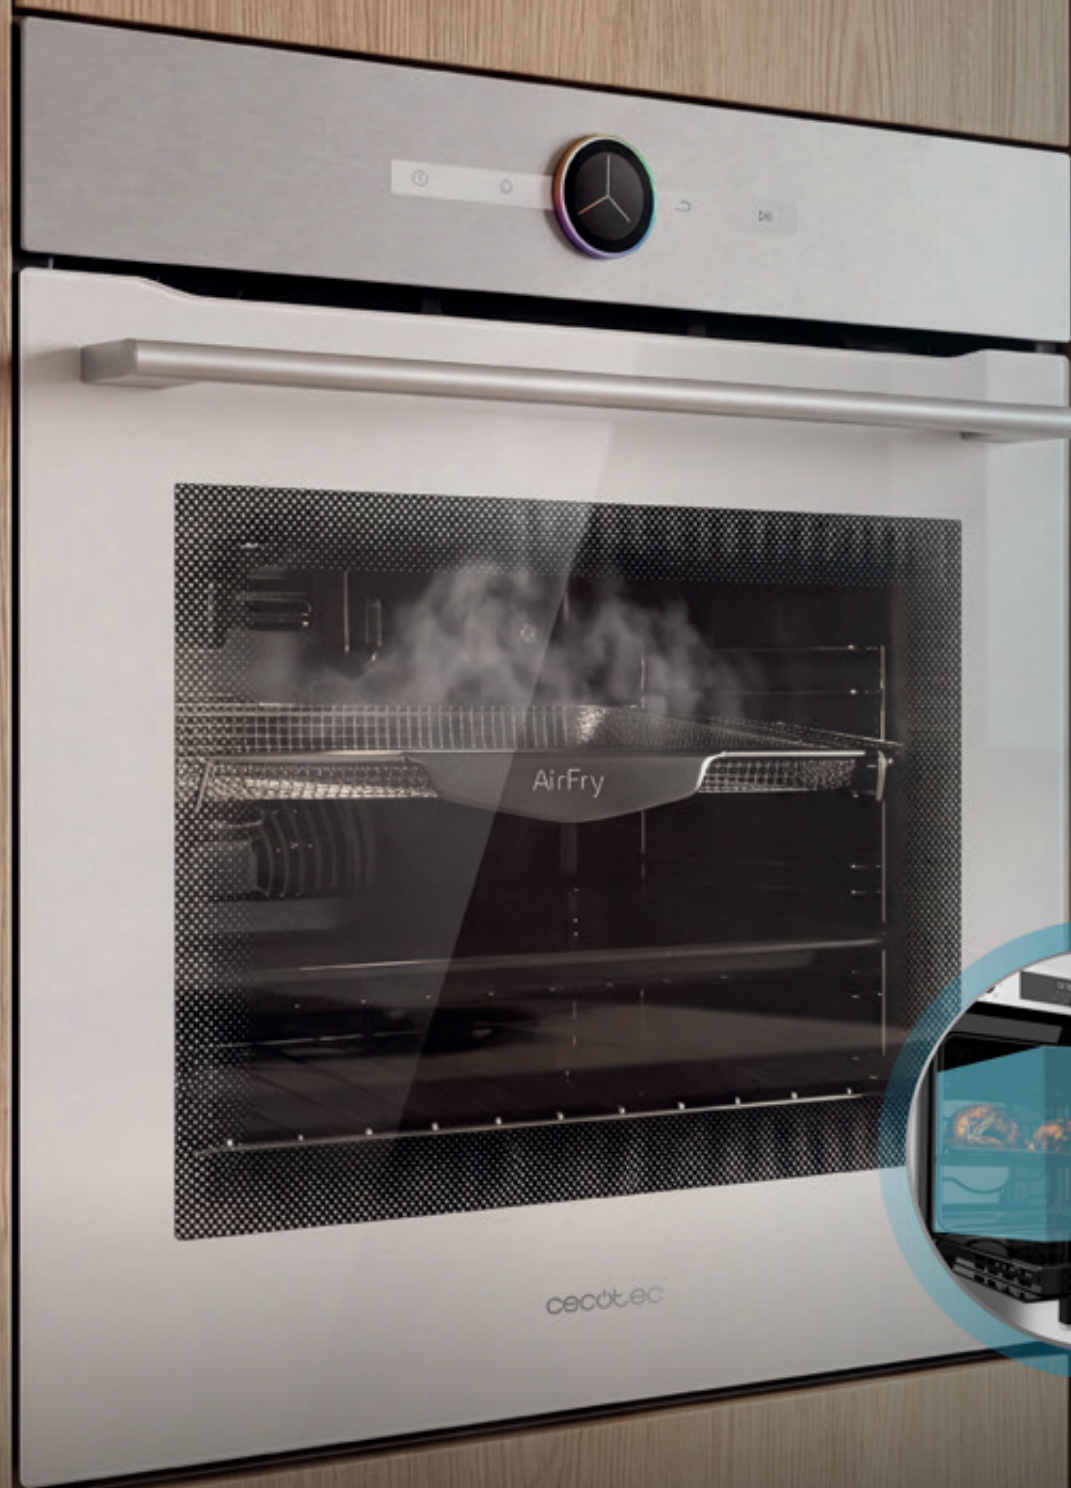

Perfect doughs

The ovens are equipped with the Pizza Stone XXL accessory with a diameter of 35 cm for perfect baking of doughs.

Multifunction ovens

Cook more and better

PROGRAMMES

18 automatic programmes¹, unique results.

- . Grill Mode
- . Fan Assisted Grill
- . Convection
- . Fast Cooking
- . Defrost
- . Steam Assist
- . Steam Easy Clean

STEAM BASE XXL

Discover the power of steam

The ovens have a Steam XXL zone so you can cook with steam using the Steam Assist function and forget about cleaning. You can also use the Steam Easy Clean function to remove dirt with steam. Nothing but advantages.

TFT

Touch control + knob with 1.6" colour TFT display

Select all oven functions from the display. Choose the one that best suits your recipe with a single touch and that's it!

PYROLYTIC OVENS

Pyrolytic ovens

Always like new without effort

TFT DISPLAY

Easy and handy control

Select all oven functions from the TFT display. Choose the one that best suits your recipe with a single touch and that's it!

11 FUNCTIONS

Endless possibilities for the best results

Convection	Fan Grill
Maxi Grill	Multicooking
Fast cooking	AirFry Master
Steam Master Cooking	Pizza Master
Steam Assist Cooking	3D Cooking and Defrost.
Steam EasyClean	

PYROLYSIS¹

Clean oven without scrubbing

With this function, cleaning will be a mere formality. High temperature chemically decomposes the remains of dirt inside your oven, leaving it spotless every day.

Conventional ovens

Versatility for all kitchens

TRIPLE GLASS DOOR

Retains maximum heat

The oven door has 3 layers of glass, a special design that helps to retain heat for more efficient cooking while preventing possible burns when touching the outside.

COOLING FAN

Fast Cooling

Its cooling system chills the oven quickly, so it can be cleaned instantly and used in complete safety.

STEAM BASE

Endless possibilities

The ovens are equipped with the Steam Base zone to create endless possibilities. Fill the cavity with water, cook with steam (Steam Assist) and forget about cleaning, as the Steam EasyClean function descales dirt to make cleaning easier than ever.

Energy class A: enjoy high energy efficiency and save on every use thanks to its energy rating that reduces consumption without compromising cooking efficiency.
11 functions: Convection, Maxi Grill, Fast cooking, Steam Assist Cooking, Steam EasyClean, Fan Grill, Multicooking, Airfry Master, Pizza Master, 3D Cooking and Defrost. Choose with one touch on the touch display and you're ready to go! The oven automatically sets the ideal time and temperature for you to enjoy your time and perfect recipes.
SS Airfry Basket: steel basket to get the most out of the AirFryer Master function and achieve the perfect doneness in every recipe.
Cook authentic pizzas: thanks to the Pizza Master function, you can prepare your favourite pizzas on the special stone included in the oven (Pizza Stone XXL 35 cm) and get a perfect cooking of the dough.
Steam cooking: prepare healthier, juicier and more flavourful recipes thanks to the Steam Assist function. Steam cooking in the most convenient way thanks to its Steam zone with double XXL capacity of up to 1 l (500 ml + 500 ml) for using the Steam EasyClean and Steam Assist functions.
Steam EasyClean: this function removes dirt with steam and allows you to clean without scraping, leaving the oven as good as new effortlessly and in a single pass.
3D cooking: perfect heat distribution that allows you to reach all areas of the oven to cook on up to 5 levels and thus achieve the perfect point for each recipe.
Zentral Control: easy to use thanks to its unique electronic central control that offers total control in a comfortable and intuitive way.

Pyrolytic Ovens

Capacity up to 133 l

A and A+ Class

Bolero Hexa P504500 Matt White ICON A+

Bolero Hexa P504500 Matt White ICON A+ built-in steam oven (45 cm), touch control + knob with colour TFT display (1.6"), customisable control background, energy efficiency class A+, grey blue enamelled interior, 53 L capacity, Steam Assist, Steam EasyClean, Airfryer Master with Airfryer Basket, Pizza Master 350° with pizza stone (35 mm), 18 automatic programmes, telescopic rails with 5 height settings

FEATURES:

45 cm built-in steam oven: designed for modern kitchens seeking a fully integrated, high-end appliance that optimises space and offers a clean, premium look.

Touch control + knob with a 1.6" colour TFT display: combines a touch panel with a control knob featuring a display and icons, allowing you to change programmes and adjust settings quickly, intuitively and visually, even while cooking.

Customisable control backlight: adjust the colour of the control backlight for a more personalised experience and a more seamless aesthetic integration into your kitchen.

Energy class A+: greater energy efficiency, designed for frequent use with lower electricity consumption, helping to protect the environment and reduce your energy bill.

Grey blue enamel interior: premium aesthetics and easy maintenance: the grey blue enamel finish gives the oven interior a more sophisticated look and makes cleaning easier.

Matt White Finish: a minimalist and bright option that creates a cleaner, more contemporary look, particularly in light-coloured or Nordic-style kitchens.

Steam Assist: combines traditional heat with steam to enhance texture and results: juicier meats, bread with a better crust and fluffier baked goods, with more consistent finishes.

Steam EasyClean: effortless cleaning: the steam helps soften dirt, making it easy to remove residue in a single pass to keep the oven spotless.

Airfryer Master + Airfryer Basket accessory included: achieves crispy results with little or no oil, ideal for snacks, vegetables or battered foods, offering a healthier alternative without compromising on texture.

Pizza Master 350° + Pizza Stone (35 mm) included: reaches the ideal temperature for pizzas, focaccia and dough; the special stone helps achieve a crispier base and a more 'pizzeria-style' results at home.

COMPOSITION:

Product, Air Fryer basket, Pizza Stone, tray, instruction manual

Bolero Hexa P504500 Inox ICON A+

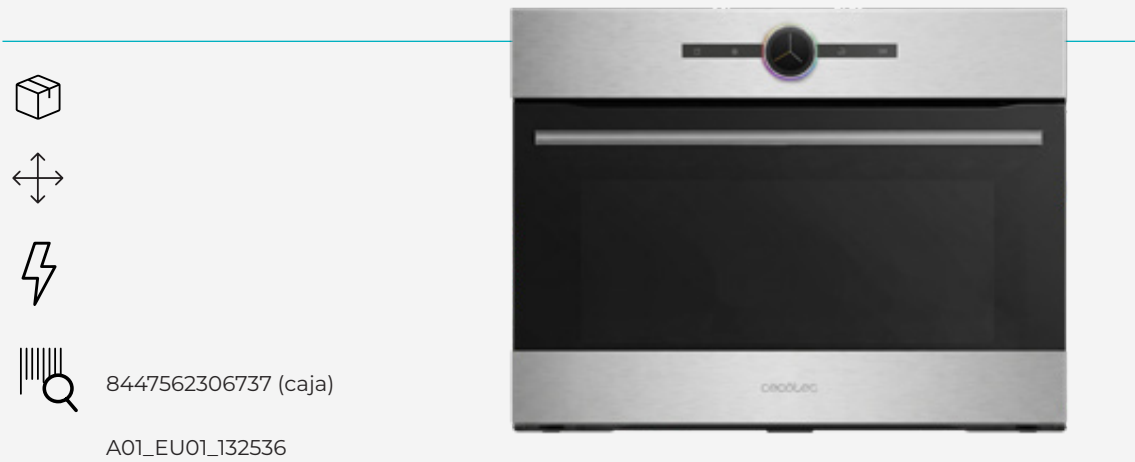

Bolero Hexa P504500 Stainless Steel ICON A+ built-in steam oven (45 cm), touch control + knob with colour TFT display (1.6"), customisable control background, energy efficiency class A+, grey blue enamelled interior, 53 L capacity, Steam Assist, Steam EasyClean, Airfryer Master with Airfryer Basket, Pizza Master 350° with pizza stone (35 mm), 18 automatic programmes, telescopic rails with 5 height settings

FEATURES:

45 cm built-in steam oven: designed for modern kitchens seeking a fully integrated, high-end appliance that optimises space and offers a clean, premium look.

60 cm built-in steam oven: designed for modern kitchens seeking a fully integrated, high-end appliance that optimises space and offers a clean, premium look.

Touch control + knob with a 1.6" colour TFT display: combines a touch panel with a control knob featuring a display and icons, allowing you to change programmes and adjust settings quickly, intuitively and visually, even while cooking.

Customisable control backlight: adjust the colour of the control backlight for a more personalised experience and a more seamless aesthetic integration into your kitchen.

Energy class A+: greater energy efficiency, designed for frequent use with lower electricity consumption, helping to protect the environment and reduce your energy bill.

Grey blue enamel interior: premium aesthetics and easy maintenance: the grey blue enamel finish gives the oven interior a more sophisticated look and makes cleaning easier.

Matt black finish: an elegant yet striking look, perfect for dark or industrial-style kitchens, with a finish that emphasises the 'premium' feel of the whole design.

Steam Assist: combines traditional heat with steam to enhance texture and results: juicier meats, bread with a better crust and fluffier baked goods, with more consistent finishes.

Steam EasyClean: effortless cleaning: the steam helps soften dirt, making it easy to remove residue in a single pass to keep the oven spotless.

Airfryer Master + Airfryer Basket accessory included: achieves crispy results with little or no oil, ideal for snacks, vegetables or battered foods, offering a healthier alternative without compromising on texture.

Pizza Master 350° + Pizza Stone (35 mm) included: reaches the ideal temperature for pizzas, focaccia and dough; the special stone helps achieve a crispier base and a more 'pizzeria-style' results at home
