ROCK'N GRILL 2000 SMASH PERFECTCOOK

Food and smash burgers always cooked to perfection and smoke-free

Get the smash burgers right

Rock'nGrill 2000 Smash PerfectCook allows you to cook with great precision and without smoke. With its smart probe and smash function, you'll get perfect results, even with thin smash burgers!

ROCK'NGRILL 2000 PERFECTCOOK

Always cooked to perfection

Choose the doneness and don't worry about it.

Cooking the meat and recipes to perfection has never been easier. Select on the display and, when the desired doneness is reached, the plate will alert you and stop heating.

ROCK'N GRILL 2200 DUAL

The grill for your great recipes

Precision and capacity for whatever you need

Rock'nGrill 2200 Dual is the ideal plate for those who always have room at their table for one more guest. Its large surface area, dual temperature and 180° opening invite you to cook and share great moments.

SMART PROBE

Absolute control

Its temperature probe and intelligent algorithm allow you to monitor the temperature of your food in real time, ensuring that each piece reaches the desired doneness.

SMASH FUNCTION

Nail the smash burgers

The special Smash Burger* function quickly increases the power to sear the outside of the meat, ensuring even cooking. Enjoy crispy on the outside and juicy on the inside smash burgers, just like those from the best burger joints.

SMOKELESS

Say goodbye to smoke and odours

Cook healthily and cleanly thanks to its integrated Smokeless* hood, which absorbs smoke, leaving the kitchen free of smoke and odours. May the only thing left of your meal be the memory.

DUAL TEMPERATURE

Two plates, two temperatures

Its independent plates with dual temperature control between 80°C and 230°C allow you to cook with the ideal power for each food. Sear, brown or cook evenly depending on the food and recipe you want.

UP TO 2400 W

For all types of recipes

Thanks to its up to 2400¹ W of power, no food will be too big for it. Prepare a wide variety of recipes and achieve delicious results.

ROCKSTONE COATING

Non-stick, non-scratch

The RockStone coating ensures maximum non-stick properties and an easy cleaning. In addition, it is environmentally friendly, being free of PTFE, PFOA and other toxins.

TOUCH DISPLAY

Everything on the screen

Prepare your recipes to perfection with its LED display² with touch control and know at all times the selected temperature and cooking time so that nothing slips through the net.

180° OPENING

Make the most of it

Don't you have enough with one grill plate? Don't worry, you can cook on both plates and maximise the cooking surface thanks to its 180° opening system*.

REVERSIBLE PLATES

Grill or griddle, the choice is yours

Add cooking possibilities to your kitchen thanks to its reversible plates. At the touch of a button, you can take them out and turn them over, so you can choose whether you want to use them as a griddle or a grill.

REMOVABLE PLATES

Straight into the dishwasher

The plates are easily removable, which makes them easy to clean. Put them in the dishwasher and that's it! Perfect and effortless results.

A large, abstract teal graphic on the left side of the page, consisting of several overlapping curved shapes that create a sense of depth and movement. The colors range from a light teal to a dark, almost black teal.

Electric grills
