Ceramic hobs

**Cooking tailored to
your needs**

UP TO 6400 W

Up to 9 power levels

Prepare each recipe with the utmost precision. Depending on how your food needs to be cooked, you can adjust the power of the hob up to 6200 W¹.

TOUCH CONTROL

One-click cooking

Prepare each dish in a simple and easy way. Select the temperature, cooking zone, programmes and even set the timer with a single touch.

INDIVIDUAL TIMER

Set the time and don't think about it

Each recipe requires its own cooking time. Set the timer and done! The hob will let you know when your dish is ready to move on to the next step.

TRIPLE RING

Endless possibilities

Our glass ceramic hobs have up to 4 cooking zones² and 3 rings³ of different sizes where you can cook different quantities and recipes at the same time.

Bolero Squad V 2001

2-burner glass-ceramic hob, 9 levels, maximum power, 3000 W and touch control.

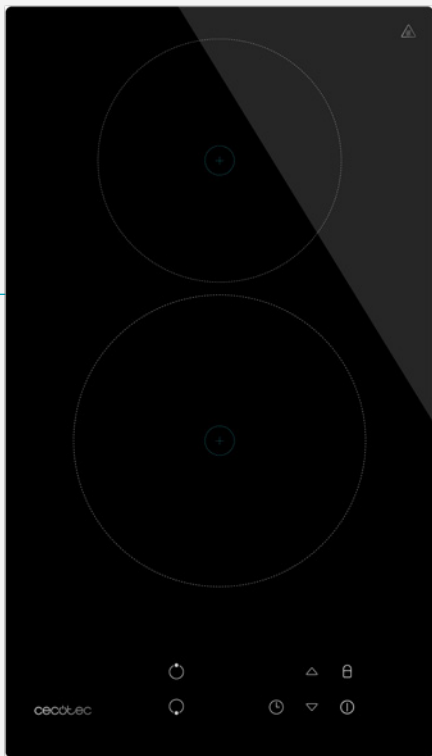

FEATURES:

- 9 power levels: cooks with the right power level for every moment and process.
- High maximum power: take advantage of its high maximum power of up to 3000 W and cook anything.
- Touch control: get greater selection precision with its touch control.
- Child safety lock: don't worry about your children's safety thanks to the child safety lock.
- Set the time: regulate and programme the cooking of your dishes with its built-in timer.
- Pan detector: it has utensil recognition which prevents the hob from operating without any of the utensils on it.
- Residual heat indicator light: a light indicates when the burners are hot.
- 2 burning zones: contains a 16 cm, 1200 W burning zone and a 20 cm, 1800 W burning zone.

COMPOSITION:

Ceramic hob, insulating tape, brackets, instruction manual

-  60.5 x 14 x 39.6 cm 5.26 kg
60.5 x 14 x 39.6 cm 5.26 kg

Bolero Squad V 2050 Flex

Bolero Squad V 2050 Flex ceramic hob with 2 zones (which can be combined to form a Flex Zone measuring 40×18 cm), total power 3400 W, Slider Touch Control, 9 power levels, 99-minute timer, child lock, automatic switch-off and pan detection.

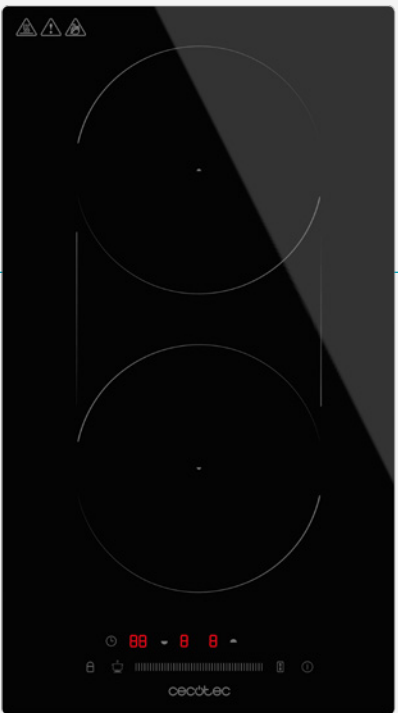

FEATURES:

- Adapt the hob to your cookware. 2 burners or Flex Zone to use two burners individually or create a larger cooking surface when you need it.
- Greater freedom of use. 40×18 cm Flex Zone for large or oblong cookware, perfect for making the most of the hob's surface.
- Fast and efficient cooking. Total power 3400 W with balanced performance for efficient everyday cooking.
- Total control at a touch. Slider Touch Control for quick and precise power adjustment via a slider.
- Adjust the power according to the recipe. 9 settings to suit the type of food and your desired level of doneness.
- Set and forget. Timer up to 99 minutes to keep track of time and improve the consistency of results.
- Safety in daily use. Cookware detection to prevent unnecessary activation if no cookware is in place.
- Greater safety. Automatic shut-off provides extra safety in case of forgetfulness or prolonged use.
- Prevent accidents. Child Lock to prevent accidental changes to the settings.

Bolero Squad V 3002

3-zone ceramic hob, total power output of 5700 W, touch controls, 9 power settings, timer, keep-warm function, child lock, pan detection and residual heat indicator.

FEATURES:

Prepare several meals at once. 3 cooking zones allow you to prepare different dishes simultaneously with greater convenience.
Adjust the power according to the recipe. 9 settings to suit the type of food and your desired level of doneness.
Fast and efficient cooking. Total power of 5700 W for greater performance and faster cooking.
Total control at a touch. Touch Control for quick and precise power adjustment via a slider.
Set and forget. Timer for greater control over cooking in each zone.
Keep food warm. The Keep Warm function maintains the food's temperature so the dish is ready to serve without overcooking.
Prevent accidents. Kid Lock to prevent accidental changes to the settings.
Safety in daily use. Cookware detection to prevent unnecessary activation if no cookware is in place.
Greater safety. Automatic shut-off for added safety in the event of neglect or prolonged use.

Bolero Squad V 3001 Max

3-burner glass ceramic hob, ideal for preparing meals for one or more people without worrying about burner availability or power requirements.

FEATURES:

Tailored recipes. 9 power levels to cook with the appropriate power required for each dish.
Cook whatever you want. Maximum power of 6200 W.
Control everything with your finger. Simply slide your finger to activate all hob functions, from programmes to timer thanks to its touch control.
Peace of mind in your kitchen. Child safety with the Kid Lock function.
Personalised cooking for each dish. Individual timer: calculates the cooking time by zones.
Thanks to this system, do not worry about calculating the time each burner has been on, and so avoid burning your food.
Safety first. Automatic shut-off: if no operation is detected, it will turn off shortly.
Prevent accidents. Heat indicator light that warns through a light when the cooking zones are still hot. This system shows when the surface is cold or hot, allowing safe placement of items and preventing incidents.
Adapts to your cookware. Thanks to its triple ring, you can cook with any pan or pot diameter up to 295 mm.

Bolero Squad I 3000Eco

60 cm induction hob with 3 zones, total power 6.6 kW, Touch Control with red display, 9 power levels, 1 zone Ø280 mm (2400/3000 W), 1 zone Ø180 mm (1800/2000 W), 1 zone Ø160 mm (1200/1600 W), individual 99-minute timer with reminder, safety auto-shut-off, residual heat indicator and Child Lock.

FEATURES:

- 60 cm size: a standard size that fits easily into most worktops and helps keep your kitchen tidier.
- 3 cooking zones: allow you to prepare several meals at once and plan your daily cooking more efficiently.
- Total power 6.6 kW: rapid heating and quick response to reduce waiting times.
- 9 power levels: progressive adjustment for precise control of intensity and improved cooking consistency.
- Large zone Ø280 mm (2400/3000 W): ideal for large pans, offering greater capacity and convenience.
- Touch Control with red display: convenient and intuitive touch control for quickly adjusting power and functions, with a clear readout of the hob's status during use.
- Individual 99-minute timer + reminder: manage the time for each zone to coordinate cooking with greater control, avoiding oversights and improving consistency.
- Safety auto-shut-off: provides peace of mind in daily use by acting as a safeguard against forgetfulness or prolonged operation.
- Residual heat indicator: a visual warning to show when the surface is still hot, improving safety when finishing cooking or when cleaning.
- Child Lock: locks the controls to prevent accidental changes, particularly useful in homes with children or when cleaning the hob.

Bolero Squad I 3600 FullFlex

Cecotec Bolero Squad I 3600 FullFlex induction hob. Black colour with bevelled front. Flex Zone and XL zone, total power of 7400 W, Invisible Touch Control, Keep Warm function, kid lock and individual timer. Innovation and flexibility in your kitchen!

FEATURES:

1 Flex Zone and 1 XL zone of 32 cm diameter: Cecotec Bolero Squad I 3600 FullFlex features an innovative Flex Zone and an XL 32 cm diameter zone. The Flex Zone offers incredible versatility, allowing the use of different sized cookware on a continuous surface. The XL zone is perfect for large frying pans and pots, making it easy to cook larger quantities of food.

Flex Zone: its two burners can operate independently or together. The Flex Zone gives you unparalleled flexibility, as its two burners can operate independently or together. This function is ideal for adapting to your cooking needs, allowing you to cook several dishes at once or use a single large area for large cookware, maximizing efficiency and convenience.

Total power of 7400 W: With a total power of 7400 W, this induction hob ensures fast and efficient cooking times. It is perfect for those looking for consistent and fast results, eliminating long waits and allowing greater control over food preparation.

9 power levels and Booster function: It has 9 adjustable power levels to adapt the cooking to each recipe, in addition to the Booster function that provides an extra power peak. This level of control and versatility allows you to cook any dish with precision, enjoying perfect results every time.

Invisible touch control: The invisible touch control gives the Bolero Squad I 3600 FullFlex a modern, minimalist look and is easy to clean. Intuitive operation makes it easy to adjust settings with a simple touch, offering convenience and precision in use.

Keep Warm function: The Keep Warm function allows you to keep food at the ideal temperature until serving time, preserving its flavour and texture. It is the perfect solution to keep your dishes ready to eat at any time without losing quality.

Black colour with bevelled front: The sleek black design with bevelled front provides a sophisticated aesthetic that complements any kitchen. This finish not only adds a touch of elegance, but is also practical and easy to combine with other appliances.

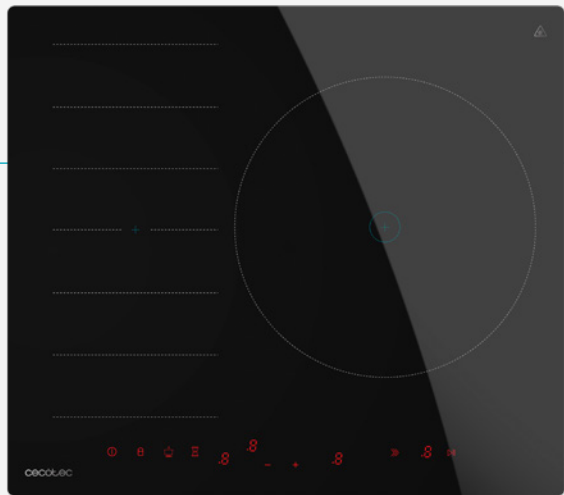

Kid Lock function: The Kid Lock function provides a safety lock on the icons to prevent children from tampering with them, ensuring a safe environment in the kitchen. This feature offers peace of mind to families, ensuring that only adults have full control of the hob.

Individual timer: The individual timer allows you to set the cooking time for each zone independently, avoiding overcooking and guaranteeing perfect results. This function is ideal for preparing multiple dishes at the same time with precision and without worries.

Bolero Squad I 4000Eco

60 cm induction hob with 4 zones, total power 7.2 kW, Touch Control with red display, 9 power levels, 2 zones Ø180 mm (1800/2000 W), 2 zones Ø160 mm (1200/1600 W), individual 99-minute timer with reminder, safety auto-shut-off, residual heat indicator and Child Lock.

FEATURES:

- 60 cm format: standard size for easy integration into most worktops, optimising space without compromising on cooking capacity.
- 4 cooking zones: allows you to use several pans at once to better organise your cooking and improve efficiency in your daily routine.
- Total power 7.2 kW: high performance for faster heating and a quick response, reducing waiting times and improving the pace of cooking.
- 2 zones Ø180 mm (1800/2000 W): designed for medium and large pans, offering more power when you need it and better adaptation to the size of the pan.
- 2 zones Ø160 mm (1200/1600 W): ideal for small and medium-sized pans, providing versatility and more efficient use of the cooking space.
- Touch Control with red display: convenient and intuitive touch control for quickly adjusting power and functions, with a clear readout of the hob's status during use.
- Individual 99-minute timer + reminder: manage the time for each zone to coordinate cooking with greater control, avoiding oversights and improving consistency.
- Safety auto-shut-off: provides peace of mind in daily use by acting as a safeguard against forgetfulness or prolonged operation.
- Residual heat indicator: a visual warning to show when the surface is still hot, improving safety when finishing cooking or when cleaning.
- Child Lock: locks the controls to prevent accidental changes, particularly useful in homes with children or when cleaning the hob.

Bolero Squad I 4700 TitanicZone

Cecotec Bolero Squad I 4700 TitanicZone induction hob with 4 zones, 7400 W total power, touch slider control, 9 power levels, TitanicZone, FlexZone, Stop&Go, Booster, individualised timer, residual heat indicator and child safety lock.

FEATURES:

- 4 independent zones, 2 flex zones or an extra-large zone. With four independent zones, you can cook several dishes simultaneously. In addition, with the option to choose between 2 flex zones or an extra-large zone, you can use larger pans to suit your cooking needs.
- Total power of 7400 W that ensures fast and efficient heating, reducing standby time and improving energy efficiency.
- TitanicZone: the innovative TitanicZone allows you to use all four zones simultaneously to cook with pans of up to 40 cm in diameter, ideal for preparing paellas and large feasts.
- The Flex Zone provides the flexibility to combine two zones so you can use larger containers, adapting to your culinary needs.
- The Touch Slider Control provides intuitive and precise operation of the hob, allowing you to adjust the temperature with a simple swipe of your finger.
- 9 power levels, you can adjust the heat setting for each type of cooking, ensuring perfect results for every dish.
- The Stop&Go function allows you to pause and resume cooking with the same settings, perfect for when you need to focus on other tasks without worrying about food.
- Booster function provides an extra boost of power to heat up quickly, perfect for when you need immediate results.
- Individual timer in each zone that allows you to set the cooking time, ensuring each dish is perfectly cooked without the need for constant supervision.
- The residual heat indicator light alerts you when cooking zones are still hot, providing additional safety in your kitchen.
- Child safety lock prevents accidental operation, ensuring a safe environment for the whole family.

Bolero Squad I 4700 TitanicZone ShieldGlass

Cecotec Bolero Squad I 4700 TitanicZone ShieldGlass induction hob with 4 zones, 7400 W total power, touch slider control, 9 power levels, TitanicZone, Flex Zone, Stop&Go, Booster, individualised timer, residual heat indicator and child safety lock.

FEATURES:

4 independent zones, 2 flex zones or an extra-large zone. With four independent zones, you can cook several dishes simultaneously. In addition, with the option to choose between 2 flex zones or an extra-large zone, you can use larger pans to suit your cooking needs. Its total power of 7400 W ensures rapid and efficient heating, reducing waiting time and improving energy efficiency. The innovative TitanicZone allows you to use all four zones simultaneously for cooking with cookware up to 40 cm diameter. Ideal for preparing paellas and large banquets. The Flex Zone provides the flexibility to combine two zones so you can use larger containers, adapting to your culinary needs. Its ShieldGlass finish, with matt black glass surface, not only adds a touch of sophistication to your kitchen, but thanks to its anti-scratch treatment maintains an impeccable appearance day after day, resisting intensive use. With Touch Slider Control for intuitive and precise hob operation, allowing you to adjust the temperature with a simple swipe of your finger. 9 power levels to adjust the heat setting for each type of cooking, ensuring perfect results for every dish. Stop&Go function that allows you to pause cooking and resume with the same settings. Ideal for when you need to attend to other tasks without worrying about food. The Booster function provides an extra power boost for rapid heating. Perfect for when you need immediate results. Individual timer in each zone that allows you to set the cooking time, ensuring each dish is perfectly cooked without the need for constant supervision. The residual heat indicator light alerts you when cooking zones are still hot, providing additional safety in your kitchen. Bolero Squad I 5600 FullFlex90

Cecotec Bolero Squad I 5600 FullFlex90 induction hob. Black colour with bevelled front, 90 cm wide. Double Flex Zone and XL zone, total power of 10200 W, Invisible Touch Control, Keep Warm, Stop&Go, KidLock functions and individual timer. Maximum flexibility and power in your kitchen!

FEATURES:

2 Flex Zones and 1 XL zone of 32 cm diameter: Cecotec Bolero Squad I 5600 FullFlex90 has two innovative Flex Zones and an XL zone of 32 cm in diameter, offering unparalleled versatility. These Flex Zones allow different sized cookware to be used simultaneously on a continuous surface, while the XL zone is ideal for large pots and frying pans, facilitating the cooking of large quantities of food.

Flex Zone: its two burners can operate independently or together. The Flex Zone gives you unparalleled flexibility, as its two burners can operate independently or together. This feature is ideal for adapting to any culinary need, allowing you to cook multiple dishes at the same time or use a single extended area for larger cookware, optimising the use of space and heat.

Total power of 10200 W: With an impressive total power of 10200 W, this induction hob guarantees extremely fast and efficient cooking times. Perfect for those who value speed and precision in the kitchen, significantly reducing waiting time and allowing total control over food preparation.

9 power levels and Booster function: It has 9 adjustable power levels to adapt the cooking to each recipe, in addition to the Booster function that provides an extra power when needed. This level of control and flexibility allows you to cook any dish with precision, ensuring perfect results every time.

Invisible touch control: The invisible touch control not only offers a modern and minimalist design, but also makes the appliance easy to clean and use. Its intuitive touch interface allows you to adjust settings with a simple touch, providing convenience and precision when cooking.

Keep Warm function: The Keep Warm function keeps food at the ideal temperature until serving time, preserving its flavour and texture. This is the perfect solution to keep your dishes at their optimum without the need to reheat them, guaranteeing quality in every bite.

Black colour with bevelled front: The sleek black design with bevelled front gives the Bolero Squad I 5600 FullFlex90 a sophisticated aesthetic that complements any kitchen environment. This finish not only adds a touch of elegance, but is also practical and easy to combine with other appliances.

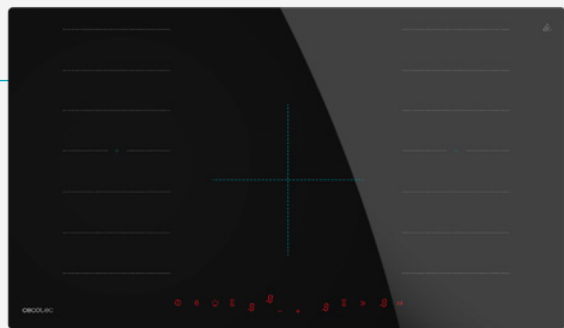

Kid Lock function: The Kid Lock function ensures safety by locking the icons to prevent children from manipulating them, creating a safe environment in the kitchen. This feature offers peace of mind and safety in households with young children, ensuring that only adults can control the hob.

Individual timer: The individual timer allows you to set the cooking time for each zone independently, avoiding overcooking and guaranteeing perfect results. This function is ideal for preparing multiple dishes at the same time with precision and without worries.

Bolero Squad IH 4500 FullFlex

60 cm 2-zone FullFlex induction hob with integrated extractor hood, ShieldGlass finish, 7360 W max. power, 14 levels with 4-level Booster function, KeepWarm, timer, residual heat indicator, Kid Lock, 650 m³/h extraction rate, 4 suction speeds with Booster function, Dynamic Air Adjustment, carbon filters, Class A, Slider Touch Control and Hidden White LED. Carbon filter and ultra-slim air evacuation kit (not included).

FEATURES:

60 cm 2-in-1 design in black glass: combines an induction hob and extractor hood to maximise usable space and give the kitchen a modern, elegant finish.

Hidden White LED display: high-visibility white digits that appear only when the hob is switched on, becoming fully integrated when switched off.

Slider Touch control: intuitive and precise operation to adjust power and functions with a simple swipe.

Total power of 7360 W: professional performance for fast, efficient cooking with even heat distribution.

14 power levels + Booster: precise temperature control and maximum instant power to bring water to the boil quickly.

Total safety and comfort: equipped with a KeepWarm function, individual timer, residual heat indicator and Kid Lock child safety lock.

Dynamic Air Adjustment: the extractor fan automatically adjusts to the cooking power and maintains a gentle post-cook operation to eliminate residual odours.

650 m³/h extractor + 4 speeds + Class A: powerful, quiet extraction with efficient energy consumption for a smoke-free environment.

Quick-change carbon filter: convenient and straightforward maintenance by removing the cover from the extraction area.

Ultra-slim metal flue kit included: optimises storage space under the worktop and facilitates integration and installation.

Choose the power you want: the hood built-in to the hob offers 3 power levels to suit your needs, and a Booster function that accelerates the suction intensity.
630 m³/h suction power: forget about smoke thanks to its high suction power of 630 m³/h.
Maximum savings in every use: thanks to its class A energy label, you will make maximum savings in every day-to-day use.
No bad smells: includes carbon filters and grease filters, ideal for eliminating both bad smells and smoke.
Touch Silder Control: touch and slide control allows you to select the desired settings with great precision and total comfort, both for the hob and kitchen hood.
Kid Lock: safety lock on the buttons to prevent children from controlling the hob and kitchen hood.
Automatic kitchen hood mode: This function allows you to automatically combine cooking power with good suction.

COMPOSITION:

Induction hob, Hood motor, extraction grille, instruction manual, mounting brackets.

Bolero Squad IH 4500

FullFlex90

90 cm 2-zone FullFlex induction hob with integrated extractor hood, 7360 W max power, 14 levels with 4-level Booster function, KeepWarm, timer, residual heat indicator, Kid Lock, 913 m³/h extraction rate, 4 suction speeds with Booster function, Dynamic Air Adjustment, carbon filters, Class A, Slider Touch Control and Hidden White LED. Carbon filter and ultra-slim air evacuation kit (not included).

FEATURES:

90 cm 2-in-1 design in black glass: combines an induction hob and extractor hood to maximise usable space and give the kitchen a modern, elegant finish.
Hidden White LED display: high-visibility white digits that appear only when the hob is switched on, becoming fully integrated when switched off.
Slider Touch control: intuitive and precise operation to adjust power and functions with a simple swipe.
Total power of 7360 W: professional performance for fast, efficient cooking with even heat distribution.
14 power levels + Booster: precise temperature control and maximum instant power to bring water to the boil quickly.
Total safety and comfort: equipped with a KeepWarm function, individual timer, residual heat indicator and Kid Lock child safety lock.
Dynamic Air Adjustment: the extractor fan automatically adjusts to the cooking power and maintains a gentle post-cook operation to eliminate residual odours.
913 m³/h extractor + 4 speeds + Class A: high-power extraction with efficient energy consumption for a smoke-free environment.
Quick-change carbon filter: convenient and straightforward maintenance by removing the cover from the extraction area.
Ultra-slim metal flue kit included: optimises storage space under the worktop and facilitates integration and installation.

NEW FOR '27

Bolero Squad IH 4500 FullFlex90 ShieldGlass

90 cm 2-zone FullFlex induction hob with integrated extractor hood, 7360 W max power, 14 levels with 4-level Booster function, KeepWarm, timer, residual heat indicator, Kid Lock, 913 m³/h extraction rate, 4 suction speeds with Booster function, Dynamic Air Adjustment, carbon filters, Class A, Slider Touch Control and Hidden White LED. Carbon filter and ultra-slim air evacuation kit included.

FEATURES:

90 cm induction hob with integrated extractor: more space, better design and a more functional kitchen.

Hidden display: white digits visible only when the hob is switched on; when switched off, it is fully integrated for a minimalist design.

Slider Touch Control: intuitive and precise control, adjusting power and functions with a single swipe.

Total power 7360 W: professional-grade performance for fast, efficient and even cooking.

14 power levels + Booster: adjust the heat with great precision and activate maximum power instantly when you need an extra boost.

Comfort and safety: KeepWarm, timer, residual heat indicator and Kid Lock for controlled and stress-free cooking.

Dynamic Air Adjustment: the extractor automatically adapts to the hob's power setting and continues to run at low speed after the hob is switched off to eliminate residual odours.

Extractor of 913 m³/h + 4 speeds + Class A: very powerful and efficient extraction for a clean, smoke-free environment.

New-generation carbon filter: quick and convenient replacement by removing the cover from the extraction area.

Extra-slim metal ducting kit included: optimises space under the worktop and facilitates integration and installation in modern kitchens.
