CECOFRY

2026

The revolution continues

Cecotec's air fryers, which changed the way we cook and have become an essential in every kitchen, continue to evolve with new technologies and functionalities that multiply their possibilities and elevate the level and sophistication of recipes. Models with a capacity of up to 12 litres, space-saving vertical designs that free up space on your worktop, featuring glass basket drawers and functions that go far beyond air frying. Now with Cecofry, you can cook with steam like a true chef, or turn your kitchen into an authentic barbecue with smoker. Discover these and other innovations to take healthy cooking to the next level.

CECOFRY&CRUNCH

Crispy on the outside, juicy on the inside.

With Cecofry&Crunch, achieve crispier, juicier results up to 30% faster. Its ultra-powerful, compact CookBoost motor, combined with the SuperCrunch function, quickly and consistently reaches up to 230°C to envelop food in intense, even heat. Thanks to its temperature probe, you can monitor the internal temperature in real time and achieve the perfect result.

ULTRA-COMPACT DESIGN

Cooks more, uses less space.

Its new ultra-compact design makes everything smaller – except the basket. Imagine an 8-litre air fryer the size of a 6-litre one¹ that produces super-crispy results. Don't lose a single gram of capacity and free up space on your worktop.

COMPACT BOOST2COOK MOTOR

Crispier, juicier, faster

Cook up to 30 per cent faster thanks to its ultra-powerful, compact Boost2Cook motor, capable of reaching up to 230°C quickly and continually.

TEMPERATURE SENSOR AND SUPERCRUNCH FUNCTION

Now you're the chef

Get your recipes spot on with its temperature probe, make the most of the Boost2Cook motor and cook quickly at 230°C for much crispier textures with its SuperCrunch function.

NON-STICK

Easy to clean and PFAS-free

Its ceramic coating is free from PFAS and PTFE; also, thanks to its non-stick properties, food doesn't stick and it's much easier to clean.

CECOFRY&CRUNCH STEAMY 7000

One Cecofry, endless possibilities

Discover a revolution in your kitchen with this 3-in-1 fryer that combines Air Fry, Steam and Combi modes to achieve results that are crispy on the outside and juicy on the inside. With a generous 7 L capacity and dual power of 1800 W for air frying and 900 W for steaming, it guarantees fast and even cooking.

10 MODES

One programme to cook everything

It covers everything from quick frying to yoghurt and even rice dishes, with no need to calculate time or temperature. Just select the mode and that's it.

3 IN 1 DESIGN.

3 cooking modes, in a single fryer

It eliminates the need for separate air fryers and steamers. With its 3-in-1 technology, you can steam, air-fry or combine both to achieve a result that's crispy on the outside and juicy on the inside.

ADJUST THE STEAM LEVEL

Steam to your liking, perfect juiciness

Adjust the steam percentage between 5–95 per cent in Combi mode and decide on the perfect texture for your meals. More steam for juicy meats, less for crispier results.

SELF-CLEANING

Easy to clean

With the self-cleaning programme, you can keep your air fryer spotlessly clean at the touch of a button. Its steam-cleaning function leaves the inside spotless, so you don't have to worry about a thing.

CECOFRY&GLASS

Explore our new range of glass air fryers

BPA
FREE

CECOFRY&GLASS CRUNCHY

Healthy food, suited to you

Redefine healthy cooking with the Cecofry Glass Crunchy, the air fryer with 2 glass basket drawers free from non-stick coatings. Its lids allow you to prepare, cook, store and reheat food directly in the same container with no need to use another one. With its 10 cooking modes and a temperature of up to 200°C, you'll have complete freedom to cook any recipe with perfect results. Choose the small or large basket drawer depending on the quantity and the dish you want to prepare.

CECOFRY&GLASS DUOHEAT 5000

See what you're cooking. Take care of what you eat.

Its borosilicate glass basket, free from chemical non-stick coatings, guarantees a more hygienic, healthier and longer-lasting cooking experience, allowing you to monitor the cooking process in real time without having to open the basket. To ensure perfect results, its 2000 W dual heating element generates 360° all-round heat that cooks food evenly on both sides, without the need to turn it over. And to make cooking even easier, its 10 programmes automatically adjust the time and temperature according to the recipe.

CECOFRY&CHEF

Bring fine dining to your home

To achieve the best results, the key is finding the perfect cooking doneness for each ingredient at the right moment. With Cecofry&Chef, you'll have absolute temperature control and the intelligence of preset programmes that guarantee optimal results in every recipe.

Achieve textures that are crispy on the outside and juicy on the inside, meat that falls off the bone effortlessly, tender fish with maximum flavour, fluffy baking and everything you can imagine.

CECOFRY&GRILL

No more turning it over!

With Cecofry&Grill, no more turning it over! Thanks to its dual heating elements, no recipe is too challenging. Pizzas with crispy crusts and golden cheese, perfectly gratinéed lasagnas, crispy and succulent fried dishes. Everything cooked to perfection - no need to turn it over!

CECOFRY&GRILL INOXPOT PRIME

Cocina más fácil y sin olores

Fabricada en acero inoxidable de alta resistencia, su cubeta garantizando una cocina más higiénica: sin olores, sin desgaste, lista para el uso más exigente. Su doble elemento calefactor de 2000 W envuelve cada alimento en un calor uniforme de 360°, logrando una cocción perfecta por ambos lados sin mover un dedo. Con 5 litros de capacidad y 10 programas automáticos, solo tienes que elegir y dejar que ella haga el resto.

CECOFRY&GRILL SMOKIN' PRIME

Air fryers with BBQ soul

Enjoy authentic grilled flavours at home. Thanks to its smoker and wood chips, you can now achieve that unmistakable smoky touch in everything you imagine. Grilled octopus, ribs, large cuts of meat, fish, all with the convenience of an air fryer.

CECOFRY&GRILL SMOKIN' PRIME

The authentic grill flavour at home

UP TO 10 FULL COLOUR MENUS

Cook all your dishes with just one touch on its full-colour touch screen. Choose the ideal menu or adjust the settings to your liking to prepare irresistible recipes effortlessly.

TRIPLE GRILL*

Achieve perfect cooking without needing to flip food over, thanks to its three large-surface grills and 2900 W, delivering powerful and surround cooking.

SMOKER

Thanks to its wood chips, add flavour to even the healthiest dishes.

GRILLING STYLE CAST IRON GRATE

Get authentic BBQ grill marks on your meats and food.

CECOFRY&GRILL DUOLEVEL

Cooks more, uses less space.

Up to 12 litres in 39% less space*.

On the worktop, every centimetre counts. The design of the Cecofry&Grill DuoLevel series with two stacked baskets achieves great combined capacity in less space. Moreover, its vertical design and dimensions are designed to fit under kitchen units.

CECOFRY&GRILL DUOLEVEL

Prepare up to 4 recipes at once

Its two racks allow uniform cooking of up to 4 layers of food.

Elevate your possibilities, cook a main dish and side or two different recipes on each rack.

SYNC MODE

Cooking in perfect synchrony

Its Sync function allows cooking two different recipes in each basket and programming them to be ready at the same time. Forget about waiting and food going cold.

COLOUR TOUCH PANEL

Perfect results with one touch

With its colour multifunctional touch panel and 10 menus, cook easily and without complications. Choose the programme and it will automatically adjust the time and temperature to achieve the ideal cooking doneness. Modes: meat, chips, pizza, chicken, fish, vegetables, baking, dehydrate, ferment and custom.

VIEWING WINDOW*

Monitor cooking without heat loss

Viewing window to monitor the entire cooking process without opening the basket*, thus avoiding heat loss and ensuring more efficient cooking.

*Available on Cecofry DuoLevel Window models.

Power taken to the next level with 4Heat.

12

CECOFRY FOODCOURT 18000 4PIZZA

Stone baking and air frying in one CecoFry

Bring versatility to your kitchen. Cecofry FoodCourt 18000 4Pizza combines the features of a conventional air fryer with those of a traditional oven. Cook everything you can imagine in a healthy and tasty way with a single appliance with its 19-litre total capacity.

30 CM

Make pizza like an authentic pizza chef

Prepare crispy pizzas up to 30 cm, the standard supermarket size, in the easiest way. With its special pizza stone, you'll achieve a crispy and perfectly cooked base, just like from a pizzeria.

CECOFRY ADVANCE 10000 FULL VISION

Peer into healthy cooking

Double viewing window, double control

For those recipes that are a feast for the eyes, Cecofry Advance 10000 Full Vision with its dual viewing window, top and front, offers complete cooking control. Monitor the cooking process at all times and easily adjust times and temperatures to achieve perfect results. Enjoy the convenience of monitoring your dishes without having to open the basket, ensuring heat retention and energy efficiency.

Divide the basket, multiply your possibilities

Divide the 10-litre basket into two independent baskets and prepare two recipes at the same time.

Fast and efficient cooking

Its great power of 2200 W ensures fast and efficient cooking for all types of recipes.

Crispy pizzas

Prepare the most authentic pizzas on its griddle and achieve crispy and golden bases.

Touchscreen with 12 menus

Simply select the menu that best suits your recipe on its colour display and let it do the work. Cecofry automatically selects the time and temperature to achieve the perfect cooking doneness.

Capacity and formats for every need

Vertical configuration designs with up to 12 litres capacity, and horizontal designs with up to 11 litres in a single basket. Large basket options for cooking large pieces, with the flexibility to split them into two independent smaller baskets, amongst other possible configurations. Cecofry offers multiple options to suit every user's and family's needs.

Split basket

Enjoy great versatility thanks to its up to 11-litre basket that splits in two. Choose the option that perfectly suits every occasion and enjoy a tailored design.

Single basket

It adapts to you and your recipes with its different capacities, so you can cook large pieces or larger quantities in a single batch.

Double basket

Double your cooking possibilities with its design featuring two fully independent baskets.

Technologies that improve everything

DUAL HEATING ELEMENT

Perfect recipes in less time and without flipping food over

Enjoy perfect results and forget about having to turn the food over thanks to its dual heating elements¹ positioned at the top and bottom to ensure even cooking.

VIEWING WINDOW

Complete control without opening the basket

Its unique display design allows you to monitor all cooking operations during preparation without having to take the basket out, thus avoiding heat loss and making cooking more efficient.

FULL COLOUR DISPLAY

More intuitive.
More convenient.

Designed so you don't have to worry about anything. Its colour touch screen visually displays each mode accompanied by an image of the expected end result. Cook with just one touch and enjoy the most delicious recipes in the most convenient way.

SMOKER

Elevate the flavour of your recipes with a smoky touch

With its wood chips and built-in smoker, achieve that unmistakable smoky BBQ flavour in your recipes with ultimate convenience.

range™

Cecofry&Crunch 6500

6-litre air fryer with a BLDC motor and a maximum temperature of 230°C for perfect, golden results. Includes a temperature probe for meat, a pellet smoking function and ceramic finishes. Its compact design maximises countertop space whilst delivering professional-grade performance.

FEATURES:

Crispier and juicier. Cooks 30% faster with a 2150 W CookBoost motor that allows precise control of the air speed, optimising air circulation according to the type of food to provide perfect textures in record time.

Cooks more, takes up less space. Compact design with an 6 L capacity, thanks to the small size of the CookBoost motor, which offers ample capacity in a much more compact body than a standard air fryer.

Provides perfect results. It features a built-in temperature probe for chefs, allowing you to cook meat and fish to perfection.

Add a gourmet touch to your meals. A smoking function using wood chips adds that authentic smoky aroma and flavour to your dishes.

Achieves super-crispy textures. Reaches up to 230°C. This temperature exceeds the limits of conventional fryers, making it ideal for achieving a perfect sear, a deep, golden brown finish and an extremely crispy texture that make all the difference with every bite.

Even heat distribution. The ceramic-coated basket and grill promote better heat distribution for a uniform and golden finish, while also offering superior durability and ease of cleaning.

Adjust the speed to suit the recipe. Speed control linked to the CookBoost motor, which adapts the fan performance according to the recipe for perfect cooking.

Professional results at home. Designed for those seeking greater control and performance, this air fryer combines power and precision to deliver a premium everyday cooking experience, raising the bar for healthy, oil-free cooking.

Total control at the touch of a button. An intuitive and modern touchscreen panel for easily managing all advanced functions, from the probe to the smoker.

Versatile and healthy cooking. Fry, bake, roast and smoke with minimal oil. Mantén todo el sabor y los nutrientes de tus ingredientes favoritos, reduciendo grasas y calorías sin renunciar a texturas profesionales.

COMPOSITION:

Product, probe, instruction manual

Cecofry&Crunch 8500

8 L BLDC motor and 1800 W with dual heating element. Adjustable temperature and timer. Colour display and viewing window.

FEATURES:

Crispier and juicier. Cooks 30% faster with a 2150 W CookBoost motor that allows precise control of the air speed, optimising air circulation according to the type of food to provide perfect textures in record time.

Cooks more, takes up less space. Compact design with an 8 L capacity, thanks to the small size of the CookBoost motor, which offers ample capacity in a much more compact body than a standard air fryer.

Product, probe, instruction manual

Cecofry&Crunch Steamy 7000

3-in-1 air fryer with steam and combi functions, viewing window and 10 preset programmes. 7-litre capacity, 1800 W power.

FEATURES:

Choose the cooking method for your recipes. 3-in-1 technology: Air Fryer, Steamer and Combi. You can air-fry without oil, steam cook, or combine both methods to make dishes that are golden and crispy on the outside, yet extraordinarily juicy on the inside.

Healthy steam cooking. Integrated water tank and steam cooking feature, with a water tank at the top that feeds an instant steam generator. Preserves nutrients, flavours and textures better.

Great power. 1,800 W in air fryer mode and 900 W in steam mode for rapid, intensive heating. Generates a constant airflow that reduces waiting times and optimises energy consumption. A programme for every recipe. 10 automatic programmes (DIY, Air Fry, Roast, Grill, Frozen, Bake, Ferment, Preheat, Reheat and Warm) to precisely adjust the time and temperature for each ingredient at the touch of a button.

Full control for precise cooking. Up to 200°C and an adjustable timer (up to 24 hours in fermentation/DIY modes). It gives you complete control over your cooking, adapting to everything from gentle dehydration or fermentation to intense roasting.

Advanced functions for perfect results. Flip reminder and automatic preheat: an audible and on-screen reminder ("Turn Food") halfway through cooking to flip the food, and a preheat mode that ensures more consistent results, just like a traditional oven.

One-click cleaning. An automatic self-cleaning function that circulates water or a descaling solution to disinfect and clean the drainage system, as well as softening any residue in the basket using steam.

Control at a glance. Viewing window with interior light, allowing you to monitor the exact stage of cooking without having to open the basket or lose heat.

Ideal for rice dishes and steamed dishes. Includes a metal basket drawer with a handle, specifically designed for preparing rice dishes, stews or fish using the steam function to cook food in its own juices or stock in the basket itself. Expands the possibilities of steam cooking without leaving the base dirty.

Cecofry DuoLevel 12000 4HEAT

10-litre air fryer with two separate baskets (6 and 4 litres), 4 heating elements, a BLDC motor, viewing windows and 10 programmes. 2750 W power

FEATURES:

4-heating-element technology. It features four heating elements (top and bottom in each basket) for 360° all-round heat distribution, cooking food evenly on both sides and eliminating the need to turn the ingredients.

Dual baskets with a total capacity of 10 L (6 L + 4 L). Versatile design with two separate baskets of different sizes, allowing you to cook two different dishes simultaneously, with individual time and temperature settings to synchronise the cooking processes.

High-efficiency, durable BLDC motor. Equipped with a state-of-the-art brushless motor that delivers a constant and powerful airflow, significantly quieter operation, lower energy consumption and a longer service life, while taking up less space.

High power of 2750 W. Superior thermal performance ensures ultra-fast and consistent heating in both baskets, reducing waiting times and achieving a golden, crispy finish on the outside while keeping the food juicy on the inside.

Double viewing window. Both baskets feature transparent viewing windows and interior lighting, allowing you to monitor the exact cooking stage of your food in real time without having to open the baskets and lose heat.

10 multifunction automatic programmes. It includes pre-set programmes (Air Fry, Roast, Frozen, Bake, DIY, Grill, Defrost, Reheat, Ferment and Warm) that automatically adjust the time and temperature according to the type of recipe.

Easy cleaning and maintenance. The baskets and racks with a non-stick coating are easy to remove and are dishwasher-safe, making it easy to remove grease and residue after each cooking session.

Cecofry&Glass DuoHeat 5000

Beige

5 L air fryer with glass basket, dual heating element, removable handle and 10 menus. 2000 W power.

FEATURES:

Healthy cooking with full visual control. Borosilicate glass basket with no chemical non-stick coatings that could wear over time, guaranteeing maximum durability and a more hygienic cooking process. Its fully transparent design lets you monitor cooking in real time without opening the pot or losing temperature.

Dual heating element with 2000 W of power. Features a 1500 W upper heating element and a 500 W lower one that generate an enveloping 360° heat flow. This cooks food evenly on both sides without the need to turn it constantly.

Large 5-litre capacity. An ideal size for cooking generous portions for the whole family or preparing several servings at once, quickly and efficiently.

10 automatic multifunction programmes. Includes preset menus (Air Fry, Roast, Bake, Grill, Frozen, Defrost, Reheat, Ferment, Warm and DIY) that automatically adjust time and temperature to suit any type of recipe.

High-precision thermal control up to 200°C. An adjustable temperature range of up to 200°C allows for everything from gentle functions such as proving or defrosting to intense browning and crispy finishes with minimal oil.

Ergonomic removable handle. A detachable handle design makes the basket easy to handle, reducing the space needed for storage or for serving directly at the table.

Advanced thermal protection on the handle. Features a protective plastic cover over the handle mechanism to insulate against heat and provide a secure grip, preventing burns during handling.

Quick, dishwasher-safe cleaning. The basket is fully dishwasher-safe, making it effortless to remove grease and residue after every use.

Cecofry&Glass Crunchy XL

7 L air fryer with double glass basket (3.5 L + 3.5 L), dual heating element (2 x 1200 W) and 12 menus. 2400 W power.

FEATURES:

High 2400 W power with dual heating elements: fitted with two independent 1200 W heating elements (2 x 1200 W), this system guarantees fast, even distribution of hot air, efficiently achieving results that are crispy outside and juicy inside.

12 preset cooking programmes: enjoy absolute simplicity at the touch of a button. Includes 12 automatic menus that adjust the ideal time and temperature for cooking everything from chips, meat and fish to baked goods, vegetables or dehydrated food.

Precision temperature adjustment up to 200°C: its wide adjustable temperature range reaches up to 200°C, letting you brown, roast and fry with a perfect finish, or keep food warm or reheat your recipes with total control.

Dishwasher-safe glass baskets: designed to make your life easier, their high-quality materials make for quick, hygienic cleaning. They are fully dishwasher-safe, preventing built-up grease or ground-in dirt.

Intuitive touchscreen, easy to control: features a modern, highly intuitive touch control panel, from which you can select programmes, adjust temperatures and set times precisely at the touch of a button.

Healthy, efficient, low-consumption cooking: enjoy all your favourite recipes while using minimal oil, for much healthier, crispier, tastier dishes, while also reducing energy consumption thanks to fast hot-air circulation cooking.

A32_EU01_137744

Cecofry&Glass Steamy XXL

3-in-1 10 L air fryer with double glass basket (4 L + 6 L), direct steam function (150°C), 10 programmes and self-cleaning. 2000 W power.

FEATURES:

3-in-1 versatility (Air, Steam and Combined). Combines Air Fryer, steam (Pure Steam) and grill technologies to cook dishes independently or in combination, achieving golden, crispy results outside with a tender, juicy interior.

10 automatic preset programmes. Features 10 cooking modes (DIY, AIRFRY, ROAST, GRILL, FROZEN, DEFROST, FERMENT, PREHEAT, REHEAT and WARM) that automatically adjust the ideal temperature and time for each recipe, so there's no need to guess the settings.

High-temperature direct steam. Direct steam injection system reaching up to 150°C, ideal for retaining the juiciness and nutrients of meat, fish and vegetables.

Glass basket with 360° visibility. A transparent container that lets you monitor the exact cooking stage at all times without interrupting the process or losing temperature.

Double XXL capacity (4 L + 6 L). Includes 4 L and 6 L glass containers to suit both individual portions and large family meals.

High 2000 W power. A high-power motor that ensures rapid temperature rise and a constant flow of hot air for crispy, golden results in less time.

100% toxin-free cooking and storage. Glass basket with no chemical non-stick coatings (PFAS-free), suitable for storing directly in the fridge without dirtying other containers.

Self-cleaning function (Auto self-cleaning). Uses the power of steam to make it easy to remove grease and food residue with minimal effort after every use.

Cecofry&Grill Inoxpot Prime

5 L air fryer with stainless steel basket, dual heating element, removable handle and 10 menus. 2000 W power.

FEATURES:

High-strength stainless steel basket. A pot made from high-quality stainless steel that offers excellent heat conduction, maximum durability and superior resistance to continuous daily use, ensuring hygienic, odour-free cooking.

Dual heating element with 2000 W of power. Features a 1500 W upper heating element and a 500 W lower one that generate an enveloping 360° heat flow. This cooks food evenly on both sides without the need to turn it constantly.

Large 5-litre capacity. An ideal size for cooking generous portions for the whole family or preparing several servings at once, quickly and efficiently.

10 automatic multifunction programmes. Includes preset menus (Air Fry, Roast, Bake, Grill, Frozen, Defrost, Reheat, Ferment, Warm and DIY) that automatically adjust time and temperature to suit any type of recipe.

High-precision thermal control up to 200°C. An adjustable temperature range of up to 200°C allows for everything from gentle functions such as proving or defrosting to intense browning and crispy finishes with minimal oil.

Ergonomic removable handle. A detachable handle design makes the basket easy to handle, reducing the space needed for storage or for serving directly at the table.

Advanced thermal protection on the handle. Features a protective plastic cover over the handle mechanism to insulate against heat and provide a secure grip, preventing burns during handling.

Quick, dishwasher-safe cleaning. The basket is fully dishwasher-safe, making it effortless to remove grease and residue after every use.
